

4-H programming expands future opportunities for county youth.

Meet Cody Damme, a University of Nebraska-Lincoln freshman and Kiewit Scholar. Cody is a 4-H alum that participated in various program areas throughout his 4-H career, including Science, Engineering, & Technology's rocketry projects. His experiences through 4-H, including an Extension Big Red Camp, spurred his interest in building structures and engineering design. Cody is an example of the problem solvers and leaders that 4-H is building in Otoe County and beyond.

Programs At-A-Glance

- Otoe County 8th graders had the opportunity to hone their leadership skills by evaluating their personality with Extension's Leadership Summit.
- Otoe County high schoolers experienced what life will be like after graduation, through Extension's Connecting the dots program which provides real-life job interview experience.
