

Nebraska 4-H Animal Project Record

Project	Yea	ear Years in Project
Name A	Age	Name of 4-H Club

Project Goals:

The first step of a successful project is to set project goals and steps to achieve your goal. Each goal should contain three parts: action, results and timetable. Example: (Action): I want to learn, (Results): the body parts and retail cuts of meat from a market beef, (Timetable): before county fair. The steps are the activities we do in the project to reach our project goal before the end of our timetable.

My Project Goals					
What I Did	What I Learned	Time Spent	Special Help (i.e. people, books, internet)		
Project Highlights/Challenges/Unusual or Unique Experiences					
What would you like to do next year in this project?
