Real World—Money
March 31 & April 1, 2016
9:00 am to 2:30 pm
Lifelong Learning Center, Norfolk, NE

This interactive financial management program is designed to help 7th grade and 8th students become better prepared to make financial decisions as young adults.

Schools should bring one adult for every ten students. Teachers/adults will work with students to develop financial skills and put them into practice throughout the day in a real world simulation.

The student will:
• Experience a real life simulation where they can express their views on financial resources and learn the impact of the views on future decisions.
• Explore careers and resources that are available.
• Be able to make wise credit choices.
• Gain a better understanding of family finances.
• Realize the limits of financial resources both within the family and as a young adult.
• Have fun learning together.

Schedule of Events
• 9:00 am Registration
• 9:30 Program Block I or II
• 11:30 Lunch
• 12:00 pm Program Block II or I
• 2:00 Group Processing and Evaluation
• 2:30 Safe Trip Home

Program Block I:
• Real World—Money (2 hours)
Students will participate in a real life simulation where they are individuals or families managing in the “REAL WORLD.”

Program Block II:
• Credit for Today (1 hour)
Students will learn the impact of credit used today on lifestyle tomorrow.
• Money and Your Career (1 hour)
Students will learn the importance of choosing a career and how it impacts their future.

Note: Students are divided into 2 groups. Both groups will participate in both program blocks, alternating between Block I & II.
