

# 2024 4-H Project Goals

## What is a 4-H goal?

A goal... is deciding what you want to do and learn in a 4-H project. Think of it like a map of the year. January is a great time to start thinking about what you want to learn this year!

A way you can set goals is by using the 3 part method. The three parts are:

**Action:** HOW are you going to do it?

**Result:** WHAT are you going to do?

**Timetable:** WHEN are you going to do it?

Example goal setting:

Action	Result	Timetable	Who will help me?
I want to learn	about my bucket calf's nutritional need	before county fair.	Dad
I want to participate	in 4-H workshops	this summer.	Extension Staff
I want to make	a tie blanket for nursing home residents	by June 1st.	Mom

Another great way to set goals is the S.M.A.R.T. acronym. Specific, Measurable, Achievable, Relevant, and Time.

Now it's your turn. Create three goals for this upcoming 4-H year.

Action	Result	Timetable	Who will help me?
