Home Garden Food Basket Display

This exhibit is a quality selection of from 6-10 different kinds and/or varieties of mature vegetables and/or fruits. Amounts of vegetables & fruits in this exhibit should be such that they can be arranged in a neat and orderly manner and have good eye appeal. There must be enough of each vegetable or fruit for the judge to determine quality.

All vegetables and fruits exhibited must be grown by the FFA member as a part of an approved SAE program. One (1) entry per exhibitor.

Any combination of vegetables and fruits may be used. Those not listed in the catalog may be included. The exhibit must be a container such as a basket or box. It may be covered with a clear plastic cover but judges must be able to handle produce to determine quality.

One-third of the judging will be on how well the exhibit is prepared and presented. Packing, such as paper, straw or cloth, may be used but the vegetables and fruits should be the main attraction of the exhibit.

M191 - Home Garden Food Basket Display (single exhibitor)

M192 - Chapter Garden Food Basket Display

Pay Code 200

House Plants

All plants must be in the possession of the FFA member for at least the immediate past 90 days as a part of an approved SAE or laboratory project.

FFA members may exhibit a total of 10 entries from Class 3 (House Plants) with only 1 (one) entry per sub class. (Examples – only 1 Angelwing Begonia from 9100, only 1 Coleus from 9103, only 1 African Violet from 9120, etc)

One (1) container per entry, with saucers, if there is a drainage hole in container. NO WATERING without a saucer.

Judging will be based on color, condition, foliage and/or flower, correct name, culture, perfection, quality, maturity, and shape.

Plants should be properly prepared. This means the plant should be well-rooted in a container appropriate for the size of the plant. Plants should not be root-bound or pot-bound.

Plants must be groomed for exhibition. Clean with water only. Plants should be free of diseases, insect damage, insect free, no wax, or any artificial additives.

Stake a label into soil, listing cultural instructions of how you grew this plant. List water requirements (such as dry, semi-dry, damp); life requirements (sun, semi-shade, shade); and how this plant was propagated (bought, stem cutting, lead cutting, seed, etc.) Please make printing 1/4" tall or taller. Plants without this information will not be evaluated. Label may not be of such a size as to

obscure viewing of plant. ("Water when dry" not explicit enough).

The exhibit is judged on the quality of the plant, not the container. Elaborate and expensive containers will not be considered in the judging of the plant.
