

Cherry County 4-H Foundation Grant

2023 Application

The purpose of the 4-H Foundation is to act as an integral support system of 4-H programs and youth in Cherry County. The goal of the foundation is to develop leadership and to stimulate interest in lifelong learning, while encouraging the betterment of Cherry County and its communities.

Funds generated by the Cherry County 4-H Foundation are to be used for adult and youth trainings, program development and acquisition of equipment to benefit 4-H and youth.

Examples of successfully funded projects:

Archery equipment

Dog agility course materials

Robotics kits

Tips for a successful application:

- Your request should show how most, if not all, Cherry County 4-H members/families could have access to the project and benefit from it.
- Does your project show long-term impact? One time experiences, travel, etc. are not the goal of this grant. Quality materials and training experiences that lead to years of enhanced programming are favorable options.
- Avoid requesting funds for community service projects that are conducted by 4-H groups, but don't directly impact 4-H members and families. Organizing a club fundraiser to support such a project would be more appropriate.
- Plan to include youth at the presentation to the Foundation Board – we love to hear from them!

*Applications should be received no later than **Friday, March 13, 2023**. Applicants are asked to meet with the Foundation at the annual meeting on March 8 at the Extension Office. Applicants will be contacted with an appointment time, starting at 7:30 pm CT. Please email or hand-deliver your application to the following address:

Successful grant project leaders are expected to organize a project table display for Achievement Night in the Fall. Project representatives must be available to visit with the public about the experience at this event. NEW this year – grant recipients must also submit a short written report to the Foundation prior to the annual March meeting the following year. This form will be provided with the notification letter sent to recipients.
