Gage County Extension
Nicole Stoner
(402) 223-1384 or
email nstoner2@unl.edu

Extension is a Division of the Institute of Agriculture and Natural Resources at the University of Nebraska–Lincoln cooperating with the Counties and the United States Department of Agriculture.

Nebraska Extension educational programs abide with the nondiscrimination policies of the University of Nebraska–Lincoln and the United States Department of Agriculture.

Schedule

(subject to change)

8–8:30am Registration & Refreshments

Come early for an informal visit with presenters.

8:30–9am Opening: Welcome & Local Items of Interest

9–10:15am New and Emerging Insects

Learn about upcoming insects and what the Nebraska Department of Agriculture Entomology Program can do for commercial horticulture professionals.

Libby Smith & David Nielsen,
Nebraska Department of Agriculture

10:30–11:30 Avoiding Tree Risks by Starting Right

Cultural practices are often done incorrectly and can increase development of tree risks. Learn proper tree selection, planting, staking, cultural care and pruning.

Speaker: Graham Herbst
Nebraska Forest Service

11:30–12:15pm Lunch

Provided with registration. Connect with presenters and network with other attendees.

12:20–1pm Disease Identification Contest

1–2:15pm Changing Turf Recommendations

Learn which recommendations new research has adjusted related to turfgrass care. Go beyond one-size-fits all recommendations with high/medium/low turf care.

Speaker: Bill Kreuser
UNL Turf Department

2:30–3:15pm What Are Weather-Ready Landscapes?

Learn climate-change predictions for Nebraska and how these can affect plants/landscapes. Macro and micro-climates also affect the growing environment of plants. Learn practices that can be used to help make landscapes “weather-ready” and less impacted by weather extremes.

Speaker: Nicole Stoner
Gage County Extension

3:15–3:30pm Closing: Announcements & Drawing
