

Cass County

2021 Impact At-A-Glance

Brought to you by Nebraska Extension

cass.unl.edu

4-H Ambassadors attended a weekend retreat at the University with other county 4-H Ambassadors and Educators to learn from peers and professors to prepare them for their year ahead as 4-H advocates.

Meet the 2021 Cass County 4-H Ambassadors: Jenna, Shawn, and Marissa. These youth developed leadership skills through several hands-on experiences. As 4-H Ambassadors, they interviewed with media outlets, organized educational booths at events, and shared their 4-H story with the community. "At first, to me, 4-H meant doing projects. Eventually, I discovered that relationship building and responsibility was what I was actually learning. It's rewarding in the sense that we get to be leaders to people our age and also adults. [We] share what we know and teach the younger 4-Hers." - Jenna Muntz

Programs At-A-Glance

- In partnership with the State Budget Administrator, Rural Prosperity Nebraska Educators contacted city village officials to assist them in claiming their American Rescue Plan Act.
- Cass County gained 2 new master gardeners who completed 240 hours of training which included helping establish a new enrichment garden consisting of 12 4x4 beds.

OVER 50%
age-eligible youth in Cass County were reached by 4-H programs

395 youth were reached through 11 different school enrichment lessons

200+
Cass County youth participated in short-term special interest programs
