Workforce Housing is at a shortage for our community and with Nebraska Extension's help and guidance we are able to assist our Economic Development with creating infrastructure for their future subdivision

“Shawn Kaskie was vital in helping the City of Broken Bow receive ARPA funds to assist with our infrastructure development for a new subdivision in Broken Bow. As the City Administrator of Broken Bow, I am extremely grateful for people like Shawn that work in and care about our community as much as we do! The City of Broken Bow is set to receive a total of \$618,000 with \$309,000 that has already been received and another \$309,000 to be received in August of 2022.” - Dan Knoell, Broken Bow City Administrator.
