

# Boone & Nance Counties Impact At-A-Glance

Brought to you by Nebraska Extension

[boone-nance.unl.edu](http://boone-nance.unl.edu)

Nebraska Extension is empowering young people to find their passion or discover their spark through 4-H.

“Without 4-H, I’m not sure I would have found my spark,” states Nance County 4-H member, Paige Wood. Through her experiences in 4-H, Paige helped her team place fourth in the National 4-H Horticulture Judging Contest. Paige was elected Vice-President of the National Junior Horticulture Association and was Champion of the 2022 National Floral Design Contest. Paige has represented 4-H on all levels from leading local 4-H workshops and exhibiting livestock at the county fair to showing cattle and competing in contests at the state level. She participated in 4-H Conference and Congress.

## Programs At-A-Glance

- “When a 4-H’er has that ah-ha moment and finds their spark, it’s exciting to see where that spark takes them in the future.” - *Extension Educator*
- 100% of 3rd graders in Boone and Nance Counties know more about agriculture and safety after participating in a series of educational sessions at the Annual Ag Safety Day.

# 260

youth received Grab & Go kits focusing on STEM and traditional 4-H project areas.

# 1 IN 3

youth in Boone & Nance Counties were reached through 4-H and Youth Development Programs.

# 94

Ag producers were trained and licensed for private pesticide application.
