

# Frontier County

## Impact At-A-Glance

Brought to you by Nebraska Extension

Frontier.unl.edu

Frontier County 4-H is helping **GENERATIONS** of 4-H families “thrive” by reaching **90%** of Frontier County’s youth!

Meet the Oberg Family! 3 generations have been impacted by 58 years of 4-H. Grandpa & Dad were involved in livestock, rope, & ag basics-skills they still use today. Grandma and Mom enjoyed sewing, cooking & photography projects which instilled the importance of finishing what they start. 4-H teaches their family time management, prioritizing & managing stress by being organized. 3rd generation 4-H'er-Skyler says “4-H has taught me skills that I can utilize as a teacher. I have learned to be patient and flexible, that you don’t always get things right the first time, but you do not quit.”

### Programs At-A-Glance

- Coffee with A Forester-5 NE Forester Specialists taught Windbreak Care-Renovations, Insect and Disease. “Good needle blight info! I plan to ask for guidance.” - *Attendee*
- 6th Annual Agronomy Youth Field Day in partnership with NCTA, Bayer Crop Science, & Ag Valley Coop. 91% increase in weed ID knowledge. 77% attendees felt event was very hands-on.

# 30,219

Crop & pasture acres represented by 28 Frontier Co. Pesticide Training attendees. 3 were 1st timers.
