

Sheridan County 2024 Impact At-A-Glance

Sheridan.unl.edu

4-H member receives Walter Scott Junior Pathway Scholarship at Milford, NE. This scholarship is a two-year scholarship covering tuition, fees, room and board.

Since Caleb Heck was a 4-H member, he automatically qualified for the career pathway scholarship. When asked questions during his interview, he was easily able to answer them due to his 4-H involvement. He spoke about offices he has held through his 4-H club and community service activities such as trash pick up days, planting flowers, and decorating nursing home residents' doors. Caleb was chosen out of 50 applicants for the John Deere Diesel Mechanic career pathway scholarship. The interviewers told him he was exactly what they were looking for in a recipient. Caleb's family believes that he was only given this amazing opportunity because of 4-H and the skills he gained from being a 4-H member.

Programs At-A-Glance
Pasture Lease workshop helps producers understand cash rental rates and common lease provisions. 90% of participants reported gaining a better understanding of pasture leases.
