**DNA/Nomination Information**

**Step 8:** Select the species, counties and exhibitors that the nomination applies. If you have multiple children in your family, select all exhibitor names that the nomination would be eligible under. Select the division(s) you wish to enter the animal under and complete all the required nomination fields based off of the organization’s specific animal ID guidelines. You are able to select both breeding and market divisions at this time. In order to complete the nomination, you will need to select the “State Fair Nomination” box. By selecting the box, it will trigger a \$7.00 nomination fee for each nomination. *(Note: all animals nominated for State Fair must have a DNA hair sample pulled and submitted to your local Extension Office.)*

Click “Add Nomination” after completing all the requirements for your nomination entry. You will receive a 5 Digit number (see below) to write on the DNA Collection envelope or personal records. You can record this number for your records. Repeat Step 8 for all animals you wish to nominate. **Note: For users using a cellphone, please scroll across your screen as the “Record Animal ID” pop-up may not be initially visible, and families believe the nomination was not created when it had been accepted.**

When finished nominating your animals, click “Cancel” to return to the Nomination Tab.
