GOALS OF THE SALINE COUNTY AG. SOCIETY

Promoting Good Sportsmanship: Is an important part of life and the competition a fair provides, in livestock competitions, static, motorsports, and rodeo provide great learning opportunities. Competitors enjoying what they are doing with proper consideration for fairness, ethics, respect, and a sense of fellowship with other competitors make a great experience for everyone. If we approach the competitions to have fun and enjoy what we do, everyone will be a winner. Poor sportsmanship by exhibitors, parents, and spectators WILL NOT BE TOLERATED.

To Provide Entertainment: For residents of Saline County and the surrounding area. For as long as anyone can remember the fair has provided some level of entertainment whether it be watching kids, grandkids, neighbors, or professional acts. We aim to provide honest competitions, and enjoyable entertainment for almost anyone. Enjoy your entertainment choice of music, motors, livestock, or carnival.

Safe and Accessible Facilities: Are our goal for you. If you see something that needs addressing, please let us know so everyone can have an enjoyable experience at the fair.

RULES & REGULATIONS

The management of the Saline County Fair and Agricultural Society reserves the final and absolute right to interpret these rules and regulations and to arbitrarily settle and determine all matters, questions, and differences in regard hereto or otherwise arising out of or connected with or incidental to this Fair, except 4-H exhibits whereas the Extension Educators and 4-H staff interpret the rules governing those entries.

Errors, additions, and omissions are apt to happen, and corrections may be necessary, but in no way is intended to mislead any participant.

Rules can be amended by a unanimous vote of the Board of Directors present.

OPEN CLASS EXHIBITS

May be from any Nebraska resident. (See age limits on livestock entries below), with entry limits as outlined in junior rules unless specified differently. Special awards referring to Best of Saline County will be limited to entries from Saline County residents.

ENTRIES

All entries should be made with the proper authorities by the time(s) and/or date(s) stated in this fairbook. Livestock and all other entries are due as stated in their respective areas in this fairbook.

REJECTION OF ENTRIES

Superintendents reserve the right to reject any entries.

RELEASE OF ENTRIES:

All entries are to remain on exhibition until the stated release time(s) in this fairbook. Exhibits leaving early will forfeit premium and be subject to further penalties at the discretion of the Ag. Society

4-H, FFA, OPEN CLASS STATIC ENTRIES (NON-ANIMAL)

All 4-H, FFA, AND OPEN CLASS static entries will be released from 12:00 PM (NOON) on Sunday and must be picked up by 4 pm.

4-H, FFA, AND OPEN CLASS RABBITS & POULTRY will be released beginning at 12:00 PM (NOON) on Sunday.

ALL 4-H, FFA, AND OPEN CLASS BEEF, GOATS, SHEEP, AND SWINE WILL NOT BE RELEASED UNTIL AFTER THE CONCLUSION OF THE LIVESTOCK PREMIUM AUCTION. TENTATIVE RELEASE TIME FOR THESE ANIMALS IS 3 PM ON SUNDAY.

LOSSES AND/OR DAMAGES

The management will use diligence to ensure the safety of articles, property, or livestock after their arrival, but in no way will they be held responsible for any loss or damage that may occur, nor will any officer or employee of the Fair be permitted to negotiate insurance or to make any guarantee whatsoever regarding the same. Property owners desiring insurance against fire or other protection must make their own arrangement.

The Saline County Ag. Society and Extension Office are not liable for any damage, disease, or disappearance of/to any animal(s) exhibited.

PROTESTS

Protests shall be filed with the Agricultural Society Secretary within 24 hours of alleged infraction. A required \$20 deposit will be returned if sustained or forfeited if the protest is not sustained. The protest shall be filed in writing and notification of outcome will be given in written form. An informal protest hearing will be held with the accused offender, the protester, and the acting Superintendent each allowed to make a verbal statement. At the earliest opportunity to gather, the Protest Committee comprised of the Agricultural Society President, Ag. Society Vice President (or ranking officer not related to said infraction), 4-H Council President, a Saline County Extension Educator, and one of the County FFA Advisors, the protest will be resolved. The committee will meet no later than Monday immediately following the Fair. The decisions of the Protest Committee are final.

JUDGES

Judges are requested to read carefully the general and special rules under which this fair is managed prior to entering upon their duties and to especially note and mark those rules bearing on the classes to be judged by them. Ignorance of the rules on the part of any judge is inexcusable. Judges must not award prizes to an unworthy exhibit. It is the intention of the management that no premium or distinction of any kind shall be given to any animal or article that is not deserving. This rule must be adhered to whether there is competition or not.

Judges shall report to the superintendent any exhibit or exhibitors who in any way, whether in person or by agent or servants, interfere with doing their work or show any disrespect to them.

In the case that three judges are needed in making an award, the decision of the two (majority) shall be conclusive.

The decision of the judge is final, no video replays.

CLAIM FOR INJURY

No claims for injury to any person or property shall be asserted, nor suit instituted or maintained, against the Saline County Agricultural Society, its officers, or their agents, representatives, servants, or employees having license or privilege to exhibit on the fairgrounds or occupy space thereon.

If any damage, loss or injury to persons or property shall be caused by reason of neglect or willful act of any person, firm or corporation or their agent, representatives, servants, or employees having license or privilege to exhibit on said fairgrounds, or occupy space thereon, the Saline County Ag. Society shall in no manner be responsible therefore, and in case it is subjected to any expense or liability, all persons causing same or liable therefore, shall indemnify the Saline County Agricultural Society.

AUTOMOBILE PARKING

All automobiles will be required to park in the place designated by those in charge of parking. The fair management assumes no obligation and no liability for any theft or damage that may occur to personal automobiles and stock trailers.

OFF-ROAD VEHICLES (ATV AND SIDE-BY-SIDES)

Off-road vehicles such as ATV's and Side-By-Sides are illegal to be used at the fairgrounds as they are not licensed vehicles for public property. No Off-Road Vehicles (ATV's and Side-By-Sides) shall be used unless authorized by the Agricultural Society.

The Saline County Agricultural Society, Inc. is not responsible for any damage or injuries incurred from or to Off Road Motorized Vehicles (ATV's and Side-By-Sides), their drivers, passengers, or owners.

BICYCLES

Fair exhibitors are NOT allowed to have or ride bicycles on the county fairgrounds for safety purposes. The Saline County Agricultural Society, Inc. is not responsible for any damage or injuries incurred from or to bicycles, their drivers, passengers, or owners.

BUILDINGS, GROUNDS, AND VENDORS

Parties desiring to erect buildings for exhibits or concessions must submit plans and specifications to the board of managers and receive approval before such buildings can be erected. Booths and lots for exhibitors showing machinery, appliances, etc. will not be reserved unless the application is accompanied with the required fee. All applications for booths and lots should be sent directly to the Secretary of the fair. In the event the applicant fails to participate, payment will be forfeited to the Saline County Agricultural Society unless the applicant notifies the secretary of the fair of their intentions not to participate five days in advance of the opening date of the fair.

The set up is Wednesday at NOON and MUST be set up and operational by 4 p.m. on Wednesday.

Tearing down is done after 7 pm on Saturday.

No space may be reassigned or sublet without the written permission of the secretary of the fair.

The Saline County Fair management reserves the right to move an exhibitor or concessionaire to a different location, should it prove necessary because of previous commitments or for the best interest of the fair.

The Saline County Agricultural Society will in no way be held responsible for any debts acquired by an exhibitor or concessionaire.

USE OF DRONES

No Drones are allowed to be in use during the fair or any Ag. Society sponsored events.

SUPERINTENDENTS

All superintendents are required to furnish the secretary with reports of receipts and expenditures of their departments.

SECURITY

The management shall have supervision of this department at all times. Any person who shall fail to perform the duties assigned him or who shall leave post of duty without permission to do so shall be immediately discharged and forfeit such part of their salary as the board may direct. All officers and policemen shall be sworn in as conservators of the peace and it shall be their duty to arrest any person creating a disturbance or violating any of the rules and regulations of this fair or the laws of the state. Fast or reckless operation of any form of transportation is strictly forbidden. The police department has been requested to deal severely with any person or persons violating this rule.

Any exhibits reported missing without the advance knowledge of the Ag. Society will be handled like any other crime.

SOLICITORS

No soliciting or begging of any nature whatsoever will be permitted on the grounds.

ALCOHOL/DRUG POLICY

The use and/or possession of alcohol in any form (beer, wine, hard liquor) or other MOOD-ALTERING SUBSTANCES (not under physician's prescription) in the Saline County Fair Buildings during the fair by 4-H and FFA program participants is prohibited. Infraction of the rules may result in dismissal from the event, the withholding of premiums, or other disciplinary action as decided by the Saline County Ag Society and Saline County 4-H Council.

4-H CODE OF CONDUCT

4-H members and volunteers should refer to the Code of Conduct in this fairbook. This is the same document you sign when completing your 4-H enrollment.

4-H AND FFA DIVISION (JUNIOR SHOWS) GENERAL RULES & REGULATIONS

EXHIBITOR ELIGIBILITY:

Any bona-fide Saline County 4-H member or vocational agriculture member (FFA) is eligible to compete.

4-H members must be enrolled in the project that they want to exhibit in. Members not enrolled by June 15 in said project will not be eligible for show.

FFA members must be listed on their FFA chapter's OFFICIAL membership roster at the time of exhibition with dues paid and in good membership standing.

The Saline County Extension staff reserved the right to verify any age/membership eligibility.

AGE ELIGIBILITY

Where 4-H age is specified, it is the age on January 1, of the current year.

4-H AGE POLICY

4-H members must not have passed his/her 19th birthday as of January 1, of the current year.

4-H rules apply to all junior show exhibitors, except where a specific age rule is in place.

FFA AGE POLICY

FFA age policy: FFA members are eligible until the age of 21 or the 4th National Convention after high school graduation.

4-H CLOVER KIDS

Are defined as youth ages 5-7 as of Jan. 1 of the current year who have officially enrolled in the Saline County 4-H Program. 4-H Clover Kid members may show livestock, rabbits, or poultry in open class only if officially enrolled in Saline County 4-H, an animal identification was completed on age-appropriate and/or weight-appropriate animals by June 13, and officially entered for the fair by the entry deadline.

OPEN CLASS

Open Class animal and livestock exhibitors must be 5 years of age and older to participate in any open class or 4-H Clover Kid animal events/shows.

PROJECT ELIGIBILITY

A member cannot enroll in the same 4-H project area in more than one county or state in the same year. Example: Beef (bucket calf, feeder calf, market beef, and breeding beef) are among those listed within the beef project area, clothing, horse, foods, etc.) Exception: Youth may enroll in shooting sports projects in more than one county. Enrollment should occur by discipline (i.e., shotgun, BB gun) based on available certified instructors. Youth may not be enrolled in the same discipline in more than one county. If a member is enrolled in more than one county, a member may not duplicate specific 4-H experiences by participating in more than one county or state in the same year. (Example: public speaking, presentations, Diamond Clover).

YOUTH FOR THE QUALITY CARE OF ANIMALS

(YQCA): ALL 4-H and FFA exhibitors of beef, goats, sheep, swine, poultry, and rabbit must have completed the YQCA training by June 15 of the current year. Exhibitors must have received Youth for the Quality Care of Animals (YQCA) Training through a Nebraska Extension-based program. A Completion Certificate of the requirements must be on file at the Extension office by June 15 of the current year. Questions regarding YQCA completion and requirements should be directed to the Saline County Extension Office 4-H staff.

PROPER SHOW ATTIRE

4-H animal exhibitors must wear proper show attire which shall consist of the grey Saline County 4-H T-shirt, or a white button shirt with the 4-H chevron, with dark wash blue-colored denim jeans (no shorts without permission).

FFA animal exhibitors must wear proper show attire consisting of the grey-colored FFA T-shirt and dark wash blue-colored denim jeans.

Proper show attire shall be worn by all exhibitors, during all 4-H and FFA show contests. NO HATS are permitted in the show ring except for horse exhibitors.

Hats and long-sleeved shirts worn under your grey show shirt are NOT allowed to be worn during the Market Livestock Premium Auction.

Hard-soled boots or shoes are considered safe and appropriate for most large species shows. NO OPEN-TOED SHOE SUCH AS SANDALS ARE PERMITTED WHILE EXHIBITING ANIMALS.

RIPPED, LIGHT-WASH, OR EMBELLISHED JEANS ARE NOT TO BE WORN WHILE EXHIBITING ANIMALS.

4-H AND FFA OFFICIAL SHOW SHIRTS MAY BE ORDERED THROUGH THE EXTENSION OFFICE BY PLACING AN ORDER BY THE DEADLINE STATED IN THE 4-H NEWSLETTER. A LIMITED INVENTORY IS KEPT ON HAND.

DAIRY GOAT EXHIBITORS

Dairy Goat Exhibitors will wear blue jeans instead of the standard dairy "white," an official grey 4-H or FFA show shirt, and hard-soled shoes.

HORSE EXHIBITOR SHOW ATTIRE

A western hat or protective headgear is optional but should stay on during the performance classes. The hat/headgear must stay on in timed events if rider crosses the starting line wearing it, or a 2 second time for losing the hat/headgear will be assessed.

Shirts and blouses must be all white, including buttons and thread. Sleeveless shirts or blouses are not permitted, and long sleeves are recommended, although short sleeves are permitted. A 4-H arm band (can be purchased at the Extension Office) is to be worn on the left arm above the elbow. Dark blue denim jeans must be worn, and a belt is recommended.

Hard-soled boots are recommended. No tennis shoes or open-toed shoes.

The official grey 4-H and FFA t-shirts are optional only for timed events.

RIBBON POLICY

The Danish system of judging will be used. Exhibits will be divided into groups according to merit.

Purple will denote superior exhibits.
Blue will denote excellent exhibits.
Red will denote good exhibits.
White will denote an acceptable exhibit.

Exhibits must receive a PURPLE ribbon to qualify for trophies/banners/plaques in static and animal competitions.

Awards will be given on merit. Awards will not be awarded to animals deemed not worthy of an award by the judge.

Premium money will be paid only where indicated in the fairbook.

Showmanship entries are not paid premium.

OWNERSHIP AND IDENTIFICATION OF BEEF, GOATS, HORSES, SHEEP, SWINE, AND RABBITS

All animals in the Junior Show (4-H and FFA) must be owned by the exhibitor or family with ownership verified where required on the appropriate identification forms and on file at the Saline County Extension Office by the specified identification deadline. All Beef, Goat, Horse, Sheep, Swine, and Rabbits must be identified with the official form of

identification (EID tag or tattoo).

Identification forms can be obtained at the Saline County Extension Office and on the Nebraska Extension in Saline County website – 4-H page.

IDENTIFICATION DEADLINE

The identification deadline for Beef, Goat, Horse, Sheep, Swine, and Rabbit is June 13.

SUBSTITUTE SHOWMAN

An animal must be shown by the 4-H or FFA member who entered it unless the exhibitor is excused by the Division Superintendent because of serious illness, disability due to an injury, or conflict with other livestock classes held at the same time.

An exhibitor who has more than one animal in a class should notify the superintendent that another Saline County 4-H or FFA member, age eligible (ages 8-18 as of Jan. 1) to exhibit said livestock, will show the additional animal in the class. Only 4-H or FFA members, who are eligible and exhibiting at the Saline County Fair may be used as substitute showman. **4-H Clover Kids CANNOT serve as substitute showman.** All substitute showman will follow show attire rules like any other exhibitor as they apply to the specie they are showing.

Substitute showman **MUST** wear the back-tag (exhibitor number) of the exhibitor they are substituting for.

ANIMAL HEALTH

All exhibitors must comply with their respective livestock health requirements. All livestock and animals are subject to examination upon arrival, for evidence of infectious or contagious diseases. If such evidence is found, they will not be allowed to stay on the grounds or exhibit at the fair.

Animals that have active ringworm, fungus, or visible warts, will not be allowed entry into the Saline County Fair for exhibition. Ringworm and fungus will be judged to be inactive if the ringworm lesion area is not encrusted and hair has begun regrowth in the area. Animals with warts that are not visible by a hands-off inspection will be allowed to remain on the premises and can be exhibited.

Any animal which appears have an infectious health condition needs to bring a note from your veterinarian explaining the condition.

The final decision rests with the respective Livestock Superintendent and the Saline County Extension staff. At any time, a licensed veterinarian will be called to confirm any disease.

SCRAPIES

In accordance with Federal & State Health regulations all female & breeding sheep and goats for exhibition must have a Scrapie Identification Tag present in the animal's ear.

SICK OR INJURED ANIMALS

Sick animals that need care will be the responsibility of exhibitors. If the exhibitor cannot be contacted or refusal to treat, a veterinarian will be contacted to use his discretion in the treatment of the animal, with the exhibitor responsible for any costs incurred. The Saline County Ag Society, superintendents, any fair volunteers, or Saline County Extension staff are not responsible for any loss, damages or veterinarian costs incurred.

SALINE COUNTY FAIR 4-H, FFA, STATIC AND ANIMAL ENTRIES

All entries are made online on or before midnight of June 13 at <http://salineco.fairwire.com>. Beef, Goats, Horse, Sheep, Swine, and Rabbits must be properly identified with the Saline County Extension by the specified identification deadline. **See IDENTIFICATION DEADLINE.**

Only animals that have been identified by the deadline and entered the respective deadlines are eligible for entry and to show at the Saline County Fair.

Animal identification will be verified during the respective species check-ins.

Weights will stand as recorded 30 minutes after scale closes for each species.

Classes offered at the Saline County Fair are not necessarily offered at other 4-H or FFA shows or the Nebraska State Fair. These classes have been added to this show only to provide other learning opportunities.

OPEN CLASS ANIMAL ENTRIES

All entries are made online on or before midnight of June 13 at <http://salineco.fairwire.com>.

STALLS, PENS & TACK

Stalls and pens will be assigned by the Extension Office and posted in their respective barns.

Stalls are expected to be identified with stall cards for herdsman ship judging, the superintendents, and Extension staff purposes.

Stall space is assigned according to the number of animals entered into <http://salineco.fairwire.com>.

Entry of animals you do not intend to exhibit WILL NOT GUARANTEE EXTRA STALL SPACE. Those found in violation of entering extra animals will be asked to move animals to make room for other exhibits.

UNDER NO CIRCUMSTANCES SHOULD ANY EXHIBITOR TAKE MORE STALL OR PEN SPACE THAN ALLOTTED ON THE STALLING/PEN MAPS.

Feeder Calves intending to stall for the duration of the Saline County Fair MUST specify at entry time if the animal is stalling or will be brought the day of the feeder calf show. Stalls will not be reserved for feeder calves arriving the day of the feeder calf show and returning home after the feeder calf show.

STALL AND PEN ALLOTMENTS

Beef: 1 head per stall. Except for Cow/Calf entries will be allotted two stalls.

Goats: 3 per pen depending on age/size of animal

Sheep: 3 per pen depending on age/size of animal

Swine: 3 per pen

If exhibitors have animals on different feed plans, the exhibitor MUST provide their own pen dividers.

Horses exhibited in the 4-H Horse show will not stall as the fairgrounds is not equipped with horse stall space.

TACK AND FEED

A small allocation for tack which will most likely be a tack area shared with another exhibitor or a shared club tack space will be allotted IF space allows. If stalls and pens are needed for animals, tack will need to be kept in your trailer.

It is a good idea to coordinate items such as rakes, shovels, hoses, and other supplies with members of your club to avoid duplication of items occupying stalls or pen space for animals.

SWITCHING OR TRADING STALLS OR PENS

The superintendent must be notified of any change in stall or pen assignments. This will help ensure that herdsman ship points are being given to the correct club or chapter.

USE OF TUBE WATERERS IN SWINE BARN

Tube waterers are highly discouraged as this water can become very hot when allowed to sit in the tube which may lead to the pig(s) not drinking the needed amount of daily water. These types of waterers may drip causing wet bedding which may draw flies and other insects into the barn. Exhibitors are encouraged to keep bedding dry and utilize wash racks for feeding or watering with less wet bedding drawing flies in the barn.

USE OF SELF-FEEDERS IN SWINE BARN

Exhibitors are not to bring in self-feeders for swine.

BEDDING AND CLEAN UP OF BEDDING

Bedding for goats, sheep, and swine is the responsibility of the exhibitor. Woodchips or shaving are required. NO STRAW.

BEEF BEDDING

Beef bedding will be provided by the Saline County Ag. Society. A \$10 fee per head will be assessed based on the head of beef PRE-ENTERED at entry time. Exhibitors will receive an invoice before the county fair and must be paid immediately as no bedding fees will be managed at beef check-in. The fee will be used to obtain the beef bedding and pay volunteers to remove the bedding after the conclusion of the fair. Beef exhibits may bring their own woodchips or shaving to top-dress if desired. NO STRAW IN BEEF STALLS.

Refer to each species section for specific bedding guidelines.

Exhibitors MUST completely remove all bedding from goat, sheep, and swine pens.

Beef exhibitors must pull all bedding away from the tie-rail.

BEEF TIE-OUTS

Straw may be used in Beef tie-out areas. Club/exhibitors are responsible for providing tie-out bedding.

Beef tie-out areas are not assigned. First-come, first-serve. ONLY TAKE WHAT YOU NEED, SAVING ROOM FOR OTHERS.

It is recommended to use a second, security neck-tie when tying out beef animals.

WASH RACKS

Please respect the time of other exhibitors when using the washing racks. DO NOT LEAVE ANIMALS IN THE BEEF, GOAT, SHEEP, AND SWINE WASHRACKS FOR MORE THAN 30 MINUTES AT A TIME.

ANIMAL ELIGIBILITY

Project animal identification numbers will be checked according to 4-H and FFA identification requirements.

All exhibitors are limited to the same number of entered livestock.

No animals may be shown in both the open and junior show except beef *. No animal can be shown in both a market and breeding class. No beef can be shown in both a feeder calf and breeding heifer class. Calves of the Cow/Calf classes are the only animal that may show as part of the cow/calf and individual Feeder calf.

*Beef can be entered into the Open Class Beef Show.

Exhibitors are recommended to identify any animals that have a possibility of being shown, animals cannot be added to an identification form because of sickness or injury at fair time

YOUTH WHO ARE BOTH 4-H AND FFA MEMBERS

A youth may show both 4-H and FFA animals if he or she is an official member of both 4-H and FFA.

An animal must officially be identified as a 4-H or FFA project animal by the identification deadline.

Animals that have been exhibited as either 4-H or FFA projects at another county fair **CANNOT** be shown as junior livestock projects at the Saline County Fair. The same is true for 4-H or FFA projects shown at the Saline County Fair. You **CANNOT** exhibit an animal shown at the Saline County Fair at another county fair.

Age-eligible youth can exhibit animals at another county fair **IF the animal is an animal that has NOT been exhibited at another county fair and if the animal is properly identified and entered with that respective county fair.**

Example: A 4-H youth who exhibited a 4-H identified animal at the Saline County Fair CAN exhibit at another county fair as a FFA exhibitor IF you are exhibiting AN ANIMAL THAT HAS NOT BEEN EXHIBITED AT ANOTHER COUNTY FAIR AS A 4-H PROJECT AND VISA-VERSA.

WHO CAN ASSIST WITH GROOMING

Grooming animals for show is primarily the responsibility of exhibitors. However, assistance from immediate family members (parents or siblings), fellow Saline County 4-H and FFA fair exhibitors, and 4-H and FFA leaders/advisors is permitted as a learning tool for future shows. Saline County 4-H Leaders and FFA Advisors who have youth exhibitors at the Saline County Fair are allowed to help any 4-H or FFA fair exhibitor regardless of club or chapter affiliation. Ex: A club leader can help any 4-H youth in their own club, another youth in a different club or even an FFA exhibitor. An FFA advisor can help any FFA member from their own chapter, another chapter or 4-H exhibitor. Those in violation of this rule will receive one verbal warning. If violations continue, the exhibitor will be disqualified from the respective classes in which the violations affects.

Animals found to have had compounds applied and in violation of fitting rules after entering the arena they will be lowered 1 live ribbon placing (i.e., purple lowered to blue).

The goal is to show your animal's natural qualities not using enhancements or other false pretenses to make them appear better. Specific examples include: Twining, air, water, or other methods of altering the body shape are not allowed. False Beef tails allowed.

Bucket calves can only be washed and have their hair combed in its natural direction. (No changing of the natural direction.)

Pigs must be shown without hairdressing compounds. This includes oils, powder, or any other coat dressing compounds. Water is permitted.

See individual specie rules found in this fairbook.

JUNIOR SHOWMANSHIP

Showmanship is open to bona-fide 4-H and FFA exhibitors of that species at the Saline County Fair. If numbers indicate Divisions may be split into preliminary and finals.

Showmanship entries must be with your own 4-H or FFA project animal. This means the same 4-H or FFA member will be showing this animal in live division class. Each competitor must show his/her own animal. An animal can only be shown once except in horse if a shared project animal. An animal with an official fair entry in an exhibitor's name is considered to be their own animal. No animal is to be shown in any showmanship division by 2 different youth.

4-H and FFA members must pre-enter showmanship classes by the fair entry deadline.

All current division winners in all species may compete for the overall award within their specie division.

Please check the show schedule the morning of the show.

Cat and Dog are often judged in combination with the animal presentation.

Lottery Pig exhibitors will participate in showmanship two times as showmanship is part of the overall scoring for these 3 areas of judging. Lottery Pig exhibitors may also participate in their respective showmanship age group. Youth must pre-enter their respective showmanship age group.

Appropriate showmanship attire is expected.

4-H CLOVER KID SHOWMANSHIP

4-H Clover Kid Showmanship for youth ages 5-7 as of Jan. 1 of the current year who are officially enrolled in Saline County 4-H, have the appropriate identification forms on file at the Saline County Extension Office and have made the official fair entry will participate in 4-H Clover Kid Showmanship following the Junior Showmanship events in their respective entered specie.

Youth ages 5-7 as of Jan. 1 of the current year who are NOT enrolled in Saline County 4-H can use an animal already at the fair (use a sibling's animal or one from another member) and sign up the day of the respective show for Clover Kid Showmanship only.

4-H Clover Kids CANNOT participate in a live class with an animal that is not identified or entered in their name.

All Clover Kids animal must weigh under 350 lbs at weigh-in/check-in to be used as a Clover Kid Showmanship animal.

4-H Clover Kid Showmanship is considered a non-competitive event and will result in participation ribbons only.

4-H Clover Kids cannot serve as substitute showman for any reason.

CARE OF YOUR ANIMAL EXHIBITS

It is expected that the exhibitor will care for their animal exhibits for the duration of the fair (from entry time to release time). Any exhibitor found to not be adequately caring for their animal will receive a verbal warning. If the warning is ignored, the Saline County Ag. Society, superintendent, and the Saline County Extension staff reserve the right to ask you to remove the animal from the fairgrounds.

EXHIBITOR ETHICS STATEMENT

The following has been agreed upon by the Saline County Agricultural Society and deemed policy for the Saline County Fair.

1. The right to interpret rules in the best interest of 4-H/FFA work is reserved for the Superintendent and Saline County Extension 4-H staff, whose decision will be final.

2. Any exhibitor who inhumanely abuses an animal or alters an animal's appearance through unnatural actions or procedures will forfeit any premium, ribbon or prize won, during the fair at which the abuse(s) or alteration(s) took place.

3. The Saline County Agricultural Society Board has agreed that abuse or alteration of appearance will be defined as the following actions which have occurred or were attempted on/to an animal present at the Saline County Fair.

DISCLAIMER

The NE State 4-H rules will apply to those classes and competitions where no local rule is in force.

Defined by species:

Sheep/Goats

- Beating, slapping, using an electric prod, or physically forcing a lamb/goat into a solid object in an attempt to make the animal brace more firmly.
- The use of cold-water wraps or ice in or on the body of an animal in an attempt to make the animal brace more firmly.
- No pronged or spiked collars allowed.

Swine

- The use of hairdressing compounds such as oils, powder, or any other coat dressing compound on an animal in order to enhance the animal's appearance.

Beef/Dairy

- Changing the major color pattern of an animal by painting or dyeing of the animal.
- False hair (other than tails) with twining.
- Use of prohibited products outlined in the Beef section of this fairbook.

The following definitions of abuse and/or alteration apply to all livestock shown at the Saline County Fair:

- Forced consumption of water to increase the weight or enhance the look of an animal.
- The use of unnatural means, such as drugs, to reduce the weight of an animal.
- The use of a compound(s) or drug(s) on a species other than the species it was approved for by the FDA.
- The use of a drug or compound beyond the specified withdrawal requirements of the FDA.
- The use of air or any other artificial method to alter the body shape of an animal.

Any action or practice the superintendent feels is inappropriate or abusive to the animal will be reported.

4. In cases that are not specifically addressed in this statement, one warning will be issued by the Superintendent before action is taken in accordance with the policy stated in this fairbook.

5. Any animal entered at the Saline County Fair is subject to both urine and blood testing at the discretion of the superintendent. If blood and/or urine testing is requested, the cost of the test(s) will be incurred by the exhibitor of the animal, if the results of the test(s) indicate a Saline County Fair Drug Use rule has been violated. If the results indicate that no Saline County Drug Use Rule has been violated, the cost of the test(s) will be incurred by the Saline County Fair.

ANIMAL CONTROL

Exhibitors must demonstrate an ability to control their animal(s) at all times in the showing. Upon the second escape the animal will be excused from showing for that class **ONLY**. Example: If the escapes happen during showmanship or a live class and the exhibitor is excused from the showing, the exhibitor and animal are allowed to exhibit the animal in another pre-entered class. Ex. If the exhibitor & animal are excused from showmanship, the exhibitor & animal can exhibit in the live class or visa-versa.

MARKET ANIMAL PREMIUM AUCTION

A Market Animal Premium Auction has been established for exhibitors of Market Goats, Market Sheep, Market Swine, Market Beef, Pen of Three Broilers, and Meat Rabbits to help offset the expenses of such projects, and the lack of future value contributing valuable genetics to future generations of livestock as breeding animal exhibits have.

Each age-eligible 4-H or FFA member exhibiting a **market** animal of the previously mentioned species is eligible to consign ONE sale animal, regardless of how many species are exhibited. The only exception would be if one exhibitor has more than one Champion or Reserve Champion, in which all Market Champions and Reserve Champions are to be consigned.

4-H and FFA members sign up via online entry by 2 pm on Saturday, or no later than 30 minutes after the conclusion of the Jr. Beef Show. **LATE REQUESTS FOR AUCTION ENTRIES WILL NOT BE ALLOWED.**

4-H and FFA market auction exhibitors AND their parent(s) **MUST** sign up to help with either a pre or post-auction duty.

The Market Auction Event is scheduled for Sunday morning of the fair beginning at 11:30. (Parents and youth have duties for setup that begin at 9 a.m.)

Potential buyers/supporters will only be purchasing the premium for the animal offered, no actual transfer of animal ownership takes place, and the purchase price is a monetary donation to the exhibitor of said animal.

Each Premium Auction participant should take an active role in reaching out to secure a potential buyer for your livestock premium auction entry. It is not the responsibility of the Premium Auction Committee or the Extension Staff to ensure adequate buyers are present.

This Auction is organized by a volunteer committee, with additional committee members welcome. (Each club with participants should have at least one committee member.) If committee members are not forthcoming the Auction may cease with all funds disbursed.

PREMIUMS

Premiums due to exhibitors will be forwarded to exhibitors in a timely manner as the 4-H Extension Staff and Saline County Ag. Society has time to prepare the premium checks. All premiums not called for before October 31 will be forfeited to the Saline County Ag. Society.

Premium Auction questions should be directed to Greg Hollman at 402-450-6858.

4-H PARTICIPANT CODE OF CONDUCT

The primary goal of the 4-H Program is to help youth develop competency in their projects, confidence in themselves and others, connections to their community and sound character. Actions by persons (Parents, and 4-Hers) involved with the 4-H Program will be consistent with the six core ethical values comprising good character: trustworthiness, respect, responsibility, caring, fairness and citizenship. As a 4-H Participant/Parent/Guardian I will:

- Treat all people and property with respect, courtesy, consideration, and compassion. Avoid and prevent putdowns, insults, name calling, swearing, and other language or nonverbal conduct likely to offend, hurt or set a bad example.
- Keep informed about 4-H program policies and projects and read materials pertaining to the county 4-H program.
- Teach and model kindness and compassion for others. Recognize that all people have skills and talents which can be used to help others and improve the community. Teach and foster teamwork and discourage selfishness.
- Practice fair-mindedness by being open to ideas, suggestions, and opinions of others. I will make all reasonable efforts to assure equal access to participation for all youth and adults regardless of race, creed, color, sex, national origin, or disability. Decisions will be made fairly and treat all individuals and families with impartiality.
- Obey laws and rules as an obligation of being a good citizen. I accept responsibility for the proper treatment and care for other youth and adults, the program facilities and/or equipment.
- Demonstrate the responsible treatment of animals and stewardship of the environment.
- Not use alcohol or illegal substances (or be under the influence) while working with or participating in any part of the 4-H Program.
- Provide a safe environment for all parties involved in 4-H. I will protect those involved from sexual harassment, physical force, verbal or mental abuse, neglect, or other harmful behaviors.

Youth participants/Parents/Guardians who do not abide by the above code of conduct will be subject to the following consequences:

- Be asked to explain actions to the 4-H Educator.
- Be dismissed from an event at own expense.

- Further disciplinary action determined in cooperation with the local Extension Educator, the District 4-H Coordinator, the State 4-H Program Administrator, and as warranted, the Dean of Extension and IANR Administration. Disciplinary action may include:
 - becoming ineligible to participate in specific 4-H activities,
 - becoming ineligible to participate in the Nebraska 4-H program.
- Reimburse the proper entity for any property damage or for liability resulting from inappropriate actions. In the case of vandalism, guilty party may be required to reimburse 4-H and/or the facility.
- Multiple violations of the code of conduct may result in:
 - Suspension for a period of time,
 - Becoming ineligible for 4-H participation in their county.
- Parent/Guardian violations may also result in:
 - Restriction from contacting 4-H families, volunteers, donors, and/or sponsors pertaining to any 4-H matter.

VOLUNTEER CODE OF CONDUCT

Your primary goal as a 4-H volunteer is to help children and youth develop competency in their projects, confidence in themselves and others, connections in their community, and sound character. As a 4-H volunteer, you are to help kids do what they are capable of doing. You are to promote teamwork and leadership while helping the 4-Hers learn and have fun.

Everything you say and do should be consistent with the six core ethical values comprising good character: trustworthiness, respect, responsibility, caring, fairness, and citizenship. This Volunteer Code of Conduct sets forth expectations of 4-H volunteers:

1. Act to encourage and justify trust. Teach 4-Hers the meaning and importance of trustworthiness.
2. Treat members, parents, Extension staff, judges and others with whom I come in contact with respect, courtesy and consideration. Avoid and prevent put-downs, insults, name-calling, yelling, and other verbal or non-verbal conduct likely to offend, hurt, or set a bad example.

3. Inform myself about youth and their positive development. Fulfill my responsibilities by striving to improve my performance as a volunteer and a mentor of young people. Attend volunteer training sessions when I can and seek out and use books, videotapes, and other educational materials.
4. Teach and model kindness and compassion for others. Recognize that all young people have skills and talents, which can be used to help others and improve the community. Teach and demand teamwork and discourage selfishness.
5. Teach and model fair-mindedness by being open to ideas, suggestions, and opinions of others. Make all reasonable efforts to assure equal access to participation for all youth and adults regardless of race, creed, color, sex, national origin, or disability. Make all decisions fairly and treat all members with impartiality.
6. Teach and model the importance of obeying laws and rules as an obligation of citizenship. Obey the laws of the locality, state, and nation. Promote the responsible treatment of animals and stewardship of the environment.
7. Not use alcohol or illegal substances (or be under the influence) while working with or being responsible for youth, or allow youth to do so while under my supervision.
8. Provide a safe environment. I will not harm youth or adults in any way, whether through sexual harassment, physical force, verbal or mental abuse, neglect, or other harmful behaviors.

4-H Volunteers who do not abide by the above code of conduct may receive the following consequences:

- Be asked to explain actions to the 4-H Educator.
- Be dismissed from an event at own expense.
- Further disciplinary action determined in cooperation with the local Extension Educator, the District 4-H Coordinator, the State 4-H Program Administrator and as warranted, the Dean of Nebraska Extension and IANR Administration. Disciplinary action may include:
 - becoming ineligible to serve as a volunteer for specific 4-H activities, becoming ineligible to serve as a volunteer for the Nebraska 4-H program.
- Reimburse the proper entity for any property damage or for liability resulting from inappropriate actions. In the case of vandalism, the guilty party may be required to reimburse 4-H and/or the facility.

Multiple violations of the code of conduct may result in:

- Suspension for a period of time.
- Becoming ineligible to serve as a volunteer for the Nebraska 4-H program.
- Restrictions from contacting 4-H families, volunteers, donors, and/or sponsors pertaining to any 4-H matter.

4-H & FFA ANIMALS, HERDSMANSHIP AND YQCA

Herdsmanship is judged as a separate livestock division. \$60.00 will be divided among the top five clubs in each livestock division. These divisions are open to junior exhibitors only, open class exhibitors are encouraged to keep their stalls and alleys clean to reflect a positive image on your operation. Stall/pen assignments are made on pre-entries, scoring will be on those assigned stall/pens used and unused. Personal premiums and Club Herdsmanship premiums can and will be withheld if any member fails to clean their stalls, pens and/or keep animals in said stalls until release time.

SWINE, BEEF, SHEEP & GOAT Division Rules:

Using a scale of 1-5, with 1 poor, 3 good, and 5 excellent, the areas for consideration will include:

- Bedding (clean and dry)
- Aisle (clean, swept, dampened if needed)
- Identification (stall cards and club sign easy to identify)
- Animal Cleanliness (evidence that animals/area is cleaned and cared for)
- Added Decoration (decorations or other added accessories to make area attractive)
- Tack (organization and cleanliness of tack area)
- Overall Impression (what is the impression you have of the display of this clubs exhibit space)

Maximum points 35 Maximum points 35 each judging. All judges' results are final.

CHORE TIMES: Feeding animals and doing stall chores will be allowed any time after 6:00 p.m. However, cattle may not be taken to the tie-out stalls until after 8:00 p.m. Clubs should have a portion of their exhibits in the stalls for public viewing at all times between 8:00 a.m. and 8:00 p.m. Cooperation on this regulation is requested.

JUDGED WHEN: Herdsmanship judging will be done each day of the fair mid-morning and early evening. Final herdsman ship judging will occur after all entries are removed. All judges' results are final.

Animals brought to the fair are expected to show unless excused by a veterinarian or the show superintendent.

Entering more animals than you are expecting to exhibit for the purposes of acquiring extra stall is not permitted.

YOUTH FOR THE QUALITY CARE OF ANIMALS (YQCA): ALL 4-H and FFA exhibitors of beef, goats, sheep, swine, poultry, and rabbit must have completed the YQCA training by June 15 of the current year. Exhibitors must have received Youth for the Quality Care of Animals (YQCA) Training through a Nebraska Extension-based program training or through an individual study course. A Completion Certificate of the requirements must be on file at the Extension office by June 15 of the current year. Questions regarding YQCA completion and requirements should be directed to the Saline County Extension Office 4-H staff.

TAG LOSS: Should an EID tag be lost or not present in the animal's ear after the office identification form has been turned in, please call the Extension Office

immediately to discuss tag replacement. The Extension Office must document all replaced EID tags.

ENTRY LIMITS:

Entries are limited to 5 total head of cattle per exhibitor with the exception of an exhibitor having a cow/calf pair in which the calf of the cow/calf can be shown as a feeder calf if entered for a total of 6 beef entries.

ONE bucket calf per exhibitor.

ONE First Calf Cow/calf entry per exhibitor.

ONE Cow/calf entry per exhibitor.

THREE Feeder Calves per exhibitor.

Example Combinations: 2 Breeding Heifers, 3 Feeder Calves entered; 3 Feeder Calves, 1 Bucket Calf, and 1 Breeding Heifer entered; 2 Market Beef, 2 Feeder Calves, 1 Breeding Heifer, etc.

PRE-ENTRY OF ANIMALS: See General Rules.

ONLINE ENTRY: All entries must be pre-entered into the online fair entry program – <https://salineco.fairwire.com> by stated deadline.

BEEF ENTRIES IN PLACE: Animals may be brought to the fair grounds on Wednesday before 5:30 p.m.
NO THURSDAY ARRIVAL.

BEEF CHECK-IN: Wednesday as follows:

Market/Performance Market beef will be checked in, tags checked, weighed, and have hip height measurements taken from 6:30-7 pm.

Breeding/Performance Breeding Heifers will be checked in, tattoos and registration paper checked from 7-8 pm. **NEW** - Commercial Breeding Heifers will also be weighed and it will be left to the superintendent's discretion if the Commercial Breeding Heifers classes will be split by DOB or weight.

Bucket Calves will be checked in, tags checked, and weighed from 6-6:30 pm.

PENS, TACK, AND BEDDING: See General Rules
TACK: No tack or chutes should be brought to the fairgrounds before Wednesday when entries are brought.

BLOCKING CHUTES: Will not be allowed in the alleyways except for beef show day and feeder calf show.

TIE OUT STALLS: Tie stalls may be used outside of barns from 9 p.m. to 8 a.m. A second, security tie, is encouraged.

BEDDING: Beef bedding will be provided by the Saline County Ag. Society. A \$10 fee per head will be accessed based on the head of beef PRE-ENTERED at entry time. **Ex: If you enter 4 head and only bring 2 head to the fair, you will be charged for 4 head as entered.** Exhibitors will receive an invoice before the county fair and must be paid immediately as no bedding fees will be managed at beef check-in. The fee will be used to obtain the beef bedding and pay volunteers to remove the bedding after the conclusion of the fair. Beef exhibits may bring their own woodchips or shaving to top-dress if desired. **NO STRAW IN BEEF STALLS.**

Bedding must be pulled back from the tie rail by 4 p.m. Sunday. Failure to do so will result in the exhibitor and club premiums being withheld.

NO BEEF, NO YOUTH in beef barn after 4 p.m. Sunday. All Beef and tack must be out of the barn by 4 p.m. for the mechanical removal of bedding.

THIS SHOW IS A BLOW & GO SHOW. See Grooming information below.

WHO CAN ASSIST WITH GROOMING: See General Rules

GROOMING:

Beef (showmanship, market and breeding) will be shown Blow & Go. Animals may be clipped, blown, brushed or combed to enhance their appearance. All animals will be shown free of any adhesive, glue, paint, or powder products. Any compounds that have adhesive qualities that when applied cannot be combed or brushed through or alter the color of the animal are forbidden. Alcohol, water, oil, foam or any water or alcohol-based products with no adhesives or glue qualities, or artificial colorings are permitted. These include conditioners and commonly used sprays such as Kleen Sheen, Revive, Final Bloom and white show foam. Any animal found to have prohibited products applied (adhesive, glue, paint, or powder products) will be disqualified from competition. Any premiums (physical or monetary) will be forfeited, and no refunds will be made. These include, but are not limited to commonly used adhesives and colorants such as Prime Time, EZ Comb, Tail Adhesive, Ultra White Touch Up, Black Touch Up, Black Finisher and black show foam. Animals that violate these rules will not be eligible for trophy and are dropped one live score ribbon placing.

All calves are subject to be checked by show personnel prior to entering the ring for each class.

5H. 4-H Bucket Calf - Heifer

5S. 4-H Bucket Calf - Steer

BUCKET CALF GROOMING: Bucket calves can only be washed and have their hair combed in its natural direction for the show (Natural direction is not to be changed). **NO FITTING or CLIPPING** of bucket calves is allowed. A deduction of 25 points in the total score will be made if bucket calf shows evidence of fitting or clipping.

In 2025 there WILL NOT BE INTERVIEWS FOR BUCKET CALF, PERFORMANCE CALF, AND COW-CALF EXHIBITORS. Exhibitors of these projects will simply exhibit in the live show. Please be receptive to this change as the scoring of these exhibits have always been a subject of misinterpretation by most parents. Keep in mind it is still important for the exhibitor to have basic knowledge of their exhibits. Judging will be of the animals with the judge selecting Champion and Reserves.

PERFORMANCE MARKET BEEF - Division 216

These calves are eligible for one of the Performance Calf classes which will be divided into a performance market heifer class and a performance market steer market class. Performance Calf class will be open only to the previous year's bucket calf exhibitors. I.D.'s will be checked against the bucket calf I.D.'s on file from the previous year. The winner of these classes can compete for overall Market Heifer and overall Market Steer awards. Calves in this class cannot compete in another market or breeding class.

6. Performance Calf Market Heifer (mixed weights)

7. Performance Calf Market Steer (mixed weights)

Steer Performance Calves must have no evidence of scrotal sack visible or will be disqualified.

Calves must be halter broken and able to be led around the show arena by the exhibitor. The two escape rule in this fairbook DOES also apply to performance calves.

MARKET BEEF – Division 217

Market heifer and steer classes can be split as determined by the show superintendent.

MARKET HEIFERS

8. Market Heifers (all breeds and crosses)

Classes may be divided according to weight or hip height.

MARKET STEERS

9. Market Steers (all breeds and crosses)

Classes may be divided according to weight or hip height.

10. Born & Raised Market Beef - MUST PRE-ENTER (No Breeding Heifers or Feeders in this class). These classes the quality of animals born and raised by our Saline County 4-H and FFA exhibitors (those living in adjacent counties but are Saline County 4-H members or the exhibitor is an FFA member in a FFA Chapter within Saline County are eligible to pre-enter). This animal must be born and raised by the exhibitor and their family. **ABSOLUTELY NO PURCHASED OR LEASED ANIMALS ARE TO BE PRE-ENTERED INTO THIS CLASS.**

An award will not be awarded in classes where the single entry receives a Blue ribbon. The entry must receive a purple for an award to be given.

Makenna Coe-Ahl**

Show Date: Monday, July 14 at 6:30 pm

DIVISION 3

Show will be held in the 4-H Exhibit Building.

Entries in the 4-H Cat Show are not judged according to breed standards. Cats and kittens will be judged together. **Kittens under 4 (four) months of age will not be accepted.**

Cats are to be brought to the show in a carrier, and shall remain in the carrier except when being inspected or shown. They must be shown with an appropriate sized collar and leash.

The exhibitor must personally present the cat to the judge.

EXHIBITOR ELIGIBILITY: See General Rules.

SHOW ATTIRE: See General Rules.

RIBBON POLICY: See General Rules.

OWNERSHIP OF ANIMALS: See General Rules. Exhibitor must show their **OWN** animal. Animals not cared for in your own household are not permitted. Exhibitors must show their own cat.

SUBSTITUTE SHOWMEN: See General Rules.

ANIMAL ELIGIBILITY: Nursing and pregnant females should not be shown.

HEALTH: Cat shall be free of fleas, ticks, ear mites, ring worm, other parasites, and infectious diseases. Cats showing the possibility of being contagious will be considered a threat to other cats and will not be allowed to show.

Cats are required to be current on rabies
Vaccinations - must bring record. **All exhibitors must use the 4-H Vet Record at:**
<https://go.unl.edu/salinecatandferretvetrecordform>
This form must be turned into the Extension Office no later than July 9. Late vet records will result in loss of points in scoring. It is recommended that they be vaccinated for feline leukemia, panleucopenia (distemper), rhinotracheitis, calici virus and chlamydia. A list of all vaccinations and dates should be presented to the judge. Claws should be clipped.

PRE-ENTRY OF ANIMALS ONLINE ENTRY: All entries must be pre-entered into the online fair entry program – <https://salineco.fairwire.com> by the stated deadline.

ENTRY LIMIT: One entry per class. May enter two cats. Example: An exhibitor may enter ONE short hair cat and ONE long hair cat.

PREMIUM CODE 2

HORSE

Superintendent: Wendy Vernon

Show Date: Wednesday, July 17 at 8 am; Rain Date: July 26

DIVISION 7

RAIN DATE

If excessive moisture makes the arena unsafe on Wednesday, we will use the rain date. If in doubt watch your email and the Saline County Extension 4-H Facebook page. If rain begins after the show starts, classes that can be safely completed will be finished (possibly indoors), with rain date used for speed events.

This will be a Ranch Horse show, eye catching equipment and attire is discouraged. Plain rope or nylon halters, and everyday riding equipment in proper repair is highly encouraged. A good ranch horse has a free-flowing stride of reasonable length and covering ground with little effort. Horse should have the appearance of "looking for more country" with the head carried in a natural position, on a relaxed rein. Expression of the horse should be alert, with smooth transitions, free moving, fit, and a pleasure to ride.

HORSE ADVANCEMENT LEVEL 1

Exhibitors need to have completed Level 1 of the Nebraska Horse Levels by June 13 of the current year to participate in the riding classes.

To participate in Halter or Groundwork classes, exhibitors need to have completed the In-Hand portion of the Level 1 Horse Advancement Level by June 13.

SHOW ATTIRE: See General Rules

RIBBON POLICY: See General Rules

Premium money will be paid for a limit of 2 horses, all classes exhibited.

An award will not be awarded in classes where the single entry receives a Blue ribbon. The entry must receive a purple for an award to be given.

Unless stated in this fairbook, rules found in 4-H 373 Nebraska 4-H Horse Show & Judging Guide will be followed. It shall be the sole discretion of the judge to award a purple, blue, red or white ribbon depending on the exhibitor's performance and to move down a ribbon grouping or dismiss a horse or pony from competition due to lameness.

SAFETY

Safety helmets are encouraged in any and all classes, and exhibitors will not be penalized for wearing safety helmets.

Judges' decisions are final, no video replays.

OWNERSHIP OF HORSES: See General Rules.

OWNERSHIP

A 4-H member carrying the light horse project may own the horse themselves, use a family owned horse or use a horse owned by someone else (the member should be providing at least 50% of the care).

Horses cannot be identified as a project horse in more than one county.

SUBSTITUTE SHOWMEN & MOUNTS: See General Rules.

INJURED MOUNT (COUNTY ONLY)

Substitute mounts (due to injury or death of project horse) will be allowed only if identification is completed and on file with the Extension Office by fair pre-entry deadline. Only one horse will be allowed to substitute for original project animal. Death or injury must be verified by Veterinarian or Extension Staff or their agent.

ANIMAL ELIGIBILITY: See General Rules.

Only geldings and dry mares may be shown at halter and under saddle.

FAMILY SHARED PROJECT HORSES

A project horse may be carried as a project animal by more than one member of a family.

NON-FAMILY SHARED PROJECT HORSES

A project horse may be carried jointly by a member of a family and one non-family member. Each member must complete their own identification forms. The horse owner must sign the Ownership

statement on the Horse Identification form.

EXHIBITING A SHARED PROJECT HORSE

4-H'ers meeting the above ownership/eligibility requirements with shared ID's can use the same project animal in the same event, in both Jr. and Sr. age groups, i.e. Jr. Pleasure or speed events and Sr. Pleasure or speed events, BUT cannot use the same project animal in the same event in the same age group. (i.e. both Jr. Division cannot both show in Jr. Pleasure or speed events).

SUBSTITUTION OF PROJECT HORSE(S):

Substitution of a project horse will not be permitted after the stated identification deadline.

ANIMAL HEALTH: General Rules.

PRE-ENTRY: See General Rules.

ONLINE ENTRY: All entries must be pre-entered into the online fair entry program - <https://salineco.fairwire.com> by the stated deadline.

ENTRIES ARE LIMITED: Entries are limited to 5 horse/ponies per member.

ANIMALS IN THE SAME CLASS: An exhibitor cannot exhibit two different animals in the same class, exceptions to this rule are: an exhibitor may ride a pony and horse each in a pleasure class.

IDENTIFICATION OF HORSES:

ID FORMS (with photographs encouraged) - Must be turned into the Extension office by June 14.

CHECK-IN: Will begin at 7 am. Exhibitors and horse **MUST come to the check-in area**. Check-in for Speed events is allowed slightly later.

CHECK-IN PROCEDURE: All horses and ponies are subject to be measured and all entry identification forms, drawings and/or photos will be verified.

Show numbers will be handed out after members and project animals have I.D.s verified. MEMBERS are to be present with project animals for check-in and measuring.

PONIES: Are 14.2 hands or less. Less than 58".

NEBRASKA HORSE SHOW & JUDGING GUIDE

RULES: All exhibitors need to be familiar with rules and patterns in the Nebraska 4-H Show & Judging Guide. You can pick up your copy of this guide at the Extension Office.

SHOWMANSHIP: Pre-entry is required online in the fair entry online program by the June 13 deadline. Showmanship will be the first part of the show. Senior, Junior, Elementary, and Overall.

POULTRY

Superintendent: Theresa Vernon – Assistant Superintendent: Justin Sand
Show Date: Thursday, July 17 at 11 am

DIVISION 8

EXHIBITOR ELIGIBILITY: See General Rules

SHOW ATTIRE: See General Rules

OWNER OF POULTRY: See General Rules

DATE OF OWNERSHIP: All stock must be owned by the exhibitor by June 13, except broilers which will be delivered during June.

BUILDING HOSTS: Exhibitors will be asked and are expected to sign up for Building Host times. We have had animals disappear and cannot have security 24-7 so please take this duty seriously and watch when groups or suspicious persons are viewing the exhibits.

ANIMAL ELIGIBILITY: See General Rules

HEALTH: In order to comply with the Nebraska Poultry Disease Act, poultry exhibited may be tested as part of the Bureau of Animal Industry's monitoring for the presence of pullorum and typhoid in Nebraska.

No stock can be removed from the show before the close of the fair except if it shows signs of disease, in which case it will be promptly removed from the poultry department. The superintendent has full authority in the determination of sick birds.

Sick birds that need care will be the responsibility of exhibitors, if unable to contact or refusal to treat, a veterinarian will be contacted to use his discretion in treatment of the animal, with the exhibitor responsible for any costs incurred. Ag Society or any fair volunteers are not responsible for any loss or damages.

PRE-ENTRY OF ANIMALS: See General Rules

ONLINE ENTRY: All entries must be pre-entered into the online fair entry program - <https://salineco.fairwire.com> by the stated deadline.

ENTRY LIMIT: Entries are limited to 20 entries per exhibitor. Limit of 4 entries per class, or three per breed in a class, except only one broiler pen and/or broiler bird. Classes may be combined if less than 3 entries in individual classes. No birds may be entered in both the open and junior shows.

ENTRY CLASSIFICATION:

BREED: Entries must have the correct breed and be marked as 4-H or FFA.

You need to select the proper entry from the classes as they appear in online fair entry program, Showworks. If entered in the wrong class the judge will place as they see fit, or move if that is an option.

SEX IDENTIFICATION:

Cock is a male bird hatched prior to Jan. 1 of the current year

Hen is a female bird hatched prior to Jan. 1 of the current year

Cockerel is a male bird hatched after Jan. 1 of the current year

Pullet is a female bird hatched after Jan. 1. of the current year

ARRIVAL AND IN-PLACE TIME: Poultry may be brought to the fair on Tuesday anytime before 8:00 p.m. Birds must be in cages by 8 p.m.

CAGE TAGS

Cage tags will be available on the table in the Poultry barn for exhibitors to attach to their cages.

If you need additional cage tags, see Extension staff in the 4-H Office on the fairgrounds.

ENTRY CHECK NOTEBOOK: Exhibitors are to check the notebook in the Poultry barn for their entries. This is the office entry checklist which will be used to make the show program. Please make sure you line out or write delete by any entries not coming to the fair. If you bring poultry not on the original entry list, please write the rabbit on your entry list (breed, sex, age). Failure to make corrections or additions will result in your entries not being in the correct classes on the show program or not listed on the show program.

PENS, TACK AND BEDDING: See General Rules

BEDDING: Woodchips will be provided as bedding for all poultry.

TACK: Tools for cleaning pens, feeding and watering are not provided.

FEEDING AND WATERING: Feeding and watering will be the responsibility of the exhibitor of the animal. The building hosts will be allowed to water any animal during the day that they feel needs it.

TEAR DOWN ON RELEASE DAY: Exhibitors are expected to help tear down coops at the end of the fair and clean up bedding and manure left by their animals.

SUBSTITUTE SHOWMAN: See General Rules

SHOWMANSHIP

DIVISIONS: MUST PRE-ENTER

Senior - (age 12 & older as of Jan. 1 of the current year)

Junior - (age 8-11 as of Jan 1 of the current year)

4-H Clover Kids - enrolled 4-H Clover Kids ages 5-7 as of Jan. 1 who have their own poultry project and non-enrolled youth borrowing poultry for showmanship only.

The Overall Showmanship Division will also include the winners of the Senior and Junior divisions. 4-H Clover Kid showmanship will follow.

SHOWMANSHIP TIME

The showmanship competition will be held at the beginning of the show. Senior showmanship will be first followed by Juniors, and Overall. 4-H Clover Kid showmanship will follow overall showmanship.

SHOW ORDER: Showmanship, Broilers, Standard Birds, Bantam Birds, Waterfowl, and Other Fowl. Open Class to follow.

NOTE CARDS: Are allowed but must not become dependent on them.

BASIS FOR JUDGING: Showmanship is based on knowledge of the exhibitor along with the birds grooming, training, appearance and behavior. The exhibitor must vocally explain the steps in his/her routine and the merits (pro and con) of the bird. Primarily showmanship is the skill of the exhibitor in presenting and explaining the bird before the judge: the excellence of the bird is not considered in scoring. The judge may or may not ask questions of the exhibitor at the close of the routine.

ELIGIBLE BIRDS: Exhibitors must show their own birds. A bird can only be shown once. A broiler bird may be used for showmanship.

PRE-ENTRY: Is required but 4-H and FFA members may enter the day of the show and be rated on showmanship in their respective age division.

TIME LIMIT: Youth are given 5 minutes max to give their presentation, followed by questions from the judge.

RESOURCES: Call the Extension Office to Showmanship help guidelines and publications.

LIVE SHOW:

All exhibitors must be present to show exhibits to the judge. Any exhibitor not present will not have exhibit judged, unless substitute arrangements have been cleared with the superintendent.

START TIME: The live show will start immediately after showmanship is completed.

CLASSES:

STATIC EXHIBITS

Please check your static poultry exhibits in at the poultry barn.

1. Poster – poster about poultry industry, parts, breed(s), etc. original work please. Poster should be educational in nature, not to exceed 14" x 22" posterboard.

2. Other Exhibit – may be feeder, nests, travel cage, etc. (include plans or info to support your size or materials used).

EGGS

Egg exhibits should be labeled with exhibitor's name and town and left in the poultry barn. Find your entry tag on the table and attach it to your eggs and leave your egg entries in the poultry barn.

3G. Green Eggs - one dozen eggs

3B. Brown Eggs - one dozen eggs

3W. White Eggs - one dozen eggs

BROILER PROJECT

Orders for broilers must be made with the County Extension Office by the deadline stated in the 4-H newsletter/email/Facebook. 15 chicks per member is suggested, price available when placing order.

5. Broiler Pen - Each broiler entry will consist of three birds, 12-21 lbs. combined weight. Broiler entries are required to have record sheet- figured on total group ordered. Failure to have record sheet will result in lowering one ribbon placing. Limit one pen per exhibitor.

6. Broiler- a single bird entry (different than Broiler Pen birds). Limit one entry per exhibitor.

7. Production Trio (Hens & Cock) - 1 cock and 2 hens - Limit one pen per exhibitor (counts as one entry of your 20 entry limit).

8. Production Trio (Pullets & Cockerel) - 1 cockerel and 2 pullets - Limit one pen per exhibitor (counts as one entry of your 20 entry limit).

Standard and Bantam birds will be shown by Class and breed and divided by Cock, Hen, Cockerel, Pullet. **You need to select the proper class/entry from the classes as they appear in Showworks online fair entry website. It is important that you note the breed you have when purchasing them so you may enter correctly.**

ENTRY LIMIT: Entries are limited to a total of 5 sheep per exhibitor.

PRE-ENTRY OF ANIMALS: See General Rules

ONLINE ENTRY: All entries must be pre-entered into the online fair entry program - <https://salineco.fairwire.com> by the stated deadline.

CHECK-IN: Will is Wednesday from 4 pm to 4:30 pm. All sheep will have their identification checked during

Registration papers will be checked at this time.
The registration papers MUST show THE EXHIBITOR'S NAME OR A CO-OWNER WHO IS

AN IMMEDIATE MEMBER of the exhibitor's FAMILY AND IS LISTED ON THE COUNTY FAIR ID FORM.

FAMILY FARM OR RANCH NAMES WILL NOT BE ACCEPTED.

WEIGH-IN

Weigh-in will be conducted at the same time as I.D. check. Only market lambs will be weighed. All sheep entries **MUST** be slick shorn within 14 days of the beginning of the fair.

TEETH: All ewe lambs must have all temporary teeth present. Yearling ewes can have yearling teeth but cannot have two-year-old teeth. All breeding ewes may be subject to mouthing to verify age. Breeding ewes found to be in violation will be disqualified. The superintendent reserves the right to mouth any lamb.

PENS, TACK, BEDDING: See General Rules.

PENS AND TACK

Pens will be assigned by club. The pens allow for 3 lambs per pen. If you have animals on different feed plans, you are responsible to bringing your own pen dividers.

Do not take pens assigned to others.

Tack should not be put in pen assigned for animals.

If space allows, tack pens will be assigned and most likely will be shared with another exhibitor or club.

BEDDING

Exhibitors are responsible to providing their own bedding. Woodchips are recommended.

FITTING STANDS

Fitting stands are to be set up on show day **ONLY**. Fitting stands must be removed from the tack area and aisles before and after show day.

THIS IS A BLOW & GO SHOW.

GROOMING:

Sheep (showmanship, market and breeding) will be shown Blow & Go. Animals may be clipped, blown, brushed or combed to enhance their appearance. All animals will be shown free of any adhesive, glue, paint, or powder products. Any compounds that have adhesive qualities that when applied cannot be combed or brushed through or alter the color of the animal are forbidden. Alcohol, water, oil, foam or any water or alcohol-based products with no adhesives or glue qualities, or artificial colorings are permitted. Any animal found to have prohibited products applied (adhesive, glue, paint, or powder products) will be disqualified from competition. Any premiums

(physical or monetary) will be forfeited, and no refunds will be made. **The use of showing and/or handling practices that may be considered objectionable or abusive, such as striking or slapping lambs and exhibiting the lamb with its front feet off the ground, are not acceptable. The use of such practices may result in the lowering of a ribbon placing. (Lifting the lamb in a fluid motion to set the front legs prior to quickly setting the feet back on the ground is acceptable.)**

SWINE

Co-Superintendents: Todd Cecrle & Lynn Steuer
Show Date: Friday, July 18 at 8 am

DIVISION 11

LOTTERY PIG: Lottery Pigs are limited to one gilt and/or one barrow per exhibitor. They must have been purchased through the Lottery Pig program. These pigs will be tagged and/or notched at delivery day in April. Judging will consider both the Performance of the pig (rate of gain), the quality of the animal (live score), and showmanship (3 point score system). The highest scores determine the Champion Overall Lottery Gilt and Lottery Barrow. If the case of a tie, the tie-breaker is the higher rate of gain. Lottery Pigs will be from the same producer to minimize the genetic difference. Drawing for Lottery pig selection will be held on delivery day. Lottery pigs cannot change exhibitors after selection.

Points are assigned for ribbon placing in Showmanship, Rate of Gain, and Live show to determine the Lottery Champions.

Must have a minimum of 3 exhibitors using different feed plans to hold this project. The variety of feeding plans adds to the learning component of this project.

Lottery Pig exhibitors will compete in Showmanship TWICE (once in the Lottery Pig division, as it is part of the scoring and again in their own age division of Swine Showmanship).

EXHIBITOR ELIGIBILITY: See General Rules
Exhibitors must have a Youth for the Quality Care of Animals (YQCA) certificate and Premise ID number to exhibit at the Saline County Fair.

SHOW ATTIRE: See General Rules

RIBBON POLICY: See General Rules

OWNER OF SWINE: See General Rules

DATE OF OWNERSHIP: All stock must be owned by the exhibitor by June 13.

ANIMAL ELIGIBILITY: See General Rules

NON-TERMINAL SHOW: This is a non-terminal show. Biosecurity continues to be a concern among livestock producers. It is recommended that hogs go to slaughter. The owner assumes all responsibility if he/she decides to take the animals home at the conclusion of the fair.

MARKET: *We cannot guarantee a market for your swine, so please make your processing appointments early.* Exhibitors are encouraged to consider making a slaughter appointment at the processor of their choosing early in the project year or ask relatives or acquaintances to purchase ½ or a whole hog.

If a market is available, hogs must be signed up for market at check-in time and will be sold to the highest bidder. Exhibitors are highly encouraged to weighswine prior to entry to avoid light or heavy weight entries and subsequent pricing. Price penalties for an overweight or underweight carcass is beyond our control and the 4-H'er needs to consider these deductions in their decisions to market the animal to weights outside the guidelines. Show management reserves the right to pass on discounted prices to under and overweight hogs at the marketplace.

SLAUGHTER NOTICE: See MARKET note on this page. If a market is secured Exhibitor must determine and identify which animals are going home or to slaughter through the 4-H office on the fairgrounds **by end of swine show on Friday.** All hogs need to be listed on either the keep or sell list. **NO late changes.**

SWINE HEALTH: Swine to be exhibited shall originate directly from a herd not under quarantine. All swine in violation of this requirement will be immediately removed from the grounds by the owner. Health certificates are NOT required. This is a MARKET SWINE show so all hogs are to be drug-free. Medicating an animal must be cleared with the superintendent(s) or may be grounds for immediate dismissal from the fair.

MARKET WEIGHTS: Only hogs between 200 and 310 pounds live weight are eligible for Grand and Reserve Champion in the market hog classes. Hogs lighter or heavier than these limits may show and receive premiums but will not be eligible to be named a champion or reserve champion. The Lottery Pigs are the only ones exempt from this rule. Rate of gain is being measured and production traits should be expressed without penalty in the show.

PRE-ENTRY OF ANIMALS: See General Rules

ONLINE ENTRY: All entries must be pre-entered into the online fair entry program - <https://salineco.fairwire.com> by the stated deadline.

ENTRY LIMIT: A maximum of 6 head total per exhibitor (combination of Lottery, Market & Breeding).

IDENTIFICATION OF SWINE: Fresh tags are not allowed unless the tag is a replacement authorized by the Extension Office.

The registration papers **MUST** show **THE EXHIBITOR'S NAME OR A CO-OWNER WHO IS AN IMMEDIATE MEMBER OF THE EXHIBITOR'S FAMILY AND IS LISTED ON THE COUNTY FAIR ID FORM. FAMILY FARM OR RANCH NAMES WILL NOT BE ACCEPTED.**

REGISTERED BREEDING GILTS: Must have registration papers presented at check-in time with ear notches matching ID form. To be eligible to show in a registered class, a breeding animal must be tagged with an official 840 USDA EID tag, owned by the exhibitor or co-owner listed on the registration papers (no papers in farm names or ranch names), have an official breed registration number.

Breeding gilts must be born on or after December 1, 2024.

Minimum entries for Breed Classes - Any breed without at least 3 breeding gilts exhibiting in their breed will show in the All Other Breed (AOB) Division.

DUAL IDENTIFICATION

Exhibitors can dual-identify gilts as breeding and market but you must decide at the time of online fair entry deadline. **YOU WILL NOT BE ALLOWED TO SWITCH FROM BREEDING TO MARKET OR MARKET TO BREEDING AT FAIR CHECK-IN TIME.**

LOTTERY GILTS WILL NOT BE ALLOWED TO EXHIBIT IN BREEDING GILT CLASSES. LOTTERY CLASSES ARE MARKET CLASSES ONLY.

IDENTIFICATION LIMIT: A limit of 40 pigs total may be identified per exhibitor.

EID TAGS: All hogs to be exhibited must have an office EID tag. Families will be responsible for tagging hogs to limit disease spread.

NOTCHES: If animals have notches you are encouraged to record these according to the Universal Notching System as a backup identification on the identification form. Notches do not serve as the official form of swine identification.

CHECK-IN OF SWINE

Check-in will be on Wednesday evening from 6-7:30 p.m.

I.D. CHECK AND WEIGH IN – Hogs will have EID tags checked, weighed, and processed as they are unloaded between 6 and 7:30 p.m. Wednesday, all hogs need to be in place by 7:30 p.m. **If you bring your hogs on Wednesday before 6 p.m., it is the family's responsibility to bring them to the scale area for tag check and weigh in. DO NOT send pigs through the scale without an exhibitor or family member physically present with the pigs. It is not the responsibility of the Superintendents**

to bring your pigs to the scale. The superintendents will NOT come find you or come to your pens.

NO RE-WEIGHS: There are no re-weighs. For weight limits refer to WEIGHTS above.

PENS, TACK AND BEDDING: See General Rules

PENS ARE ASSIGNED FOR 3 PIGS PER PEN. You are responsible for bringing your OWN pen divider should you need to separate pigs in your assigned pen(s). Individual pens cannot be guaranteed for pigs with different feeding plans. Please use wash racks or other means to feed hogs individually if desired.

CLEANING: Swine pens may be cleaned during or immediately after loading out has started on Sunday. Pens are to be free of bedding and manure for final inspection on Monday.

PEN PINS AND PANELS: DO NOT remove pins or panels to make pens larger.

Hogs must remain until the fair release time, failure to remain will result in premiums being withheld from exhibitors.

BEDDING: Woodchips are to be used. No straw.

USE OF TUBE WATERS IN SWINE BARN

Tube waterers are highly discouraged as this water can become very hot when allowed to sit in the tube which may lead to the pig(s) not drinking the needed amount of daily water. These types of waterers may drip causing wet bedding which may draw flies and other insects into the barn. Exhibitors are encouraged to keep bedding dry and utilize wash racks for feeding or watering with less wet bedding drawing flies in the barn.

WASH RACKS: Wash racks are limited, exhibitors are asked to kindly limit usage to thirty (30) minutes, allowing all exhibitors time to wash and cool their pigs

SHOWMANSHIP DIVISIONS: MUST PRE-ENTER

Senior - (age 14 & older as of Jan. 1 of the current year)

Intermediate - (age 11 to 13 as of Jan. 1 of the current year)

Junior - (age 8-11 as of Jan 1 of the current year)

4-H Clover Kids - enrolled 4-H Clover Kids ages 5-7 as of Jan. 1 who have their own swine project and non-enrolled youth borrowing a swine for showmanship only.

The Overall Showmanship Division will also include the winners of the Senior, Intermediate, and Junior division.

SHOWMANSHIP TIME

The showmanship competition will be held at the beginning of the show. Senior showmanship will be first followed by Intermediates, Juniors, and Overall. 4-H Clover Kid showmanship will follow overall showmanship.

SHOW ORDER: Showmanship, Breeding Gilts, Lottery Gilts, Market Gilts, Lottery Barrows, Market Barrows, followed by Pen of 4 (breeding and market). Open Class Swine to follow.

THIS IS A BLOW & GO SHOW.

GROOMING:

Swine (showmanship and market) will be shown Blow & Go. Animals may be clipped, blown, brushed or combed to enhance their appearance. All animals will be shown free of any adhesive, glue, paint, or powder products. Any compounds that have adhesive qualities that when applied cannot be combed or brushed through or alter the color of the animal are forbidden. Alcohol, water, oil, foam or any water or alcohol-based products with no adhesives or glue qualities, or artificial colorings are permitted. Any animal found to have prohibited products applied (adhesive, glue, paint, or powder products) will be disqualified from competition. Any premiums (physical or monetary) will be forfeited, and no refunds will be made.

SUBSTITUTE SHOWMAN: See General Rules

LIVE SHOW DIVISIONS:

The live show will start after the showmanship competition is completed.

DIVISIONS: Market Gilts and Barrows will be divided into three weight divisions each (Light-weight, Middle-weight and Heavy-weight). Class weight breaks are determined at the discretion of the Superintendents and Extension staff. Lottery pigs will be separate divisions (gilts and barrows) and live division winners are eligible for live championships of the gilts and barrow divisions. Breeding gilt division will be divided into Purebred and Crossbred.

NO GILT CAN BE EXHIBITED IN BOTH A MARKET CLASS AND A BREEDING CLASS.

CLASSES: All **market hogs** will be shown by weight classes determined by the weight at the Wednesday weigh-in. **Lottery Pigs** will be their own class based on sex/weight. Breeding Gilts will be shown as follows: **Purebreds** by breed (must have 3 entries per breed or will show as AOB. **Crossbred** breeding gilts will be shown by weight classes determined by weight at the Wednesday weigh-in.

LOTTERY PIGS

1. Lottery Gilts
2. Lottery Barrows

MARKET PIGS

3. Market Gilts
4. Market Barrows

BREEDING GILTS

5. Purebred Breeding Gilts
6. Crossbred Breeding Gilts

ANIMALS IN SAME WEIGHT CLASS: If a single exhibitor has two animals in the same weight class, they can declare to show one in the next higher weight class. Exhibitors or parents should report this change to the show clerk before showmanship classes are completed, the morning of the show. If moving an animal results in an exhibitor now having two entries in the higher class the exhibitor cannot move one from this class.

Purebred breeding gilts will be shown by age. Crossbred breeding gilts will be shown by weight.

4-H CLOVER KID ANIMAL EXHIBITS

Superintendent: Extension Office

GENERAL INFORMATION

Youth ages 5-7 as of Jan. 1 of the current year who are officially enrolled in Saline County 4-H as of June 13 of the current year are eligible to enter and exhibit size-appropriate animals if all requirements of identification and entry are completed.

ENTRY LIMIT FOR LARGE ANIMALS

4-H Clover Kids may enter a maximum of TWO animals in the 4-H Clover Kid Division from the following areas: bucket calf, goat, sheep, or swine. However, the Clover Kid can only enter ONE in EACH area. Example: the Clover Kid can enter ONE bucket calf and ONE goat or; ONE swine and ONE sheep, etc.

CLASS LIMIT FOR LARGE ANIMALS

A Clover Kid may enter ONE animal per class with a maximum of TWO total animal entries TOTAL from the following species: bucket calves, goat, sheep, or swine.

ENTRY AND CLASS LIMIT FOR SMALL ANIMALS

A 4-H Clover Kids may enter a maximum of ONE animal in the 4-H Clover Kid Division from the following areas: poultry or rabbit. Example: the Clover Kid can enter ONE rabbit and ONE poultry. Clover Kids can enter ONE dozen eggs as well which does not count toward the two entry limit. Other entries should be entered in Open Class Division.

WEIGHT OF CLOVER KID ANIMALS

For safety reasons and adhering Nebraska 4-H policy for Clover Kids, Clover Kid animals must weigh less than 350 lbs at check-in time. All Clover Kid animals will be weighed. If the animal is over 350 lbs, the youth will not be allowed to exhibit the animal. NO EXCEPTIONS. See Nebraska 4-H Handbook Section 16.1.3 Animal Exhibits for Clover Kids at <https://4h.unl.edu/policy-handbook/section-16>

ANIMAL DATE OF BIRTH

Clover Kid animals should be born after Jan. 1 of current year

CLOVER KID LIVE ANIMAL SHOW STRUCTURE

All Clover Kid LIVE animal entries will exhibit their animal at the end of each respective 4-H animal show in a "CLOVER KID" division. Please refer to the individual 4-H animal show program and sections in this fairbook.

ANIMAL GROOMING

Blow and Go rules apply to Clover Kid animal entries well where animal grooming is concerned. See Beef section for Blow and Go rules.

Clover Kids must complete and return to the Extension Office by June 14 the appropriate animal identification forms. Forms can be picked up at the Extension Office or downloaded at: <https://go.unl.edu/animalidentification>

EAR TAGS AND SCRAPIE TAGS

Refer to the animal identification information for the appropriate type of tag identification your entry requires at: <https://go.unl.edu/animalidentification>

YQCA TRAINING

Clover Kids are NOT required to complete YQCA training.

SHOW ATTIRE

4-H Clover Kids are asked to wear the official grey 4-H show shirt. Orders must be submitted to the Extension Office by May 2 of the current year. We do not keep an inventory on hand, you must pre-order. A dark wash jean is to be worn with no rips or holes and appropriate shoes. No sandals or open-toed shoes are allowed.

ENTRY PROCEDURE

All Clover Kid animal and showmanship entries must be pre-entered into the online fair entry program – <https://salineco.fairwire.com>

FAILURE TO PRE-ENTER WILL RESULT IN THE CLOVER KID NOT BEING ABLE TO EXHIBIT THEIR ANIMAL(S) IN ENROLLED CLOVER KID CLASSES.

STALLING

Clover Kid Animals are to be stalled the ENTIRE duration of the fair and remain stalled until Sunday release time.

CHECK-IN AND WEIGH-IN

Clover Kid Animals will follow the same in-place/check-in and weigh-in schedule as the 4-H/FFA exhibitors found on the schedule in the fairbook.

RIBBONS AND PREMIUMS

All Clover Kid live animal entries will receive participation ribbons ONLY & \$1 per entry.

LIVE ANIMAL CLASSES

1. +Swine
2. +Bucket Calf
3. +Sheep (Market)
4. +Sheep (Breeding)
5. +Goat (Market)
6. +Goat (Breeding)
7. +Poultry
8. +Rabbit

STATIC ANIMAL EXHIBIT CLASS

15. +Animal Science Exhibit - poster or display on animals, care of an animal, feeding exhibit, etc. This exhibit will be checked in the Clover Kid area during static entry check-in times.

CLOVER KID SHOWMANSHIP

Enrolled 4-H Clover Kids (ages 5-7 as of Jan. 1) who have identified and entered animals will have the opportunity to also participate in a Showmanship class. Showmanship is different than the live class. This Showmanship class is non-competitive exhibition that gives the youth the chance to show their animal(s) and talk to the judge about them. The opportunity to experience showing an animal should be used as an introduction to the 4-H animal science program, and not forced upon the youth.

Enrolled 4-H Clover Kids (ages 5-7 as of Jan. 1) who DO NOT have their own identified and entered animal can borrow/use an animal **already at the fair** to participate in 4-H Clover Kid Showmanship. Bucket calves, goats, sheep or swine are not to be brought to the fairgrounds for the purposes of Clover Kid Showmanship only. Clover Kid exhibitors of cats, dogs, or small animals can bring in ONE of these species the day of the show and return home after the show.

CLOVER KID SHOWMANSHIP ENTRY LIMIT

Youth are limited to the number of species they participate in for Clover Kid Showmanship (**one per species/class**) (i.e., **one swine, one bucket calf, etc.**) **YOUTH MAY ENTER A MAXIMUM TWO CLOVER KID SHOWMANSHIP CLASSES.**

ANIMAL HANDLING

Training and knowledge of the animal, animal handling, and care should be considered. If you as a parent do not think your Clover Kid can exhibit the animal in a manner that is safe for the youth and other exhibitors, it is best to not bring the animal to the fair.

ENTRY PROCEDURE

If you are an enrolled Clover Kid in Saline County 4-H and are planning to participate in Clover Kid Showmanship with your own animal already at the fair, pre-entry is **REQUIRED** by the June 13 deadline. You will use the designated online entry website. Youth ages 5-7 as of Jan. 1 of the current year who will be borrowing an animal already at the fair for Clover Kid Showmanship will need to sign up at the announcer's stand prior to the beginning of each respective show.

4-H CLOVER KID BUCKET CALVES

Youth ages 5-7 as of Jan. 1 who have identified and entered a Bucket Calf should note the following: these calves should be raised on a bucket or bottle. Suckling from a cow should not exceed 1-2 weeks. Introducing and eventually changed over to a solid protein diet. **It is highly discouraged to pull a calf from a cow to have a bucket calf project.** Bucket calves should be orphaned calves or calves for some reason cannot be adequately cared for by the cow.

CLOVER KID SHOWMANSHIP TIMES

Clover Kids with their own entered and identified animal and Clover Kids who are borrowing an animal already at the fair will have a Clover Kids Showmanship class following the showmanship age divisions of each species during the 4-H/FFA shows. Ex: Clover Kids with bucket calves will participate in showmanship during the beef show; Clover Kids with swine will participate in showmanship during the swine show, etc.

CLASSES

L. Small Animal - showmanship includes dog, rabbit, poultry, household pets (guinea pigs, snakes, amphibians, etc.), and cats will be offered in the 4-H Exhibition building at 5 p.m.

1. +Cat
2. +Dog
3. +Small Animal (hamster, guinea pig, etc.)
4. +Poultry
5. +Rabbit

M. Large Animal - showmanship includes bucket calves, sheep, goats, and swine (**ONLY** animals under the weight of 350 lbs may be entered for Clover Kid Showmanship for safety reasons).

Date: Tuesday, July 16 at 3 pm

LOCATION

4-H Exhibit Building.

PRE-REGISTRATION REQUIRED

4-H members must pre-register. Registration details will be in the 4-H newsletter.

AGE DIVISIONS AND CLASSES

1. +Senior (ages 14-18 as of Jan. 1)
2. +Junior (ages 8-13 as of Jan. 1)
3. +Clover Kids (ages 5-7 as of Jan. 1)

GENERAL INFORMATION

See Table for Two-Recipe Review Contest Guidelines at: <https://go.unl.edu/recipe-review-table-for-2-contest>

Rules: The 4-H member picks the occasion/theme for their table setting (picnic, formal dinner birthday, holiday party, etc.) and plans the entire menu.

They prepare ONE of the menu foods. You must bring the recipe for your featured food. Recipe can be printed or typed on a recipe card appropriate for the length of the recipe. Your entry must also include the entire menu for the occasion.

A table centerpiece is encouraged but not required. A table is set for one with plates, dishes, glasses, eating food, and menu included at the setting.

All edible items must be home-made specifically for this exhibit. Food items may not come from another food exhibit already entered at the fair and cannot pre-made/purchased. (Example: Decorated cookies cannot come from any Decorated Foods entry or cookies purchased from the store.) Exhibits will be judged on three parts: the food prepared, the table setting, and the menu selected. Crystal, china, and silver may be removed following ribbon placing.

CONTINUED ON NEXT PAGE

4-H TABLE FOR TWO - RECIPE REVIEW CONTEST CONTINUED

4-H'er provides their own sturdy standard-size square card table, dishes, silverware, and table linens for one person, plus a centerpiece.

IMPORTANT: For hot or cold foods, the contestant is RESPONSIBLE for keeping the foods at the appropriate serving temperature. If needed, food can be kept warm or cold in the exhibit building kitchen for a brief time before the contest begins.

Judges will select ONE winner from the county contest.

Clover Kids will receive a participation ribbon only. The same rules will for the Clover Kid division with the exception, that they must choose ONE food for the occasion and menu from the following list which are self-stable foods: cookie, muffin, bars, brownies, chex or trail mix, cupcake or other baked or decorated item.

One overall winner from Junior and Senior divisions will be selected. The top 3 entries will be asked to keep their display set up for the public until the release time for all exhibits. No food items will be displayed on the top 3 tables. All other contestants will be asked to take their tables, etc. home after the contest. If space allows, we will ask all contestants to display their table setting for the entire fair.

ROUND ROBIN SHOWMANSHIP CONTEST

Date: Saturday, July 19 – Following 4-H/FFA Beef Show

A Round Robin contest is a FUN competition between the top showmen from certain species to see who can show all of the species correctly. This contest will focus on the large animal species. Large Animal includes Beef, Sheep, Goat, and Swine. The purpose of the round robin competition is to promote an understanding and recognition of these different species divisions as well as to encourage interaction and friendly competition among our animal showmen.

How will the contest go?

Round Robin contestants must check-in a half hour before the competition starts (**following the Jr. Beef Show**). Exhibitors will then receive their exhibitor number and directions for the contest.

Contestants will compete **by Overall Species Showmanship Champion**. The contestants will rotate through each "species station" and demonstrate their knowledge and showmanship skills to the judge. Each contestant will bring their own animal that was shown in the showmanship class which they received a Showmanship award with. Each animal must be haltered, except swine, and equipped with appropriate tools; for sheep, contestants may choose to remove the halter when time begins but must replace when time is finished. Contestants will be asked to find their own animal for each species by receiving permission from another 4-H /FFA member for the time of the contest.

Each rotation will be made up of **5-10 minutes** of judging and 1-3 minutes to rotate to the next specie. Specie order will be from largest to smallest (beef, sheep, goat, swine).

Who is eligible?

The Overall Champion Showman of Beef, Sheep, Goat, and Swine in regular showmanship will be eligible for the Round Robin contest. In the case that a showman is awarded Overall Champion in multiple species, they are allowed to choose which species they will represent, and the species not chosen will move down to the Reserve Overall Champion Showman, and so forth. If either decline to enter, then a substitution will be made according to Showmanship placing in the species division.

*If the contest continues each year, the contestant awarded Round Robin Champion may not compete again. *

What do contestants wear?

Contestants are required to wear the Saline County Fair shirt with blue or black jeans and closed-toes shoes. Everything should be clean and nice, No holes, tears, or stains. No hats may be worn during the contest. Attire should follow the dress code for regular show requirements.

NO PREMIUMS PAID

NEW CONTEST!

How will the Round Robin contest be judged and scored?

The judge will have **5-10 minutes** to run the class and determine a score for each contestant from 1 to 5. 5 being the highest score, and 1 being the lowest score the contestant may receive. The judge will mark a score card for each contestant by circling the number for the score that contestant receives. There is a small spot for comments and contestants may review their scores after the awards are given out.

Scores are broken into two categories: questions and showmanship. Showmanship will account for 3 points of the total score (handling of the animal, setting/position of legs, and changing positions). Questions will test the contestants' knowledge of each species. There will be two questions asked at each station, each question accounting for 1 point of the total score.

The scores for each species will be totaled for each contestant, a total of 20 points (5 from each species), and an overall champion will be designated. Ties will be broken by dropping the score of the species they entered in. The next highest score will be dropped until the tie is broken.

Awards will be given immediately after the completion of the competition.

Can I watch the Round Robin contest?

Absolutely! Everyone is invited to come see some of our great showmen compete for the title of Overall Grand Champion of Saline County. Please keep in mind that NO COACHING in any manner is allowed at any time during the contest. Any contestant being coached will receive a score of zero for the species being shown at the time of the incident. Out of the best interest of the contestants and judges, please keep all comments to yourself until after the contest has been completed and awards are given out.

As this is a fun and friendly competition, it is encouraged that contestants work with other 4-H and FFA members from other species prior to the start of the contest.

After the contest, what are my responsibilities?

- ✓ Collect your animal, return to pen/stall, and attend the awards recognition.
- ✓ Each contestant will be able to view the scores and score cards after the award recognition immediately following the contest.
- ✓ Don't forget to thank those who helped organize this event!

4-H STATIC EXHIBITS GENERAL INFORMATION

All exhibitors must be Saline County 4-H members of the current year and officially enrolled in Saline County by June 15 of the current year.

PRE-ENTRY: All 4-H and FFA static exhibits must be pre-entered into the online fair entry program by June 13 – <https://salineco.fairwire.com> by the stated deadline.

ENTRY AND RELEASE TIMES

Entries entered and released according to the schedule in this fairbook in addition to the 4-H Newsletter, social media posts, and the Saline County Extension website.

ENTRY LIMITS

Entries are limited to one exhibit per class number. 4-H'ers must be enrolled in the project area to exhibit in that project.

COUNTY ONLY EXHIBITS

Classes denoted with a "+" sign immediately after the class number are NOT eligible for State Fair!

STATE FAIR SELECTION PROCESS

All static exhibits **must have received a purple ribbon** at the county fair to advance to the State Fair. Not all purple ribbon exhibits will advance to the Nebraska State Fair. The Nebraska State Fair display space has a limited amount of room to display exhibits. For this reason, the State Fair determines the quotas for the number of exhibits that can advance to State Fair judging. In some cases, not all purple ribbon exhibits will be chosen for the State Fair based on the discretion of judge(s).

Youth who are ages 8 or older as of January 1 of the current year can have their exhibits sent to State Fair if the judge so desires and the exhibit receives a purple ribbon. Clover Kid exhibits from your ages 5-7 as of the current year are not eligible for the State Fair.

4-H EXHIBITOR REQUIREMENTS

4-H members, their parent/guardian, and club leaders are responsible for reading and following the instructions in the fairbook. Late, incomplete, or incorrect entries may be lowered one ribbon placing, or in some cases, disqualified. Inappropriate exhibits may be removed from public display at the discretion of the Extension staff. You can find all the information required in the beginning sections of the project Department, Division, and Class information.

SUPPORTING INFORMATION

Not all but many exhibits do require extra supporting information to be included with your exhibit(s) to help define for the judge(s) the intent of your exhibit or the processes you used to create your exhibit. If this supporting information is not attached to your exhibit at fair check-in/judging time, your exhibit will be lowered one ribbon placing.

INTERVIEW JUDGING OF STATIC EXHIBITS

Interview judging is available for one item/exhibit in each of the following areas: Foods, Home Design & Restoration, Horticulture/Floriculture, Clothing, Photography, and General. Interview judging sign-up schedules will be available in each static entry check-in area. Interviews will be conducted on the judging day.

COUNTY FAIR THEME

The County Fair theme is announced in the 4-H newsletter, the Saline County Extension website, and on social media.

Entries in any department, section, and class related to the theme are welcome. Use your imagination and develop an exhibit that builds enthusiasm for the county fair theme. The Top Theme Award will receive an award at the 4-H award presentation on Thursday evening of the fair.

USE OF COPYWRITTEN IMAGES

Copyrighted writing, artwork, videos, and images may be used in 4-H educational exhibits under Fair Use for educational purposes of Copyright Law. In order to qualify for fair use, 4-H'ers must: 1) only use a small amount of the copy-written work, 2) add new meaning to the work to make it original, 3) rework it and use it in a totally different way, and 4) use it for nonprofit purposes (not to make money). Giving credit to the original creator is recommended.

PROJECT RESOURCES AND SCORESHEETS

Educational resources for your projects/exhibits can be found in the project manual which can be obtained at the Extension Office.

Score sheets for State Fair eligible exhibits can be found at: <https://4h.unl.edu/state-fair-static-exhibitor> within each project area. County Fair only exhibits are not available online.

STATIC AWARD AGE DIVISIONS

Juniors: ages 8-13 as of Jan. 1 of the current year.
Seniors: ages 14-18 as of Jan. of the current year.

NEW - COUNTY FAIR THEME EXHIBIT ENTRY AND SELECTION

Division J

Any youth who enters an exhibit depicting the 2025 County Fair Theme: "New Boots, Old Roots", must enter the exhibit in the appropriate class AND make an ADDITIONAL entry in the "Fair Theme Exhibit class. Failure to enter in the "Fair Theme Exhibit class will result in your exhibit not being eligible for the "Fair Theme Exhibit judging. Any static entry is eligible IF ENTERED.

+1. Fair Theme Exhibit

FLORICULTURE AND HORTICULTURE

Superintendent: Deb Schwisow

GENERAL INFORMATION

Horticulture exhibits may only be entered in 4-H, not in FFA.

ENTRY INFORMATION

All horticulture and floriculture entries must be pre-entered using the fair entry website listed in this fairbook by the stated fair entry deadline.

ENTRY TAGS

The Extension Office does not print entry tags for horticulture or floriculture exhibits.

Exhibitors need to make their own entry tags using a 4"x 6" index card stating the 4-H'ers name, town, 4-H age, class number, and name of the class. (Ex: John Brown, Beantown, Age: 10, Class 41. Rudbeckia) or download at: <https://go.unl.edu/hortcards> and print on cardstock.

ENTRY CARD EXAMPLE

Name:	_____
Town:	_____
Age:	_____
Class Number:	_____
Class Name:	_____

CULTIVAR OR VARIETY NAMES REQUIRED FOR STATE FAIR

Cultivar or variety names will be required for exhibits selected for the State Fair. If cultivar or variety names are not included the exhibit will be lowered one ribbon placing. Cultivar or variety names are not required at county fair, however, including it would be helpful for the judges. Potted plants must also have cultivar/variety names listed.

All entries must receive a purple ribbon at the county fair to advance to the State Fair. Not all purple ribbon exhibits will advance to the State Fair because of State Fair quotas.

Exhibitors whose exhibits were chosen for State Fair will be required to notify the Extension Office by the designated deadline via an online form as to which exhibits they will be exhibiting at the State Fair. It is not the responsibility of the Extension staff or the horticulture/floriculture superintendent to complete incomplete cultivar or variety names.

State Fair selection has changed. Ex: if an exhibitor is selected for a carrot exhibit, the exhibitor can only enter ONE vegetable exhibit at the State Fair. While the State Fair exhibit does not have to be carrots, it does have to be a vegetable exhibit. The same is true for floriculture exhibits and herbs.

INTERVIEW JUDGING: Interview judging is available. Please read 4-H static exhibit general information on page 59.

FLORICULTURE, EDUCATIONAL EXHIBITS AND HOUSEPLANTS - Division 770

EXHIBIT REQUIREMENTS

Exhibits entered under an incorrect class number, or which contain an incorrect number of stems will be dropped one ribbon placing. In classes 23, 45, & 46 do not duplicate entries with the classes or entry will be dropped one ribbon placing. For example: 4-H'ers with two cultivars or varieties of marigolds can only enter the marigold class and cannot enter the other cultivar or variety in any other class.

PERENNIAL & ANNUAL FLOWERS DEFINITIONS

A perennial is defined as a plant of which the crown over winters. An annual is a plant that grows from seed each season, whether self-seeded or planted by the gardener. A biennial is a plant that germinates, grows, and overwinters as a crown, blooms the following year, and dies. Foliage will be considered when the exhibit is judged. Names of plants must be included on entry cards.

FLORICULTURE

Containers will not be judged; however, they should be of adequate size to display blooms and in a clear glass container for cut flowers. There shall be no duplications of floriculture classes. Remove all foliage that will be underwater in the container. All 3 or 5 stems of cut flowers should be the same cultivar and color, do not mix cultivars and colors. Follow the guidelines in 4H "Preparing Cut Flowers for Exhibits" 4H227 <https://go.unl.edu/preparingcutflowerexhibits22> when preparing entries for the fair. Foliage will be considered when the exhibit is judged.

EXHIBIT PRESENTATION

Containers are not judged. If selected for the State Fair, your container may not be returned. All Cut Flowers and Biennials should be displayed in clear, glass containers which are appropriate in size for the exhibit for displaying the blooms. Any exhibit not in a clear, glass container will be lowered one ribbon placing. No screw-on plastic lids or screw-on rings/flats with holes poked may be used. To hold flowers in place it is suggested to use tin foil or a type of plastic wrap placed over the opening of the container and then poke holes into it for stem placement. Frog lids while screw-one can also be used. Frog lids are a lid with a gridded opening for securing the stems.

Cut Flower Annuals and Biennials - 5 stems of a single variety (cultivar) unless otherwise noted in ().

1. **Aster**
2. **Bachelor Buttons**
3. **Bells of Ireland**

EDUCATIONAL EXHIBITS

50. Flower Notebook - exhibit a notebook containing pictures of flowers grown in Nebraska. There must be at least 10 different species of annuals and/or biennials and 10 different species of perennials hardy to Nebraska. Bulbs may be included in a separate section. 4-H members may show more than one cultivar of the same species, but they will only count as one species. The notebook must be the result of the current year's work. Pictures from garden catalogs, hand-drawn pictures, or photographs may be used. Each species/cultivar must be labeled with the correct common name and scientific name; the height and spread of the plants and the growing conditions (for example: the species prefers full sun and dry sandy soil). In addition to this information, bulbs should also be labeled as spring or summer flowering. Give proper credit by listing the sources of pictures and information used. The 4-H member's names, age, county, and years in the project(s) must be on the back of the notebook.

51. Flower Garden Promotion Poster - individual poster promoting flower gardening, size 14" x 22" either vertical or horizontal arrangement. Poster may be in any medium: watercolor, ink, crayons, etc. as long as it is not 3-dimensional. Posters using copyrighted material will not be accepted. Entry card must be stapled to the upper right-hand corner. The 4-H member's name, age, county, and years in project(s) must be on the back of the poster.

52. Educational Flower Garden Poster - prepare a poster no larger than 14" x 22" x 2" (3 dimensional if needed) either vertical or horizontal arrangement illustrating a skill or project you have done or learned about in a 4-H flowers or houseplant project. One might show a special technique you use or equipment you have incorporated in your garden. Refer to 4-H horticulture project manuals, but use your own creativity. Entry card must be stapled to the upper right-hand corner. The 4-H member's name, age, county, and year(s) in the project must be on the back of the poster.

53. Flower Gardening History Interview - neatly handwritten or typed account of a gardening history interview whose flower garden has inspired you. Maximum of 4 pages of text and 2 pages of pictures (include 1 picture of this person you interviewed) of their flower garden if the individual is still gardening. Protect with a clear report cover. The 4-H member's name, age, county, and year(s) in the project must be on the back of the report cover.

HOUSEPLANTS

GENERAL INFORMATION

Youth must be enrolled in the Growing Great Houseplants project to exhibit in classes 60-66. Entries in Classes 60-66 must have been designed and planted by the 4-H member.

The choice of container and soil quality will be considered in judging. Each entry in classes 60-66 must be identified/labeled with the variety or cultivar for each plant either on the entry tag AND on the side of the container, or a tag in the container.

Plants should be grown in a display container for a minimum of six (6) weeks. Plants grown as houseplants must be used. Containers of annual flowers or annual plants will be disqualified. Exhibitors in Classes 60-65 must provide a saucer to catch drainage water. The 4-H member's name, age, county, and years in the project(s) must be on the bottom or back of the container and saucer.

CONTAINER AND PLANTER DIMENSIONS

Any container or planter (flowering or foliage potted houseplants, dish gardens, fairy or miniature gardens, desert gardens, or terrariums) shall be in containers no larger than 12 inches (use the inside opening measurement) in any dimension of length or width. No combination pots may be used. All potted plants are to be in a one-pot container. Any container-grown plant in classes 60-66 that does not follow these guidelines will be lowered one ribbon placing.

Containers of annual flowers or annual plants (i.e. petunias, geraniums, impatiens) will be disqualified and will not be judged.

RESOURCES

4-H Manual - "Guide to Growing Houseplants" and Neb Guide G837 "Guide to Selecting Houseplants" includes a listing of common houseplants can be found at: extensionpublications.unl.edu/assets/html/g837/build/g837.htm

The Extension Staff and the Saline County Ag. Society are NOT responsible for watering houseplants during the duration of the fair.

60. Flowering Potted Houseplant(s) - that are blooming for exhibition. Container may have one or more houseplants in container. Label with variety or cultivar for each plant. (Non-blooming plants will be disqualified). **Containers of annual flowers or annual plants (i.e., petunias, geraniums, impatiens) will be disqualified and will not be judged.**

61. Foliage Potted Houseplant - one variety of tropical or cacti or succulent plant. Label with name of plant.

62. Hanging Basket of Flowering and/or Foliage Houseplants - container may have one or more houseplants in container. Label with variety or cultivar for each plant.

63. Dish Garden - an open/shallow container featuring a variety of houseplants excluding cacti and succulents. Label with variety or cultivar for each plant.

64. Fairy or Miniature Garden - a miniature scene contained in an open container and featuring miniature or small, slow-growing houseplants. The garden needs to have an imaginative theme and miniature accessories, i.e., bench, fence made from tiny twigs, small shell for a bathtub, etc. Label with variety or cultivar for each plant.

65. Desert Garden - an open/shallow container featuring a variety of cacti and/or succulents grown as houseplants. Label with variety or cultivar for each plant.

66. Terrarium - in transparent container, partially or completely enclosed; sealed or unsealed. Label with variety or cultivar for each plant. PREMIUM CODE 13

COUNTY ONLY EXHIBITS

67. + Bucket Flowers - Containers are not judged, but your name must be marked on the bottom of the bucket. Plants must be identified on entry tag or by other means. **Plants must be grown for a minimum of 6 weeks in the bucket.** Only buckets that have blooming flowers will be judged. You may plant one or more varieties of flowers. Non-blooming (foliage) plants can be mixed with blooming plants. Exhibits will be placed throughout the fairgrounds after judging, you should take the display home after the fair.

2025 Floral Arrangement theme is centered around the fair theme (New Boots, Old Roots). Exhibitors are asked to use an old boot as the container for their arrangement. Use your creativity to create a unique arrangement. The exhibitor **MUST** create the arrangement. Purchased floral stems may be used; however, do not buy an already created arrangement to enter.

68. + Floral Arrangement: Small – Cut flowers only. The diameter of overall exhibit must be less than 6". 4-H'ers do not have to grow the plants used.

70. + Floral Arrangement: Large – Cut flowers only. The diameter of overall exhibit must be greater than 6". 4-H'ers do not have to grow the plants used.

71. + Native Nebraska Wildflowers & Grasses Arrangement – Arrangement must contain native Nebraska wildflowers and grasses. Include a card or label identifying each wildflower or grasses used.

VEGETABLES, HERBS, FRUITS, & EDUCATIONAL EXHIBITS - Division 773

GENERAL INFORMATION

Vegetables will be judged and exhibited according to guidelines available from the Extension Office such as the scoresheet.

In classes 252, 255, 268, 269, 285 and 286 do not duplicate entries with the classes listed by using other cultivars or varieties or entry will be lowered one ribbon placing. For example: 4-H'ers with two cultivars or varieties of red tomatoes can only enter the red tomatoes class and cannot enter the other cultivar or variety in any other vegetable class.

Dried vegetables will not be accepted (with the exception of dry beans).

ENTRY INFORMATION

Refer to the instructions in the Floriculture section as the same entry process applies for horticulture exhibits.

ENTRY TAGS

Exhibitors will make their own entry tags as referred to in the Floriculture section.

CULTIVAR OR VARIETY NAMES REQUIRED FOR STATE FAIR

Refer to the rules stated in the Floriculture section as the same guidelines apply for horticulture exhibits.

EXHIBIT REQUIREMENTS

Exhibits entered under an incorrect class number, or which contain an incorrect number of vegetables will be dropped one ribbon placing. Do not duplicate entry with any other classes. Ex: you enter class 243 Red Tomatoes and then you enter class 252 Any Other Vegetable with the cultivar of Red Tomatoes.

2. Whole Wheat Or Mixed Grain Bread - any yeast recipe, at least 3/4 of a standard loaf displayed on a paper plate.

3. Specialty Rolls - any yeast recipe, 4 rolls on a paper plate. May be sweet rolls, English muffins, kolaches, bagels, or any other similar recipe that makes individual portions. Please also include the recipe for the fillings used on kolaches or similar filled products if the filling is home-made. Note on recipe if filling is purchased or home-made.

4. Dinner Rolls - any yeast recipe, 4 rolls on a paper plate. May be cloverleaf, crescent, knot, bun, bread sticks, or any other type of dinner roll.

5. Specialty Bread - any yeast recipe, includes tea rings, braids, or any other full-sized specialty bread products. Must exhibit at least 3/4 of a full sized baked product.

6. Shortened Cake - At least 3/4 of the cake (not from a cake mix). Shortened cakes use fat for flavor and texture and recipes usually begin by beating fat with sugar by creaming, and include leavening agents in the recipe. Cake may be frosted with a non-perishable frosting (no cream cheese or egg white-based frostings allowed). Must exhibit at least 3/4 of the cake (recipe must not be from a cake mix).

PREMIUM CODE 8

COOKING 401 - DIVISION 412

Any bread item prepared or baked using a bread machine should be entered under the Cooking 201, Class 7 - Non-traditional Baked Product. All exhibits made in the Cooking 301 or Cooking 401 projects must have been prepared without the assistance of a bread machine for mixing, raising, or baking of the food item.

1. Double Crust Fruit Pie - made with homemade fruit filling (please include the recipe used for the filling and the crust). No egg pastries or cream fillings. No canned fillings or premade pie crusts. May be a double crust, crumb, cut-out or lattice topping. Using an 8 or 9-inch disposable pie pan is recommended.

2. Family Food Traditions - any recipe, at least 3/4 of baked product or 4 muffins or cookies on a paper plate. May be baked in a disposable pan. Any baked item associated with family tradition and heritage. Entry must include (A) the recipe, (B) tradition or heritage associated with preparing, serving the food, (C) where or who the traditional recipe came from. Sourdough is acceptable in this class.

3. Ethnic Food Exhibit - any recipe, at least 3/4 of baked product or 4 muffins or cookies on a paper plate or in a disposable pan. The name of the country, culture or region should be included as part of the supporting information with the recipe, as well as background information about the country or culture the food item is representing. Sourdough is acceptable in this class.

4. Candy - any recipe, 4 pieces of candy on a paper plate or 1/2 cup. No items containing cream cheese will be accepted (Example: cream cheese mints). Candy may be cooked or no cook; dipped, molded, made in the microwave or other methods of candy preparation. Recipe must be included.

5. Foam Cake - original recipe (no mixes) of at least 3/4 of the cake. Foam cakes are cakes that have a high ratio of eggs to flour and fall into three categories: angel food cakes or meringues; sponge or jelly roll cakes; and chiffon cakes. Cake may be frosted with a non-perishable frosting (no cream cheese or egg white-based frostings allowed).

6. Specialty Pastry - any recipe, at least 3/4 of baked product or 4 muffins or cookies on a paper plate or in a disposable pan. Baked items such as pie tarts, puff pastry, phyllo doughs, biscotti, choux, croissants, Danish strudels. Phyllo dough may be pre-made or from scratch. Pastries made with cream or egg-based fillings will be disqualified.

PREMIUM CODE 6

FOOD PRESERVATION

Processing Methods: Current USDA processing methods and altitude adjustments must be followed for all food preservation. Jam, preserves and marmalades, fruit, tomatoes and pickled products must be processed in a boiling water bath. Tomatoes may be processed in a pressure canner. All non-acid vegetables and meats must be processed in a pressure canner. Improperly canned or potentially hazardous food items will be disqualified. Spoiled or unsealed container disqualifies entry.

Jars and Lids: Do not need to be the same brand. Half pint jars may be used for jellies and preserves. The jars are not to be decorated by the exhibitor in any way. Canning jars must be used - others will be disqualified. No one-fourth pint jars allowed. Leave jar rings on for fair display, it helps protect the seal. Two-piece lids consisting of a flat metal disk and a ring should be used. No zinc lids or one-piece lids.

Current Project: Exhibits must have been preserved since the member's previous year's county fair, and not been exhibited at the previous county fair or state fair.

Criteria for Judging: Exhibits will be judged according to score sheets available at your local Extension office or the State Fairbook at:

<https://4hfairbook.unl.edu/fairbookview.php/rules>.

Incomplete exhibits will be lowered a ribbon placing. Canned food items not processed according to altitude in the county will be lowered one class ribbon. Commercially prepared seasoning mixes used in food preservation exhibits will be lowered on ribbon placing. Check with your local extension office or this site <https://food.unl.edu/elevation-and-food-preservation/> for your county's altitude and how that affects food processing times and pounds of pressure.

Labeling: Jars should be labeled with the name of the food item, name of the 4-H'er, county, and date of processing on the bottom of each jar. Exhibits containing multiple jars such as "3 jar exhibit" should be placed in a container to keep jars together. Each bag containing dried foods should also be labeled with the name of the food item, the name of the 4-H'er, county and drying date. Multiple dried food exhibits should be secured by a rubber band or "twisty" to keep exhibit containing the 3 self-sealing bags together. You can download and print the jar label at:

<https://go.unl.edu/canninglabel> or pick labels up at the Extension Office.

Recipe: Recipe must be included, and may be handwritten, photocopied, or typed. Commercially prepared seasoning mixes are not allowed.

RESOURCES

Current USDA guidelines for food preservation methods MUST be followed. Suggested sources of recipes include:

1. 4-H Food Preservation Manuals (Freezing, Drying, Boiling Water Bath Canning, Pressure Canning)
2. *USDA Guide to Home Canning* - <https://nchfp.uga.edu/>
3. Nebraska Extension's Food Website <https://food.unl.edu/food-preservation> or Extension publications from other states
4. Ball Blue Book (published after 2009)

4-H FOOD PRESERVATION CARD REQUIRED

All exhibits must include the 4-H Food Preservation Card at: <https://go.unl.edu/4hfoodpreservationcard> attached to the project as the required supporting information or include following information with exhibit:

1. Name of product
2. Date preserved
3. Method of preservation (pressure canner, water bath canner or dried)
4. Type of pack (raw pack or hot pack)
5. Altitude (and altitude adjustment, if needed)
6. Processing time
7. Number of pounds of pressure (if pressure canner used)
8. Drying method and drying time (for dried food exhibits)
9. Recipe and source of recipe (if a publication, include name and date).

SPECIAL FOOD ENTRIES - Division 415

+ COUNTY ONLY EXHIBITS

The following classes are open to any 4-H'er enrolled in a foods project. Only one exhibit per class per member.

1.+ You Put in What? A baked product that will maintain its appearance throughout the fair. Include a recipe that contains a unique or unexpected ingredient and must not be a mix. (i.e., sauerkraut cake, castor oil cookies). Entries will be tasted.

2. + Food Gift- Prepare a food item that you would give to someone as a gift and package it creatively. Entry must consist of a baked food item.

3.+ Food Flop Exhibit - This entry is open to any 4-H member enrolled in a foods project. The purpose of this entry is to document and learn from creating a food entry that totally "failed." Your entry needs to include: Your name, the name of the original project and class name in which you intended to exhibit in on a 1-page story on an 8 1/2" x 11" paper telling about your experience, what you learned from it, and what you would do next time to get a better result. Your story **MUST** be attached to the physical entry - sample of the "food flop" should be according to the original division and class requirements had it not "flopped." Example: If you intend to bring cookies, then you need to bring 4 "flopped" cookies on a plate in a Ziplock bag, the recipe with the recipe source stated on the recipe. See the beginning of the Food section for requirements for the quantity of the original exhibit.

SEE YOU AT THE

COUNTY
FAIR

Clothing and Fashion Show Superintendent: Darcy Meinke

Once you have completed a clothing level, i.e. - sewn a garment for the STEAM Clothing 3 project, you cannot go back a level to STEAM Clothing 2. The idea is to advance and learn new skills each year.

GENERAL INFORMATION

Garments as listed may be made for self (4-H member) or another person. Garments will be displayed at the county fair.

GARMENT DISPLAY FOR ENTRY

All garments (except knitted and crocheted articles) must be on hangers with a swivel hook. If you use more than one hanger for an entry, fasten hangers together with twist ties or rubber bands.

ENTRY TAG - As you look at the garment, the entry tag should be safely pinned on the right side of the garment. No straight pins,

ENTRY LIMITS

You may enter one entry per class number unless otherwise stated.

IDENTIFICATION LABELS

Identification labels: each entry entered as a clothing exhibit must have a label attached to the back neckline or back waistband of the garment stating: county, 4-H member's name and age, project name and class in which garment is entered, and number of years enrolled in project in which exhibiting. Wool entries must have fiber content listed on the identification label. Attach label to every component of the outfit using safety pins or baste.

DATA DESIGN CARD

A Design Data Card must be included with all Beyond the Needle Classes 3-8 and STEAM 2 and 3 upcycled exhibits. The data card is available at <https://go.unl.edu/ne4hclothing>. If the data card is not included, the exhibit will be lowered one ribbon placing. The data design card is only required for the classes listed above.

All static exhibits must have received a purple ribbon to advance to the state fair. There are some exceptions as the county must adhere to state fair exhibit quotas. A purple ribbon does not guarantee the exhibit qualifies for the state fair.

HOME DESIGN AND RESTORATION

Superintendent: Cindy Brandt

GENERAL ENTRY INFORMATION

All Home Design and Restoration entries must be items designed to be used for home decorating, home furnishing, or home management. No clothing, purses, note cards, scrapbooks/photo albums.

Apply color and design principles using different materials and display objects for your home; develop original designs; plan a comfortable, clean, attractive home; make connections between visual arts and other disciplines; explore ways to make your house more green; learn new painting techniques; design or select furniture, fabric, and storage items for your room; accessorize a room-design or select unique items such as wall art, wall arrangements, or lamps; recognize factors that make antiques valuable; refurbish and restore heirloom or heritage furnishings and accessories; preserve family heirlooms.

Accessories should be ones of high quality (as compared to quick, simple crafts), that are suitable for use in the home several months throughout the year. Items entered that are not for home decorating (clothing, purses, note cards, necklaces, key chains, scrapbooks, or photo albums, etc.) are not judged. Holiday decorations will not be accepted at State Fair but can be entered as county only exhibits. Exhibits using kits are also discouraged as kits limit decision-making in the design process.

Items should show creativity and originality, along with the application of design elements and principles. Youth are required to include the design elements and principles they used, along with simple explanation of how they designed their project with their project with their exhibit. Information on the elements and principles of design may be found in the Design Decisions manual.

Items should be ready for display in the home: pictures framed, wall hangings and pictures ready to hang, etc. No single mat board or artist canvas panels allowed. Wrapped canvas (if staples not visible on edge) are acceptable without framing. Make sure hangers are strong enough to support the entry. Command Strips are not adequate hangers. Items not ready to display will be lowered one ribbon placing.

Items should not be made for beginning level or other projects (ex: simple 10-minute) table runners or woodworking). Exhibits from the beginning level project Design My Place, are county only and not state fair eligible.

EXHIBIT SIZE

Exhibits may be no taller than 7' and no wider than 6'. All exhibits must be easily lifted by two staff members.

EXHIBIT IDENTIFICATION

In addition to the entry tag, all exhibits must be labeled with the exhibitor's name and county. This can be a piece of masking tape, label, or small piece of paper affixed to the exhibit.

SUPPORTING INFORMATION IS REQUIRED

Supporting information is required for all Home Design & Restoration exhibits for the Saline County Fair and the state fair. The information must include elements or principles of design used and steps taken to complete the project. The tag templates can be found at: <https://go.unl.edu/ne4hhomedesignrestoration> All exhibits must receive a purple ribbon to advance to the state fair if chosen. Failure to include the Design Tag will result in being lowered a ribbon placing.

ENTRY LIMIT

One entry per class.

INTERVIEW JUDGING: Interview judging is available. Please read 4-H static exhibit general information on page 59.

HEIRLOOM TREASURES/FAMILY KEEPSAKES Division 256

GENERAL ENTRY INFORMATION

This project area is for items with historic, sentimental, or antique value that are restored, repurposed, or refurbished to keep their original look and value. It is not for recycled items. For example, a bench would be considered an heirloom if the original finish is restored, but if decorated by painting it would be considered recycled. Entering highly valuable items (especially small ones) is discouraged, as exhibits are not displayed in closed cases.

Supplemental Information for Exhibits:

1. List of steps taken to complete your project. The information must also include the element or principle of design used. Before and after pictures encouraged.
2. Keepsakes documentation: how you acquired the item and the history of the item – may be written, pictures, audio, or video tape of interview with family member, etc.

1. **Trunks** - including doll-sized trunks or wardrobes.
2. **An Article** - either a newly made "treasure" (accessory) from an old item or an old "treasure" (accessory) refinished or renovated. May include a display of a collection or collectibles, being careful not to destroy the value of the collection.
3. **Furniture** - either a repurposed "treasure" from an old item or an old "treasure" refinished or renovated. May include doll-sized furniture.
4. **Cleaned and Restored Heirloom Accessory or Furniture** - a reconditioned and cleaned old piece of furniture or accessory that is functional for use or display. Item might be cleaned and waxed, and simple repairs made. Item would not be refinished or repainted but reconditioned to restore it to its original look or to prevent it from further damage as a valuable heirloom. Consult extension publication **Care and Conservation of Heirloom Textiles, G1682** for information on textiles. (Refinished items go in classes 2-3.) This publication can be found at: <https://go.unl.edu/gcnh> This class is for situations where it may be best to do very little to the item to maintain its antique value. Item or article should be of complexity suited to an advanced project.

PHOTOGRAPHY EXHIBITS

Superintendent: Melanie Kunc

GENERAL INFORMATION

Photography Level 1 is open to all 4-H'ers (ages 8-18 as of Jan.1 of the current year), despite levels of experience. Level 1 classes are designed to help 4-H'ers further build upon photography interests and gain experience in the project. 4-H'ers are allowed to exhibit in State Fair eligible entries in only **one level**, either Level 2 or Level 3, as these levels are eligible for State Fair should they be selected. Any 4-H'er enrolled in Photography can exhibit in Level 1, no matter their other exhibit levels or experience, as this is a county only division. Ex: You are enrolled in Level 2 photography, and you enter a Level 2 photography exhibit for the county fair that is from a State Fair class, this means you cannot enter any Level 3 exhibits for the county fair that are from State Fair eligible classes. You can, however, enter any Level 1 exhibit as these are county only exhibits. County only exhibits are noted with a + before the class number.

RULES APPLYING TO ALL PHOTOGRAPHY EXHIBITS

ENTRY LIMIT:

One entry per class number.

INTERVIEW JUDGING: Interview judging is available. Please read 4-H static exhibit general information on page 59.

Photos must be taken by the 4-H member during the current project year (except Portfolios which may include images captured and/or exhibited in previous years). An image may only be used on one exhibit with the exception of Portfolios, which may include images entered in other classes.

The date feature should be disabled when taking 4-H photos.

Camera types - Photos may be taken with any type of film or digital camera, including phones, tablets, and drones.

Entry Tags - Entry tags should be securely attached to the upper right-hand corner of picture displays. Exhibit Prints can scotch tape entry tags to the upper right-hand corner.

Matting (Sandwich backing) Your "Print" Exhibits - When Sandwich backing is specified, this refers to the picture being placed between the mat and mat-board backing (like a sandwich) securely fastened together to hold picture in place with glue or double stick tape. Matting instructions can be found at:
<https://go.unl.edu/4hphotographyexhibitprep>

Securely attach photos, mats, backing, and data tags. Exhibits that are poorly attached may be disqualified. Do not use photo corners, borders, or place coverings over the exhibit.

Do not utilize the clear plastic sleeves with adhesive closure flap for the purpose of submitting prints commonly received when ordering matte frames online. Prints should be brought and entered in a plastic bag for display purposes (most fit in 2-gallon bags).

Data Tags - Required on all photography print and display exhibits. Data Tags are not required on Portfolios. Each exhibit must have the appropriate number and level of data tags as outlined below. Data Tags and instructions on how to complete Data Tags can be found at <https://go.unl.edu/ne4h-photography> or can be picked up at the Extension office. Attach data tags securely to the back of the exhibit.

Level 1 Exhibits: All Level 1 exhibits must have a Level 1 Data Tag.

- **Level 2 Prints:** All Level 2 prints must have a Level 2 Data Tag.
- **Level 2 Displays:** Each photo of the display must include a separate Level 2 Data Tag. Data Tags should be numbered with the corresponding photo's number.
- **Level 3 Prints:** All Level 3 prints must have a Level 3 Data Tag.

Portfolios - All portfolios must include the following information: 1) 1-page max bio, 2) table of contents, 3) year each photo was taken, 4) title for each image, 5) device make and model used to capture each image and 6) reflections for each photo. When writing reflections, youth should focus on what new photography techniques or skills they were practicing when they took the photo, what makes the image successful, and what could have been done to improve the image. Data tags are not required for portfolios. Portfolios may be presented in either print or digital formats:

1. Printed portfolios should be presented in an 8.5x11 three-ring binder or similar book format. Recommended photo size is 8" x10". Matting is not necessary.
2. Digital portfolios may be presented online and must be exhibited along with a single 8.5"x11" flyer. Flyers must include a link, URL, or QR code that takes users (judges and fairgoers) to their online portfolio.

Display Exhibits - Displays consist of three 4"x6" photos mounted on a single horizontal 11"x14" black or white poster or mat board. Incorrect sizes will not be accepted. No foam board backing should be used. Each photo in the display must be numbered using a pencil. Numbers should be readable but not distract from the overall display. No titles, captions, or stick-on numbers will be allowed. Photos may be mounted vertically or horizontally. Appropriate Data Tags are required. Each photo of the display must include a separate Level 2 Data Tag. Data Tags should be numbered with the corresponding photo's number.

Print Exhibits - Print exhibits must be 8x10 printed and mounted in 11x14 (outside size) cut matting with a sandwich mat board backing. Incorrect sizes will not be accepted. No foam board should be used for matting or backing. Mat openings may be rectangular or oval. Photos may be horizontal or vertical. No frames are allowed. Appropriate data tags are required.

PHOTOGRAPHY BASICS (Level 1) - Division 180 ALL EXHIBITS IN Level 1 ARE COUNTY ONLY

4.+ People, Places, or Pets with Personality Display or Print - photos should have a strong focal point of people, places, or pets capturing their personality or character. Photos may be posed or unposed. (Activity 13)

2.+ Black and White Display or Print - photos should create interest without the use of color. Photos should show strong contrast and/or textures. Photos may be captured in black and white or captured in color and edited to black and white. (Activity 15)

3.+ Animals or Bird Display or Print - photo will capture an unposed subject in its natural habitat or being in its own environment.

4.+ Landscapes Display or Print - entries could include sunrises, sunsets, weather events, or nature's landscapes capturing only natural scenes. Photos should be in color.

5.+ Fair Theme Display or Print - open to artistic interpretation, capture photo(s) that showcase this year's fair theme, "Fun for the Whole Herd". The photo(s) can be black and white or color.

6.+ Alphabet Soup Display - capturing naturally occurring letter shapes, with photos, spelling out your first OR last name. Realistically, the display should contain less than 10 letters for ease of displaying at the fair. Based on the variables of the entry, it is preferred that 4x6 photos should be arranged horizontally or vertically, secured to a background that allows them to be hung similarly to other entries on the display racks or by a display easel provided by the 4-Her. Creativity is allowed with the background of the display, but poster board or foam board is recommended. Plywood or barnwood is not recommended.

7.+ Flat Lay Print or Display - create a flat lay of collaborative objects or clothing that coordinate well together based on hue, tones, or purpose. Using proper composition, submit color photo(s) capturing your creation. Flat Lay Definition: Flat Lay Photography is a photograph taken from directly above looking down giving a bird's eye view of what it is your photographing and is an extremely popular genre of photography on social media.

8.+ Food Blog Photography - can be a 5"x7" or 8"x10" sandwich matted photo. Take a photo of a staged food or ingredients taking into consideration presentation of the item(s).

9.+ Portrait (Family Group) - can be a 5"x7" or 8"x10" sandwich matted photo. Take a group or family photo, each photo must have 2 or more people included in the shot, taking into consideration posing, coordinating colors, and appropriate photo background.

10.+ Scavenger Hunt Display - 4-Her chooses a theme and captures photos matching that theme. Judge will critique based on uniqueness, quality of photos, as well as how well photos coordinate with chosen theme. The display will consist of three 4"x6" photos mounted on a single horizontal 11"x14" black or white poster or mat board. Each photo in the display must be numbered using a pencil. Numbers should be readable but not distracting from the overall display. No tiles, captions, or stick-on.

Print Exhibits - Print exhibits must be 8x10 printed and mounted in 11x14 (outside size) cut matting with a sandwich mat board backing. Incorrect sizes will not be accepted. No foam board should be used for matting or backing. Mat openings may be rectangular or oval. Photos may be horizontal or vertical. No frames are allowed. PREMIUM CODE 13

NEXT LEVEL PHOTOGRAPHY (LEVEL 2) - Division 181

Level 2 photographers should be utilizing all the skill and techniques they have developed thus far in their photography careers, especially topics covered in Book 1 Photography Basics and Book 2 Next Level Photography.

10. Level 2 Portfolios - level 2 portfolios should represent the photographer's best work and must include 5-7 different images from the 4-H member's photography career. At least 2 images must have been taken during the current year. The remaining images may have been taken at any time during the member's 4-H experience and may have been previously exhibited. Portfolios may include photos which are exhibited in other Level 2 classes during the same year. Portfolios must include: 1) 1-page max bio, 2) table of contents, 3) year each photo was taken, 4) title for each image, 5) device make and model used to capture each image, and 6) reflections for each image. When writing reflections, youth should focus on what new photography techniques they were practicing when they took the photo, what makes the image successful, and what could have been done to improve the image.

20. Creative Techniques & Lighting Display or Print - photos should capture a creative use of lighting, such as diffused lighting, back lighting, or hard lighting, reflections, or another lighting technique covered in LEVEL 2 Next Level Photography (activity 3, 4,5).

30. Creative Composition Display or Print - photos should capture a creative composition using the rule of thirds, golden triangle, golden rectangle, or another composition technique in LEVEL 2 Next Level Photography (activity 6, 7, 8, 9)

40. Abstract Photography Display or Print - photos should be abstract or capture a small piece of a larger subject. Abstract photos may not look like anything in particular but should be able to capture a viewer's attention in LEVEL 2 Next Level Photography (Activity 11).

50. Candid Photography Display or Print - candid photos should capture a special moment or meaningful interaction. Photos should be un-posed in LEVEL 2 Next Level Photography (Activity 10).

60. Expression Through Color Display or Print - photos should capture a creative use of color or a color scheme, such as complimentary, contrasting, monochromatic, warm, cool, primary, secondary, or tertiary in LEVEL 2 Next Level Photography. (Activity 13).

PREMIUM CODE 12

MASTERING PHOTOGRAPHY (LEVEL 3)

Division 182

Level 3 photographers should be exploring and experimenting with advanced techniques. This may include but does not necessarily require using SLR camera, manual adjustments, or other advanced equipment. Level 3 photography should be utilizing all the skills and techniques they have developed throughout their photography career, especially topics covered in Book 1 and Book 2, and Book 3.

10. Level 3 Portfolio - level 3 portfolios should represent the photographer's best work. Must include 9-11 images from the 4-H'er's career. At least 3 photos should be from the current year. The remaining images may have been taken at any time during the member's 4-H experience and may have been previously exhibited. Portfolios may include photos which are exhibited in other Level 3 classes during the same year. See rules for portfolios above.

20. Advanced Techniques & Lighting Print - photos should show an experimentation or exploration of advanced lighting, such as low light or silhouette photography or another advanced photography technique, such as astrophotography, underwater photography, or infrared photography found in Level 3 Mastering Photography. (Activity 3, 4, 5, or 12)

30. Advanced Composition Print - photos should show advanced compositions, such as using diagonal, horizontal, or vertical lines or repeating shapes to frame a subject or lead the viewer's eye through a scene; breaking the rule of thirds to compose a discordant image; or another advanced composition technique covered in Level 3 Mastering Photography. (Activity 6, 7).

40. Portrait Print - a great portrait captures not only a person's physical image, but also something of the person's character or personality. Photos may be either formal or informal but must be of one or more human subjects found in Level 3 Mastering Photography (Activity 9)

50. Still Life Print (SF89) - Photos should capture non-moving objects that have been arranged in an interesting way. Photos should demonstrate advanced control over lighting and composition found in Level 3 Mastering Photography (Activity 8)

60. Freeze/Blur the Moment Print - photos should capture a subject in motion. Photographers should adjust shutter speed to either freeze or blur the movement covered Level 3 Mastering Photography (Activity 11).

1. State which ONE age group (infant, toddler, preschooler, middle childhood) the kit was prepared for.
2. What are children this age like? Give 2 examples to show how the kit would be appropriate for children this age.
3. What will the child learn or what skills will they gain by using the kit?
4. What item(s) were made by the 4-H'er. 4-H'er should make one or more items in the kit, but purchased items are also allowed. (It is highly suggested that an inventory list of items in the kit be included).

4-H'ers enrolled in the I HAVE WHAT IT TAKES TO BE A BABYSITTER project may enter:

Toy, game, or activity made for a selected and identified age group. The intent is for the toy, game, or activity to teach the child in the developmental area related to each class. For example, a game that is developed to help youth learn language and literacy skills would be an exhibit for class 2. Each area is a different class.

1. Social Emotional Development

2. Language and Literacy Development

3. Science

4. Health and Physical Development

5. Math

6. Creative Arts

7. Activity with a Younger Child - poster or scrapbook showing 4-H'er working with a child age 0 to 8 years. May show making something with the child, or childcare or child interactions. May include photos, captions, story, or essay. The size of exhibit is your choice. Other people may take photos so 4-H'er can be in the photos. 4-H'er must make scrapbook or poster. No information sheet needed for class 7. (SF 115)

8. Babysitting Kit - purpose of the kit is for the 4-H member to take this with them when they babysit in someone else's home. Do not make a kit for a combination of ages or for your own family to use. Chooser ONE age group (infant, toddler, preschooler, middle childhood). 4 4-H'er must make one or more items in the kit, but purchased items are also allowed. A list of items in the kit is suggested to be included. Display in box or bag suitable for what it contains. Approximate size not larger than 12"x15"x10". All items in the kit must be safe for child to handle. Most importantly the kit should serve a defined purpose and not be a catch all for several items. Information sheet for class 8 must be included.

4-H'ers taking any of the projects in Department C-200 may enter:

9. Family Involvement Entry - scrapbook, poster, or story describing an activity the family did together. It might include making something such as a doll house or feed bunk. Items may be exhibited if desired. Other possibilities include a house or farm cleanup project, a family reunion, a celebration of a family milestone, a trip or vacation, moving, a community service project. Photographs are encouraged. Visuals should show family participation. Participation by all family members is important. Include a list of family members and what each person did to participate in the event.

4-H'ers taking GROWING ALL TOGETHER (2 or 3) may enter:

10. Growing With Others - scrapbook or poster. Examples - How to decide if it is time you can be home alone, and related activities. How responsibilities and privileges are related. Friendships. Working with others. Understanding rules and boundaries. A family tree. A family rules chart. A family meal plan, with pictures of a special family meal. A home safety checklist. Being street smart (safety). A school

scrapbook showing yourself and your school activities, memories, and special interests.

11. Growing In Communities - scrapbook or poster. Examples: A career study. A photo story about your own growth and development, not only physically but emotionally, socially, spiritually, mentally. A television evaluation (see project manual). How you have overcome obstacles. Friendships. A community profile. A community service project. Working with parents. Teaching experiences. Understanding discipline. Playground safety check.)

QUILT QUEST - Division 229

GENERAL INFORMATION

A quilted exhibit is made up of at least 3 layers. Quilts or quilted items must be machine quilted or hand tied through all layers. No fleece blankets, please.

All quilt piecing and finishing must be the sole work of the 4-H member. Quilting, whether machine or hand or hand-tied, except for the Premier Quilt class. No pre-quilted fabric may be used. Wall quilts must have a hanging sleeve on the back of the quilt or some method for hanging. All quilts must be clean and finished for intended purpose.

When judging Quilt Quest exhibits, the judges consider SF209 "Standards for Judging Quilts and Quilted Items."

Note the description of the classes. They denote the degree of difficulty in construction and not the number of years in the project.

SUPPORTING INFORMATION

All quilted exhibits in classes 50-83 must include a half sheet of 8 ½ x 11" paper including an explanation answering the following questions:

- A) How did you select the design and fabrics?
- B) Did you use a kit, jelly roll, charm squares, etc.
- C) Explaining what you did and what was done by others.
- D) What did you learn that could be used on your next project?

Attached the question and answers using a safety pin (no straight pin) to the lower left corner of the back of the quilt with the name of the quilt maker and date completed.

FABRIC

For all classes, 4-Hers can choose fabrics for the quilt by selecting fabric from fabric bolts. 4-Hers may also use "fabric collections" offered by manufacturers in a particular designer or fabric line. Examples of fabric collection include:

- **Jelly Rolls** are made of (up to) 40 different strips of 2 ½" wide fabric laying on top of one another and rolled up to look like a jelly roll. The fabric is created by one designer or fabric line and compliments each other. In many cases, less skilled 4-Hers find it difficult to cut narrow strips with a rotary cutter and ruler, so this fabric selection may make it easier as they learn.
- **Honey Buns** are made like the Jelly Rolls with 1 ½" strips of fabrics.
- **Layer Cakes** are 10" squares of fabric from a manufactured designer or fabric line with different pieces of fabric "layered" on top of one another to look like a piece of cake.
- **Charm Packs** are made of 5" squares of coordinating fabric and may be tied up with a string or scrap of fabric.
- **Candies** are 2.5" squares of fabric from a manufactured designer or fabric line.

- **Turnover** is a collection of coordinating fabrics that are cut into 6" triangles.
- **Fat Quarters** are ½ yard cuts of fabric which are cut in half to make a rectangle that is approximately 18" x 21". (One half yard of fabric yields 2 fat quarters). The "fat quarter" can be more economical to purchase for a smaller quilt because the purchaser does not have to buy the entire yardage width.
- **Fabric Kit** is a collection of fabrics cut in large pieces to accommodate the requirements of a particular quilt pattern. The 4-Her must cut out all of the smaller squares, rectangles, etc. to make the quilt top according to the pattern directions.

After fabric selection, youth can use a variety of tools for cutting the fabric and completing the quilt. Cutting into pattern pieces may include hand roller die cutting machines that cut various shapes that can be applied to fabric. This is allowed in the construction of the quilt.

EXPLORING QUILTS

10. Exploring Quilts - illustrate some aspect of quilts or quilt making. Examples include, but are not limited to, language arts, quilts of different cultures, chemistry, design, preservation, history, and construction, math-conversion of quilt patterns, textiles/fabrics, computerization, and entrepreneurship. History may include history of an old quilt or history or research of a particular style of quilt such as Baltimore album quilts, or Amish quilts. Exhibit may be a 14" x 22" poster, 3-ring binder notebook, or the use of a digital platform. All items in an exhibit must be attached together and labeled. No quilted items in this class.

RULES: In Classes 20, 21, and 22. Supporting information is required for these exhibits. Information must also include elements or principles of design used and steps taken to complete project. Tag templates can be found on the 4-H State Fair website, please note this is in the Home Design and Restoration information sheet:

<https://go.unl.edu/ne4hhomeenvironment>

Exhibits without supporting information will be lowered a ribbon placing.

20. Quilt Designs Other Than Fabric - two or three dimensional item with quilt design made using medium other than fabric such as stained glass, paper, etc. Supporting information required - see rules above.

21. Barn Quilt - Less than 4' x 4'. Supporting information required see rules above.

22. Barn Quilt (SF208B) - 4' x 4' or larger. Supporting information required see rules above.

30. Computer Exploration - Exhibit may be a 14" x 22" poster or 3-ring notebook with a minimum of six computer-generated quilt designs or color variations on a quilt design. Include information of type of program used, process used to generate designs, or how you used color to create different quilt designs. No quilted items in this class.

QUILTED EXHIBITS

40. Wearable Art - quilted clothing or clothing accessory which must have a recognizable amount of quilting. May include fabric manipulation. Quilting must be done by 4-H'er. On a half sheet of 8 ½ x 11 inch paper, tell how you selected the design and fabrics including whether or not you used a kit, jelly roll, charm squares, etc.

41. Inter-generational Quilt - a quilt made by a 4-H youth and family members or friends of different generations. On a half-sheet of 8 1/2 x 11 inch paper, include A) How was the quilt planned and who did what in the construction of the quilt? B) How did you select the design and fabrics including whether or not you used a kit, jelly roll, charm squares, etc.? C) What did you learn that you can use on your next project?

42. Service Project Quilt - a quilt that has been constructed by 4-H youth to be donated. On a half-sheet of 8 1/2 x 11 inch paper, include A) explanation of why the quilt was constructed and who will receive the donated quilt, B) How did you select the design and fabrics used including whether or not you used a kit, jelly roll, charm squares, etc.?

C) What did you do and what was done by others? D) What did you learn that you can use on your next project?

QUILT SIZES

Add the length and width of your quilt to determine the size to make sure it is entered in the correct class.

Small - length + width = less than 60". This class includes miniature quilts, wall hangings, table runners, placemats (4), and pillow and must be quilted.

Medium - length + width = from 61" to 120".

Large - length + width over 120".

Pieced quilts are made up of squares or rectangles.

Attach card with supporting information.

50. Small

51. Medium

52. Large

In addition to squares or rectangles, quilts may have triangles, and/or may be embroidered. Attach card with supporting information.

60. Small

61. Medium

62. Large

In addition to any of the methods in classes 50 - 62, quilts may have curved piecing, appliqué, Celtic style, stained glass style, paper piecing, art quilt style. An art quilt is an original exploration of a concept or idea rather than the handing down of a "pattern". It experiments with textile manipulation, color, texture and/or a diversity of mixed media. An Art Quilt often pushes quilt world boundaries), or other non-traditional styles. Attach card with supporting information.

70. Small

71. Medium

72. Large

PREMIER QUILTS

Premier Quilt - entire quilt is the sole work of the 4-H'er, including quilting (hand or machine). No tied quilts. Attach card with supporting information.

80. Hand Quilted

81. Sewing Machine Quilted

82. Long Arm Quilted - non-computerized/hand-guided

83. Long Arm Quilted - computerized

MY FINANCIAL FUTURE - Division 247

GENERAL INFORMATION

Entries should be typed and then attached to a piece of colored card stock or colored poster board (limit the size of the poster board or card stock to 14" x 22" or smaller). You may use the front and back of the poster board.

Beginner/Intermediate

1. Write 3 SMART Financial Goals For Yourself - one should be short term, one intermediate, and one long term.) Explain how you intend to reach each goal you set.

2. Income Inventory - using page 13 as a guideline, list sources and amounts of income you earn/receive over a six month period. Answer the following questions: What were your income sources? Were there any steady income sources? What did you do with the income you received? Include your income inventory in the exhibit.

3. Tracking Expenses - use an app or chart like the one on page 17 to track your spending over 2 months. Answer the following questions: What did you spend most of your money on? What did you learn about your spending habits? Will you make any changes in your spending based upon what you learned? Why or why not? Include your chart in your exhibit.

4. Money Personality Profile - complete the money personality profile found on pages 21-22. Answer the following questions: What is your money personality? How does your money personality affect the way you spend/save money? Have a friend or family member complete the money personality profile. Compare and contrast (how are you alike how are you different) your money personality profile with theirs.

5. Complete Activity 8 "What Does It Really Cost?" - on pages 39-40.

6 My Work; My Future - interview three adults in your life about their careers or jobs using the questions on page 51 and record these answers. In addition, answer the following questions on your display. What did you find most interesting about these jobs? Were there any positions you might want to pursue as your career? Why/Why not? What careers interest you at this point in your life? What are three steps you need to do now to prepare for this career?

Intermediate/Advanced

7. Interview - someone who is paid a salary; someone who is paid a commission; and someone who is paid an hourly wage. Have them answer the following questions plus any additional questions you may have.

*What are some benefits of receiving your pay the way you do (salary, commission, or hourly wage)?

*What are some negative outcomes for getting paid the way you do?

*Does your pay keep pace with inflation? Why do you think this?

Summarize: Based upon your interviews which payment method would suit you the best? Discuss your answer.

8. The Cost of Not Banking - type your answers to the questions about Elliot on page 50.

9. Evaluating Investment Alternatives - complete the case study of Jorge on page 64. Answer all three questions found at the bottom of the page.

10. Understanding Credit Scores - watch the video and read the resource listed on page 71. Answer the following questions.

*Name 3 prudent actions that can reduce a credit card balance.

*What are the main factors that drive the cost of credit?

*List one personal financial goal that you could use credit or collateral to purchase. Discuss possible consequences that might happen with improper use of credit for your purchase.

11. You Be the Teacher - create an activity, story board, game or display that would teach another youth about "Key Terms" listed on page 62. Activity/display must include at least five (5) of the terms.

ECOSYSTEM SERVICES - Division 310

COUNTY ONLY ENTRIES

1.+ Write a Story about an Ecosystem - why there are no honeybees. See page 13.

2.+ Energy In/Energy Out! Display - make a display following pages 32-33.

3.+ Create an Ethanol - education poster 14" x 22". See pages 36-37.

EARTH'S CAPACITY - Division 315

COUNTY ONLY ENTRIES

5. + Book Report - Read one of the two books listed on page 6. Answer the questions on page 7 on one sheet of paper.

6.+ Butterfly Observations -Observe butterflies in your area. Answer the questions on the bottom of page 23 on a sheet of paper for your exhibit.

7.+ Take in the Trash -Do the Take in the Trash activity on pages 38-39. Answer the questions at the bottom of page 39 on a sheet of paper for your exhibit.

GENERAL INFORMATION

The official reference for all forest projects is the Tree Identification Manual 4-H 332 which can be picked up at the Extension Office. Other helpful forestry references include Trees of Nebraska (EC 92-1774-X).

DISPLAY BOARD, POSTER AND BOOK SIZES

Display "boards" must be made from wood or wood composite, i.e. plywood, masonite or equivalent, 1/4" to 1/2" thick and no larger than 24" x 24". Display boards may be coated, e.g. painted, varnished or equivalent, on both sides, to prevent warping.

Display "posters" must be made from a material, i.e. foam board or poster board that will stand upright without buckling. Length and width must be no more than 24" x 24".

Display "books" must measure no more than 16" x 16".

At least 5 of the 10 samples in Classes 2, 3, 4, and 5 must be from the list of 60 species described in 4-H 332. Samples must be from 10 different tree species. For example, Emerald Queen Maple and Crimson King Maple are both varieties of the same species (Norway Maple) and thus have the same genus and species name, i.e., *Acer platanoides*. All samples must be from trees, NO shrubs. If more than 10 samples are included in the display, only the first 10 samples from the current year will be judged.

Due to Emerald Ash Borer infestation, no true ash species (Green Ash, White Ash, Black Ash, or Blue Ash) may be included in any collection. Inclusion of a true ash species will result in the project being disqualified.

Remember that other general labeling standards apply. For example, scientific names are always italicized or underlined. Also, the first letter of a Genus is always capitalized. The first letter of a species name is always lower case. When required, always indicate complete scientific names (Genus and species) and common names, (i.e. Norway Maple) even when "variety names" are included. For example, the scientific name of Emerald Queen Maple is *Acer platanoides* and the common name is Norway maple. "Emerald Queen" may be included as the variety name, but variety names are not required.

How well the exhibitor follows written directions is an important factor in judging.

1. Design Your Own Exhibit - prepare an educational exhibit about some aspect of trees, forests, or forestry. Examples include paper recycling, forest fire, forest products, forest wildlife, or forest pests. The only requirement is that the display be no larger than 24 inches by 24 inches by 24 inches. You can use photographs, drawings, samples, charts, posters, etc. Include enough information to adequately explain the subject to the viewer. Be as creative as you like.

2. Leaf Display - the leaf display must include samples of "complete leaves" from at least 10 different tree species. The display must include at least two samples of simple leaves, compound leaves, and conifer leaves. Leaves should be pressed, dried, and mounted.

Collection: Whenever possible, collect leaves from mature trees. The leaf samples should also be mature, representative of the average leaves on the tree, and in good condition. Keep in mind that shaded leaves often are much larger than normal.

Carefully remove leaves from the twig with the entire petiole or rachis (if compound) intact. If twig material is included in the display sample, as with an eastern red cedar twig where leaves are very small, indicate this on the sample label.

Collect leaves any time after they have reached full size, usually beginning in early summer. All collection must be done by exhibitor.

During collection, fresh leaf samples can be temporarily stored within the pages of an old magazine, but they should be properly pressed and dried for display. Be sure to record pertinent information during collection.

Mounting: Leaves may be displayed in a notebook or on a display board. Any method may be used to mount leaves but be sure all their features can be clearly identified.

Labeling: Refer to 4-H 332 for labeling specifications. The label for each sample must include:

- 1) common name
- 2) scientific name
- 3) leaf type
- 4) leaf arrangement (for broadleaf trees)
- 5) leaf composition (for broadleaf trees)
- 6) collector's name
- 7) collection date
- 8) collection location (be specific, including county and other relevant information)

Supplemental information, e.g. general uses, common products, fall color, etc., may also be included with the display to enhance its educational value.

3. Twig Display - Display must include twig samples from at least 10 different tree species. The display must include at least two samples each of both opposite and alternate leaf arrangements from broadleaf trees.

Collection: Twig samples should be collected during the dormant season (November-April) when the buds are mature. Twig samples must be at least 6 inches long including the terminal end, contain buds. Leaves must be removed. Any side branches should be trimmed to less than 1". All collection must be done by the exhibitor.

Mounting: Twigs must be mounted on a display board. Any method, e.g. wire, glue, tape, staples, plastic bags, may be used to mount twigs, but be sure all their features can be clearly identified. Be sure to cut the non-terminal end at a slant so the pith can be seen.

Labeling The label for each sample must include:

- 1) common name
- 2) scientific name
- 3) leaf arrangement (for broadleaf trees)
- 4) collector's name
- 5) collection date
- 6) collection location (be specific, including county and other relevant information)

Supplemental information: e.g. general uses, tree characteristics, etc. may be included with the display to enhance its educational value.

4. Seed Display The seed display must include seed samples from at least 10 different tree species.

Collection: Tree seeds should be collected at the time of year when they are ripe, which varies widely depending upon tree species. For example, Silver maple seeds ripen in May while red oak acorns do not mature until September. Collect seeds that are free of insect or disease symptoms. Remember to display the seeds, and not the fruit. For example, remove and display the seed from a honey locust pod, not just the pod itself. It is acceptable to display the fruit with the seed, but clearly label each. All collection must be done by exhibitor.

Mounting: Seeds may be displayed in a variety of ways, but they must be securely mounted and easily viewed. For example, seeds might be mounted on a display board or displayed in jars in a rack. Be as creative as you like.

Labeling: The label for each sample must include:

- 1) common name
- 2) scientific name
- 3) type of fruit, if known (e.g. samara, pod or legume)
- 4) collector's name
- 5) collection date
- 6) collection location (be specific, including county and other relevant information)

Supplemental information, e.g. maturity date, average number of seed in the fruit, etc., may also be included with the display to enhance its educational value.

5. Wood Display - the wood display must include wood samples from at least 10 different tree species. All collection must be done by the exhibitor.

Preparation: Samples may be of any shape, e.g. sections of a board, wood cylinders turned on a lathe, horizontal or vertical cross sections of a small log with bark attached, etc. Each sample can be no larger than 4 inches by 4 inches by 4 inches. Cut surfaces should be sanded to show the grain. Treating samples with a clear finish (no stain) is optional.

Mounting: Samples may be displayed in a variety of ways, but they must be securely mounted and easily viewed. For example, wood samples may be mounted on a display board or displayed in a box or rack. Be as creative as you like.

Labeling: The label for each sample must include:

- 1) common name
- 2) scientific name
- 3) wood type (softwood or hardwood)
- 4) collector's name
- 5) collection date

6) collection location (be specific, including county and other relevant information)

Supplemental information, e.g. common products, density, etc., may be included with the display to enhance its educational value.

6. Cross Section Display - a disc cut from a tree species listed in 4H 332. The disc must measure 6 to 12 inches in diameter and 1 to 3 inches thick. The bark should be firmly attached, which may be difficult if the tree was dead when the disc was cut. Sand at least one side of the disc so the grain can be seen. The disc may be treated with a clear finish but treat both sides to minimize warping. Some cracking or checking can be expected and is allowed. All sections should be collected by exhibitor and be collected within one year of the fair.

Labeling: The following parts must be clearly and precisely identified on the disc with pins, paper tags, etc.

- a) pith
- b) heartwood
- c) sapwood
- d) one growth ring
- e) cambium
- f) bark

A separate label attached to the back of the disc must include:

- 1) common name
- 2) scientific name
- 3) tree classification (softwood or hardwood)
- 4) age (of the cross section)
- 5) collector's name
- 6) collection date
- 7) collection location (be specific, including county and other relevant information)

7. Parts of a Tree (This project is for youth ages 8-11) - prepare a poster, no larger than 24 inches x 24 inches that identifies the main external parts of any tree: trunk, crown, leaves, roots, fruit, flowers, buds, bark. Identifying other internal parts, e.g. cambium, annual rings, etc. is optional. Attach a separate label on the back of the poster that includes the exhibitor's name and age.

8. Living Tree Display - a tree seedling grown by the exhibitor from seed. The seed must be from a species listed in 4H 332. The seedling must be 60 days to 1 year old (on State Fair judging day). The container must contain at least 8 inches of soil (potting mix or suitable natural soil), have drainage holes, and a drain pan to catch drainage water.

Labeling: A waterproof label must be attached and include:

- 1) common name
- 2) scientific name
- 3) seed treatments (if any)
- 4) planting date
- 5) emergence date
- 6) exhibitor's name

Supplemental information: e.g. where the seed was collected, growth measurements, uses for that species, etc., may be included in an attached notebook, poster, etc. Supporting information will be an important factor in judging.

9. Forest Product Display - Prepare a visual display and/or collection tracing the origin of one non-lumber product that comes from trees and/or forests. The display must be no larger than 24 inches x 22 inches x 28 inches. Photographs, drawings, samples, charts, posters, etc. can be used. Posters submitted may be no larger than 22 inches x 28 inches and may be either vertical or horizontal. The contestant must identify what species of tree the product is derived from and where the product is harvested, grown, or otherwise collected. The product listed must be partially or fully derived from trees; if partial the approximate percentage should be articulated in the display.

- The goal of this exhibit is for students to learn that many products come from trees and forests and to explore one of these products through in-depth study.
- Information about the tree or forest product: e.g. information about harvesting, processing, industry information, and environmental or other benefits may be included to enhance educational value. Supplemental information will be an important factor in judging but should not exceed three printed pages of text. Cite sources of information.
- Personal interviews with industry professionals are encouraged as a source of information.

10. Forest Health Display - Prepare a visual display outlining a specific forest health issue such as a tree disease, insect pest, animal- or human-caused damage, or an abiotic issue such as weather damage. The display must be no larger than 24 inches x 24 inches x 24 inches. Original photographs, drawings, samples, charts, posters, etc. can be used. Actual specimens are strongly encouraged but must be properly preserved, i.e. insects pinned or placed in vials of alcohol, leaves pressed and dried. Posters submitted may be no larger than 24 inches x 24 inches.

- Explain through the display what species of trees the health issue affects, diagnostic features of the issue (symptoms in trees, identifying features of the pest, etc.), and management options.
- Include common and scientific names of trees and pests.
- Supplemental information about the tree or forest health issue: e.g. origin, proliferation in Nebraska/United States, and physiological effects on the tree may be included to enhance educational value. Supplemental information will be an important factor in judging but should not exceed three printed pages of text. Cite sources of information.
- Attach a separate label on the back of the display that includes the 4-H member's name and age.

11. Wildfire Prevention Poster - Prepare a poster, no larger than 24 inches x 24 inches that promotes wildfire prevention strategies. Strategies articulated in the poster can include personal and/or land management actions. Attach a separate label on the back of the poster that includes the exhibitor's name and age.

- Supplemental information about wildfire prevention should be attached to the poster: e.g. frequency of wildfires in Nebraska/United States, financial costs of wildfires, environmental factors that contribute to wildfires, etc. To enhance educational value. Supplemental information will be an important factor in judging but should not exceed three printed pages of text. Cite sources of information.

12. Sustainable Landscape Diorama - Box must be no larger than 24 inches x 24 inches. The exhibit must show a Nebraska landscape that includes elements such as windbreaks, fields, pastureland, CRP, public lands, community/municipal landscapes. The goal of this exhibit is for students to articulate conservation and sustainability best-practices that can be implemented on a landscape, while addressing landowner and other stakeholder interests.

- Label point/nonpoint sources of pollution, carbon sequestration, water-wise practices, wildfire prevention strategies, renewable energy sources, and other conservation practices as well as at least 10 species of plants included in the diorama. Attach to the exhibit a brief report including supplemental information describing the diorama, defining conservation practices, and outlining opportunities for landscape improvements to enhance educational value. Supplemental information will be an important factor in judging but should not exceed three printed pages of text. Cite sources of information.

13. Tree Planting Project Display - Plant a tree in your community. Prepare a visual display where the student articulates proper tree planting techniques, why the individual tree species was chosen, as well as steps taken to continue care for the tree after initial planting. The display must be no larger than 24 inches x 24 inches x 24 inches. Photographs, drawings, samples, charts, posters, etc. Can be used. Posters submitted may be no larger than 24 inches x 24 inches. The tree must have been planted 60 days to 1 year before State Fair judging day. Students must obtain permission from necessary authorities and property owners before planting any trees.

- Labeling: the following information about the tree must be included in the display: 1. common name 2. scientific name 3. planting location 4. planting date 5. tree source 6. planter's name 7. proper tree planting steps 8. tree care (after planting)
- Supplemental information about the tree: e.g. why the species was chosen, growth measurements, uses for that species, etc., may be included in an attached notebook, poster, etc. to enhance educational value. Supplemental information will be an important factor in judging but should not exceed three printed pages of text. Cite sources of information. PREMIUM CODE 13

RANGE MANAGEMENT - Division 330

GENERAL INFORMATION

Each exhibit must be properly identified with Unit and Class.

All plant displays and display covers must be the results of the current year's work.

Plant identification and lists of appropriate plants in each category (grasses, forbs, shrubs, and grass-like plants) can be found in the Range Judging Handbook and Contest Guide (EC150, Revised, 2025) - <https://extensionpubs.unl.edu/publication/ec150/2025/pdf/view/ec150-2025.pdf>, Common Grasses of Nebraska (EC170), and Common Forbs and Shrubs of Nebraska (EC118).

The purpose of these exhibits is to demonstrate to the public the benefits from the study and application of crop, weed, range, and soil sciences to solving problems in management, conservation, sustainability, and environmental protection.

Books (classes 1-6) - plants must be mounted on sheets that are no larger than 14" wide by 14" high. Plants should be glued rather than taped and the mounts should be protected with a clear cover. Exhibits will be judged on completeness of the plant mount, accuracy or identification, labeling, neatness and conformation to project requirements. Proper plant mount should include root as well as stem and leaf tissue. Each completed mount must have the following information (see example below) in the lower right corner of the mounting sheet:

1. Scientific name (in italic or underlined), with authority.
2. Common name.
3. County of collection.
4. Collection date.
5. Collector's name.
6. Personal Collection number, indicating order that plants were collected.
7. Other information, depending on class selected, i.e., value and importance, life span, growth season, origin, major types of range plants. This information should be typed or printed neatly.

Scientific name: *Schizachyrium scoparium* (Michx.) Nash

Common name: Little bluestem

County of collection: Hall County

Collection date: 6 August 2011

Collector's name: Joe Smith

Collection number: 3

Value and Importance: Livestock Forage: High, Wildlife Habitat: High, Wildlife Food: Medium

Displays (class 7) - The purpose of the display is to tell an educational story to those that view the display. This display is a visual representation (pictures, charts, graphs) no larger than 28" x 28" on plywood or poster board. The display should be neatly titled. Make sure to label the display with exhibitor's name, address, and county on the back side.

BOARD SIZE

Boards (classes 8-9) - Display boards should be should 30" wide by 36" tall or if hinged in the middle a maximum of 60" wide by 36" tall. Display boards should be adequately labeled.

1. Value and Importance for Livestock Forage and Wildlife Habitat and Food Book - a collection of 12 different plant mounts, with 4 classified as high value, 4 as medium value, and 4 as low value for livestock forage, wildlife habitat, or wildlife food. Value and importance classifications can be found in the Range Judging Handbook and Contest Guide (EC150, Revised, 2025). Plants can consist of any combination of grasses, grass-like plants, forbs, or shrubs. Assemble plant mounts in order of high, medium, and low value and importance. Label each plant mount with its value and importance classifications for each of the three areas; Livestock Forage, Wildlife Habitat, Wildlife Food.

2. Life Span Book - a collection of 6 perennial plant mounts and 6 annual plant mounts selected from grasses or forbs.

3. Growth Season Book - a collection of 6 cool-season grass mounts and 6 warm-season grass mounts

4. Origin Book - a collection of plant mounts of 6 native range grasses and 6 introduced grasses.

5. Major Types of Range Plants Book - a collection of plant mounts of 3 grasses, 3 forbs, 3 grass-like and 3 shrubs.

6. Range Plant Book - a collections of 12 range plant mounts with something in common (i.e. poisonous to cattle, or historically used as food by Native Americans, or dye plants, or favorite antelope forage, etc.) Include a short paragraph in the front of the book which describes what the plants have in common and why you have chosen to collect them.

7. Parts of a Range Plant Poster - Mount a range plant on a poster board. Label the key plant parts useful for ID & correct for that plant species such as root, branch, cotyledon, petiole, midrib, stem, node, leaf, leaflet, spikelet, collar, ligule, sheath, internode, culm, crown, flower, etc. Include the plant label in the lower right corner with the scientific and common name of the plant. Put your name and 4-H county on the back of the poster. No larger than 28" x 28". The entry should be neatly titled.

8. Special Study Board - this is a display of the results of a clipping study, a degree of use study, range site study, etc. Boards should be no larger than 30" wide by 36" tall. Boards should be adequately labeled. A short essay must accompany the display to explain the reason for the study, what was learned and study results and should be placed in a sheet cover attached to the board.

9. Junior Rancher Board - this exhibit should include a ranch map with a record book or an appropriate educational display on some phase of rangeland or livestock management. Boards should be no larger than 30" wide by 36" tall. Boards should be adequately labeled. A short essay must accompany the display to explain the purpose of the rancher board, what was learned, etc.

Field Experience, Study, or Observations:

I attended a 4-H workshop where we put out a food plot, and then made turkey calls. We played a game about attracting turkeys. Sometimes we acted like a female to draw in a tom turkey. Sometimes we acted like a lost baby turkey to call in a whole flock. I was able to use my turkey call and play the game successfully. While I never turkey hunted in person, I went on-line to research more turkey calls. I hope to turkey hunt someday, and I want to use a box call to hunt fall turkeys.

Information was obtained from Nebraska Game & Parks website

NO FIREARMS, ITEMS WITH A BLADE (broad heads, knives, saws, etc.) or related items of any kind may be exhibited. This applies to actual items, replicated items, and item parts. Photos are a suitable substitution for the actual items.

GENERAL INFORMATION

Show what you did and learned - All exhibitors must show evidence of their personal field experiences, study or observations that relate to their exhibit. This helps judges understand what the 4-H'er did and learned in the process that led to the exhibit.

Proper Credit - Show proper credit for the sources of plans or other supporting information used in exhibits.

Exhibitor Information - The exhibitor's name, address, and parent's (or guardian's) name must be on the back or bottom of all displays.

Wildlife and Wildlife Laws - "Animals" or "wildlife" in the following classes includes wild fish, amphibians, reptiles, birds, or mammals. Please make sure you are following the appropriate wildlife laws. Domestic animals such as domestic livestock or house pets and insect exhibits are not appropriate for this

area. 4-H members must comply with current state and federal laws. It is illegal to possess threatened or endangered or protected wildlife or the feathers, nests, or eggs of non-game birds. These items cannot be part of an exhibit. Game birds and game animals taken legally during an open season may be used.

Project Materials - Related project booklets include Exploring Your Environment Series, 4-H Shooting Sports, Amphibians, Bird Behavior (EC 59381), Fishing for Adventure Project Manuals, Wildlife Conservation (4-H 125), Geology, and Outdoor Adventure. Other resources include: Outdoor Skills: Learning Science in the Outdoors series (Science Signature Outcome Program), www.outdoornebraska.gov/afterschool/ and www.whep.org.

Board and Poster Exhibits - These are displays that show educational information about a topic of interest. Board exhibits can hold objects such as fishing equipment or casts of animal tracks. Mount all board exhibits on 1/4" plywood, Masonite, or similar panel no larger than 24" high by 24" wide. Poster exhibits should be on regular poster sheets, no larger than standard size (22" by 28") but half size, 22" by 14", is recommended.

All Other Exhibits - Exhibits other than poster/display boards should not exceed 48"x48" and be able to be moved by two people. Large exhibits (larger than noted) must be suited and prepared for outdoor exhibition at the Nebraska State Fair. If large exhibits are not suited to outdoor exhibition, youth have the options to create a poster or another suitable substitute for the exhibit, instead of exhibiting the project itself.

PREMIUM CODE 13

Wildlife and How They Live

GENERAL INFORMATION

Classes 1-4 are board or poster exhibits. Display may show any aspect of wildlife, wildlife habitat, or related conservation. No domestic livestock, pets, or insects allowed. Examples include life history, behavior, habitat, or other interesting facts.

1. Mammal Display

2. Bird Display

3. Fish Display

4. Reptile or Amphibian Display

5. Wildlife Connections Exhibit - the purpose of this display is to show interconnections and related aspects among animals, plants, and other habitat components. All displays should show two or more interactions (connections) that occur between/among animals or between animals and their habitat. Displays might show how animals interact with other animals, with people, or with their habitat.

Examples: 1) Food chain display. Use pictures, drawings, or other items to illustrate the source of food energy and where it goes, who eats whom or what. Use arrows to show the direction of the energy (food) flow. 2) Show the role of predators, scavengers, insect eaters, or others in nature. 3) Show how wildlife number (populations) change through the year. 4) Show predation, competition, or other behavioral interactions of wildlife. 5) Choose one kind of wildlife

and make observations through a season or year, keep notes of interactions, then make a display of what you saw.

6. Wildlife Tracks Exhibit - Three options: - Make a display of animal tracks using casting plaster. For all options, include a brief description of your experiences in making the tracks so the judges better understand what you did and what you learned. Positive casts (impressions as they would be in nature) are preferred. 1) Option 1 should show plaster tracks of five or more kinds of wildlife along with a picture or illustration of each kind of animal, OR 2) Option 2 should show two or more plaster tracks of one specific kind of wildlife and should include a picture or illustration of the animal, what the animal may eat, and what may eat the animal OR 3) Option 3 should show two tracks and include the animal's habitat needs including preferred food, shelter, water, and space in addition to picture or illustration of the animal. Positive casts (impressions as they would be in nature) are preferred. Include a brief description of your experiences in making the tracks so the judge better understands what you did and learned. Board or diorama-type box exhibit.

7. Wildlife Knowledge Check - use electrical circuits, pictures or other methods of teaching wildlife identification or other wildlife conservation or shooting sports related knowledge. Maximum size 24 x 24 inches.

8. Wildlife Diorama - box must be no larger than 24" x 24". The exhibit might show a grassland, prairie, agricultural, woodland, riparian (stream or river corridor) wetland, and/or other area with wildlife habitat. Example: show a large unbroken grassland or prairie for area-sensitive species such as meadowlarks, greater prairie-chicken, lark bunting, grasshopper sparrows, Ferruginous hawk, burrowing owl, horned lark, upland sandpiper, or pronghorn; AND/OR show an area interspersed with several habitats such as windbreaks, farm fields, woods, waste areas, ditches, and pastures for edge-adapted species such as white-tailed deer, Northern bobwhite, ring-necked pheasants, mourning doves, cottontail rabbits, fox squirrels, Northern cardinals, or blue jays. Label the habitats displayed and show at least five kinds of wildlife in their proper habitat. Remember to include supporting information about the wildlife and habitat that is on display.

9. Wildlife Essay - choose a conservation or wildlife topic that interests you and write an essay about it. For example, write about a particular species of wildlife that you have observed or about the values of wildlife on a farm, in town, in a backyard, at a backyard feeder, or at other places. You might write about hunting, or fishing. The essay is between 100 and 1000 words long and should be typed, double spaced, on standard size paper (8 ½ x 11). You might use books, magazines, or personal interviews as resources, but you must give credit to all sources by listing them.

10. Wildlife Values Scrapbook - make a scrapbook about the values of wildlife. This could include aesthetic, scientific, commercial, game, genetic, and/or ecological.

11. Wildlife Arts - the purpose of this class is to allow artistic exhibits that contain educational information about conservation and wildlife. Examples might include paintings, photographs, wood carvings,

painted duck decoys, or songs or poems written by the exhibitor. Entries must be appropriate for fair display and no larger than 24" x 24". For example, paintings or photographs should be displayed in notebook format or mounted on a sturdy display panel. All entries must include a title and brief explanation of the purpose or message (what is the exhibit meant to show).

PREMIUM CODE 9

WILDLIFE HABITAT - Division 342

1. Houses - make a house for wildlife. Examples: bird house (bluebird, purple martin, wood duck, kestrel, barn owl, etc.) or bat house; no insect houses. Make the house functional so that dimensions, hole size, etc. are appropriate to fit the intended species' needs. Include the following information: 1) the kinds of animal(s) for which the house is intended, 2) where and how the house should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations or experiences. Tips: check NebGuide on bird houses and shelves.

2. Feeders/Waterers - make a bird feeder or bath. Examples: seed, suet, or nectar feeders. Squirrel feeders are acceptable. No insect feeders. Include the following information: 1) the kinds of animal(s) for which the water/feeder is intended, 2) where are how the water/feeder should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations or experiences. Tips: check NebGuide on bird houses and shelves.

3. Wildlife Habitat Design - board or poster exhibit. Choose a backyard, acreage, or farm, and design a habitat plan to meet the food, water, shelter, and space needs of at least three kinds of animals you would like to attract. Draw an outline of the area and show what plants or other habitat will be provided. Indicate how the various parts of your plan provide the desired habitat needs. You might include an aerial photo of the area if you have one.

4.+ Bird Species Scrapbook - in an 8 ½" x 11" binder, include 20 bird species photos (either drawings or cutouts, clipart, magazines) and identify each bird. Identification should include the name of the bird, migratory habits, food habits, habitat and nesting habits for each bird.

5.+ Nebraska Bird Poster - poster should be 14" x 22' on white posterboard (horizontal or vertical). Pick ONE bird commonly found in Nebraska and provide information about this bird. Information to include should be the name of the bird, migratory habits, food habits, habitat, and nesting habits for the bird.

PREMIUM CODE 9

1. Fish Harvesting Equipment - board exhibit. Display of equipment used in fish harvesting. Example: fishing knots, hooks (with corks over ends for safety), and lures. Label all items displayed. Include a brief explanation of the purpose of each item and when or where it is used and any personal experiences you have had with the item(s).

2. Build a Fishing Rod - rod building kits with instructions are available for this purpose. May not exceed 96 inches in length. Mount on a board and label with name, county, class number. Include explanation of cost of materials/components, where materials/components were purchased, how made, and number of hours required for construction. Label all parts. Necessary components are: grip, line guides, guide wraps, and hook keeper. Reel seat needs to be aligned with guides, and guides aligned accurately down rod. Guide wraps of size A to D, nylon, or silk thread.

3. Casting Target - make a casting target for exhibit and use. Target must be under 48" x 48". The bullseyes must be 2 feet, outer band must be 1 foot in diameter and can have up to 3 rings. The exhibit must be easy to store, durable, and weather resistant. Include the purpose and rules of using your casting target.

4. Wildlife Harvesting Equipment - board exhibit. Display of equipment used in harvesting wildlife. Examples: expended ammunition casings (no live ammunition permitted), steel traps, hide stretchers, fleshers, etc. For displays of shotguns, rifles, or bows, use drawings or pictures. Label all items displayed: the purpose of each item, when or where it is used, and any personal experiences you have had with the item(s).

5. Inventing Wildlife/Fish Harvesting Equipment - use engineering principles to invent or adapt equipment that helps you harvest fish or wildlife. This could include wildlife calls, an adapted fishing pole for shallow water, a blind, decoys, etc. Share your drawing (or adapted plans), how the equipment works, how you tested it, and the results of testing your prototype and any adjustments you made.

PREMIUM CODE 10

1. Tanned Hides - exhibit of a wild animal properly processed by member. No requirement as to mounting, but must meet the size requirements listed under general size rules for state fair exhibits in this General section. Must include the animal's name and the following information about the exhibitor's personal field experiences, study, or observations that relate to the exhibit.

2. Taxidermy - any legal fish, bird, or other wild animal properly processed by the member. No requirement as to mounting, but must meet the size requirements listed under general size rules for state fair exhibits in this General section. Must include the animal's name and the following information about the exhibitor's personal field experiences, study, or observations that relate to the exhibit.

PREMIUM CODE 10

SHOOTING SPORTS - Division 347

4-H Shooting Sports requires youth to be under the direct leadership of a certified 4-H Shooting Sports Leaders in either shotgun, rifle (BB Gun), archery, pistol, black powder/muzzleloader, and/or hunting skills. No firearms can be entered as an exhibit, nor live ammunition; however, information can be shared through pictures. Classes 4-9 can be entered by anyone in the conservation and wildlife area.

1. Shooting Aid or Accessory - any item which helps the shooter/hunter better perform their sport, examples: rifle sling, kneeling roll, arm guard, shotgun vest, target boxes, shooting stick. Include your design or plans you adapted and what the item is and how it is used.

2. Storage Case - an item to safely hold a firearm, bow, ammunition, and/or arrows such as: soft sided shotgun case, quivers, firearm safe. Include your design or plans you adapted. Explain how the storage case is used.

3. Practice Game or Activity - invent or adapt an activity to practice or teach a project skill. Include pictures of youth playing the game, testimonials by 4-H members who played the game, what skill is being worked on, and directions for the game. Explain how you came up with the game or adapted it to fit the needs of your group members.

4. Science, Engineering, Technology Advancements of Shooting Sports, Conservation, or Wildlife Essay or Display - choose a specific area of shooting sports and share how it has advanced, include a timeline and photos or illustrations. Keep your topic narrow and manageable. Essays are limited to 1000 words and should be on 8 1/2 x 11 paper.

5. Healthy Lifestyles Plan - include a shooter's (camper, angler, hiker) diet and exercise plan, and how the 4-H member will benefit or improve from following the plan. Ideally, the 4-H member would follow the plan and include some journal entries about adaptations or improvements made while following the plan.

6. Citizenship/Leadership Project - share a display on a citizenship project or leadership project the 4-H member took on individually or with a group to improve some aspect related to 4-H Shooting Sports, Conservation or Wildlife. Examples could be range development, conservation planting to attract wildlife, a camp, or 4-H recruitment event. Include who benefitted from the project, what the 4-H member's role was, and any results.

7. Career Development/College Essay, Interview or Display - research opportunities for careers related to this area or opportunities for college majors or college activities to help discover using project skills beyond a person's 4-H career. Essays are limited to 1000 words and should be on 8 ½ x 11 paper. Interviews need to include a picture of the interviewee in their work setting, questions asked, and a transcript of answers.

8. Community Vitality Display - explore the difference shooting sports, conservation, fishing, and hunting make in keeping Nebraska vibrant especially in rural areas. Present facts and research in an interesting way for the public to learn.

9. Ag Literacy-Value Added Agriculture Interview or Research Project - explore how traditional ag producers are adding value to their production agriculture operations through conservation efforts, hunting, raising pheasants, shooting sports related tourism, etc. Present findings in an interesting way for the public to learn.

PREMIUM CODE 10

OTHER NATURAL RESOURCES - Division 361

1. Design Your Own Exhibit (SF164) - in Natural Resources, Conservation, Geology, or Ecology
This class is for educational exhibits about natural resources, conservation, wildlife, or ecology that do not fit into other categories. Entries must be appropriate for fair display and no larger than 24" x 24". All entries must include a title and should be clear (a brief explanation or other method) about the intended purpose or message – what the exhibit is meant to show. Think about accuracy, creativity, educational value for viewers, and evidence of exhibitor's personal experiences and learning.

OUTDOOR ADVENTURES - Division 341

DISPLAY SIZES: Display posters must be made of material, Display poster must be made of material, e.g. foam board or poster board and measure no larger than 22"x28". Poster material should be sturdy enough to hold display items. Display exhibits other than posters to be no larger than 18"x24".

Journal/Binder exhibits measure no larger than 16"x16". Consider neatness and creativity. Display exhibits other than posters to be no larger than 18" X 24". Journal/Binder exhibits measure no larger than 16" X 16".

Consider neatness and creativity

Level 1 – County Only exhibits

11.+ Poster - create a poster or display no larger than 22" X 28". Topics may include one of the following, but not limited to: trail map(s) you have hiked, hiking essentials, your hiking adventures, wildlife or plants observed while hiking (birds, animal prints, butterflies, etc.), plan a hike, explain "Leave No Trace" and how this was followed during hiking, collection of photos from your hikes.

12.+ Journal/Binder - written report of actual, virtual, or imagined trail(s) hiked with observations, OR field journal (notes of actual experiences, sights, sounds, smells, etc.), OR camping trip diary. Feathers/leaf/flower pressings must be securely attached if included. Photos or drawings of observations encouraged. Exhibits measure no larger than 16" X 16".

13.+ Hiking Safety - must include explanation of use of item, why selected/purpose of item and how it meets hiking needs. May include, but are not limited to, one of the following: a compact hiking safety kit, homemade compass, or homemade water purifier. Exhibits measure no larger than 18" X 24".

14.+ Hiking Adventures Game -create a game of trails of outdoor adventures. Must be educational on one or more aspects of hiking, must include clear instructions as to the purpose and what can be learned by playing the game. Exhibits measure no larger than 18" X 24".

15.+ Other Hiking Items - Must include what inspired the creation of the item and its purpose. May include but are not limited to one of the following: hiking backpack, nature art, nature poem or story, homemade hiking snack mix displayed in a re-sealable plastic bag. (include why ingredients were selected and nutritional value). Exhibits measure no larger than 18" X 24".

Level 2

1. Poster - Topics may include, but not limited to one or more of the following; how to pitch a tent, knot tying, cooking over a campfire, how to start a campfire, wildlife and plants identified while camping, how to set up emergency shelter, dealing with weather, collection of photos from camping trips, "Leave No Trace" and how that was followed while camping, plan a camping trip, camping essentials, environmental issues/protecting natural resources, park or trail clean up, sanitation/hygiene while outdoors or use of GPS.

2. Journal/Binder - Written report of virtual or actual camping/hiking trips with observations OR

field journal (notes of actual experiences, sights, sounds, smells, etc.), OR camping or hiking trip diary. Explain growth in project, leading the hikes, planning the camping trip, now being able to identify the wildlife and nature around you and how identified (sight/sound/shape/smell/color). Feathers/leaf/flower pressings must be securely attached, if included. Photos of drawing of observations encouraged. Exhibits measure no larger than 16 inches x 16 inches.

3. Camping/Hiking Safety - Must include explanation of use of item and why selected/purpose, how it fits hiking/camping needs. May include, but are not limited to, one of the following: travel sized poisonous plants guide, camping first aid kit, weather/water safety or hand hygiene kit.

4. Digital Media - Use digital media to show video/slideshow/presentation of setting up a tent (include why site is chosen) or protecting natural resources or environmental issues or computer video camping/hiking game. Submit a USB drive or DVD inside a report cover or notebook. If using a slideshow, include printed slides inside a report cover or notebook.

5. Other Camping Items - Must include what inspired the creation of the item, and its purpose. May include but are not limited to one of the following; nature art, nature haiku poem, spider web sketches or knot display.

Level 3

6. Poster - Topics may include but not limited to one of the following; Topographic map, backpacking trip plan, camp layout, plan an expedition (can be dreamed or lived), collection of photos from your expedition, trails hiked, cost comparison of rental vs purchase or using GPS/compass.

7. Journal/Binder - Written report of actual, virtual or imagined expeditions/camping/hiking, OR field journal (notes of actual experiences, sights, sounds, smells, etc.). Explain growth in project, challenges in leading a group, teaching others about wildlife and nature identification and "Leave No Trace." Exhibits measure no larger than 16 inches x 16 inches.

8. Expedition Safety - Must include an explanation of use of items, why selected/purpose of item, how it meets hiking/camping/expedition needs. May include but are not limited to; travel sized edible plants, creepy crawly guide, tent repair kit, travel first aid kit or weather/water safety.

9. Digital Media - Use digital media to show video/slideshow/presentation of one of the following, but not limited to; building a non-tent shelter (include why needed), packing your backpack/equipment and getting it onto you, teaching others about environmental issues or a computer video backpacking expedition game. Submit a USB drive or DVD inside a report cover or notebook. If using a slideshow, include printed slides inside report cover or notebook.

10. Other Expedition Items - Must include what inspired the creation of the item, and the purpose of the item. May include, but are not limited to; nature art, nature cinquain poem, backpacking food recipes, hiking/expedition conditioning plan, charcoal etching, dehydrated meal or snack (at least 1 cup displayed in a re-sealable plastic bag with ingredients, instructions, and nutritional facts included). Exhibits measure no larger than 18 inches X 24 inches. PREMIUM CODE 9

DEPARTMENT - Healthy Lifestyles

SAFETY - Division 440

1. General Purpose First Aid Kit – The kit should be assembled in a container appropriate for use in a home. Refer to score sheet SF110. A description of where the kit will be stored and examples of specific emergencies the kit is designed for should be included. The kit should include a written inventory and purpose statement for included items. Consider items needed to cover the following areas of first aid: airway and breathing, bleeding control, burn treatment, infectious disease protection, fracture care, and miscellaneous supplies. Use Citizen Safety manual 4-H 425, pages 6-7 for guidance. Kits containing the following will be automatically disqualified:

1. Prescription medication on any kind. If the kit's purpose is to provide medication for someone with special needs, explain in the written description and inventory, but remove the medication. No purchased kits allowed.

2. Materials with expiration dates on or before the judging date. This includes sterile items, non-prescription medications, ointments, salves, etc. Articles dated month and year only are considered expired on the last day of that month.

3. Any controlled substances.

2. Specific Purpose First Aid Kit – A first aid kit is a good way to organize supplies in an emergency. The kit should be assembled in a container appropriate for the kit's intended purpose. Examples include a kit for a vehicle, recreational vehicle, boat, livestock building, camping, etc. A description of where the kit will be stored and examples of specific emergencies expected for that location should be included in the exhibit. The kit should include a written inventory and purpose statement for the included items. Items included should be relevant to the kit's intended purpose. Consider items needed to cover the following areas of first aid: airway and breathing, bleeding control, burn treatment, infectious disease protection, fracture care, and miscellaneous supplies.

3. Disaster Kit – Disaster kits must contain the materials to prepare a person or family for emergency conditions caused by a natural or man-made incident. Selection of materials is left to the exhibitor. Family or group kits must have enough material or items for each person. A description of the kit's purpose, the number of people supported, and a list on contents is required. 4-H members are encouraged to test their kit by challenging their family to try to survive using only the included materials for a designated time. If tested, please share that experience in the kit documentation. Please include an explanation of drinking water needs for your disaster kit. Do not bring actual water to the fair in the kit.

4. Safety Scrapbook - to consist of 15 news articles from both print and internet about various incident types. Mount each clipping on a separate page accompanied by a description of events leading to the accident and any measure that might have prevented this kind of accident. Should be bound in a standard size hardcover binder or notebook for 8 1/2" x 11" paper. Correct sentence structure, readability and thorough explanations are an important part of judging.

5. Safety Experience – The exhibit should share a learning experience the youth had related to safety. Examples could be participating in a first aid or first responder training, a farm safety day camp, babysitting workshop or similar event; scientific experiment related to safety, or the youth's response to an emergency situation. The exhibit should include a detailed description of the experience, the situation, and a summary of the learning that took place. Exhibits may be presented in a poster with supplemental documentation, a notebook including up to ten pages of narrative and pictures, or a multimedia presentation lasting up to five minutes.

6. Careers in Safety - exhibit should identify a specific career area in the safety field and include education and certification requirements, salary, demand for the field, and summary of the youth's interest in the field. Some examples of careers in safety: firefighters, paramedics, emergency management, law enforcement, etc. Additional research sources might include books, articles, career web sites, job related government web sites or interviews with career placement or guidance counselors. Exhibit may be a poster with supplemental documentation, a notebook including up to 10 pages of narrative and pictures, or a multimedia presentation on a CD lasting up to five minutes.

COUNTY ONLY SAFETY AWARENESS POSTERS – Division 441

DISPLAY SIZE

Use poster board at least 11" x 14" but not larger than 22" x 28". You may use photos or drawings. If quoting any facts or figures, be sure to always cite your sources of information.

1+. Farm Equipment Safety Poster - pick one topic of farm safety (i.e. PTO safety, grain bin safety, tractor operating safety, ATV, etc.).

2.+ Bicycle Safety Poster - pick one topic of bicycle safety.

3.+ Severe Weather Safety Poster - pick one topic of weather safety (i.e. lightning, tornado, etc.)

4.+ Internet and Social Media Safety Poster - pick one topic of interest regarding social media safety.

5.+ Electrical Safety Poster - pick one topic of electrical safety.

6.+ Other Safety Poster - another safety topic of your choice (poisons, fire, choking, etc.)

PREMIUM CODE 15

FIRE SAFETY - Division 450

1. Fire Safety Poster - use poster board at 11"x14" but not larger than 22" x 28". This is a home floor plan drawn to scale showing primary and secondary escape routes and where fire extinguishers and smoke detectors are located. Draw every room, including all doors and windows. Use black or blue arrows showing primary escape routes from each room. Use red arrows showing secondary routes to use if the primary routes are blocked. Primary and secondary escape routes must lead outside to an assembly location. Documentation should include evidence the escape

plan has been practiced at least four times. Posters must be constructed of poster board at least 11"x14" but not larger than 22"x28".

2. Fire Safety Scrapbook - this scrapbook will contain at least 10 news articles from print and/or internet sources about fires. Each clipping will be mounted on a separate page and include description of events leading to the incident and measures that could have prevented it. The scrapbook should be bound in a standard hard cover binder or notebook for 8 ½" x 11" paper. Correct sentence structure, readability and thorough explanations are an important part of judging.

3. Fire Prevention Poster - use poster board at least 11" x 14" but not larger than 22"x28" for posters that could be used during National Fire Safety week or at special times of the year (i.e. Christmas, Halloween, camping, 4th of July). Originality, clarity, and artistic impression will all be judged. Do not include live fireworks, matches or other flammable/explosive/hazardous materials. Any entry containing this material will be disqualified. Posters must be constructed of poster board at least 11"x14" but not larger than 22"x28".

DEPARTMENT – Entrepreneurship (ESI) - Division 531

GENERAL INFORMATION:

All exhibits are directly related to activities in the project manual. Refer to the manual for ideas, suggestions, and additional information to enhance project exhibits. All static exhibits must have received a purple ribbon at the county fair to advance to the State Fair.

EXHIBIT GUIDELINES

The 4-H member's name, age, town, and county must be listed on the back of the exhibit. Entry cards should be stapled (not paper-clipped or taped) to the upper right-hand corner of posters.

If exhibit is a poster, it must be 14" x 22" and may be arranged either horizontally or vertically. Poster may not use copyrighted materials, such as cartoon characters or commercial product names.

Exhibits which do not conform to size or content guidelines will be lowered one ribbon placing. Posters may include photographs, charts, or examples as well as a written explanation.

ESI Unit 1 Discover the E-Scene

For classes 1-3, follow guidelines for posters above.

1. Interview an Entrepreneur - share what you learned from the person about having an entrepreneurial mindset. How have they applied their mindset? Have they start a business? Are they tackling a social issue? How do they deliver excellent customer service? How will what you have learned through this interview change your future plans or ways of thinking about entrepreneurship? The summary of the interview should be typed and with a maximum length of two pages (12 pt font). Enter the exhibit in a folder with fasteners (no slide bars).

ESI Unit 2 The Case of ME

2. Social Entrepreneurship Presentation - prepare a five slide power point presentation about a social entrepreneurship venture to benefit a group or individual in your community. Submit a printout of the note pages which show each slide and include an explanation of each slide. Enter exhibit in a folder with fasteners (no slide bars).

ESI Unit 3 Your Business Inspection

3. Marketing Package - (mounted on a 14" x 22" poster) must include at least three items (examples) developed by the 4-H'er from the following list: business card, brochure, advertisement, business promotional piece, printout of an internet home page, packaging design, signs, logo design, direct mail piece, etc. The marketing package should be for an original business developed by the 4-H'er and not an existing business.

4. Sample on an Original Product - with an information sheet (8 ½" x 11") answering the following questions:

1. What did you enjoy the most about making the product?
2. What challenges did you have when making the product?
3. Would you do anything differently next time? If so, what?
4. What is the suggested retail price of the product? How did you decide on the price?

5. Market analysis of the community - data gathered through a survey of potential customers. Use the three questions on page 3.3 and survey at least 10 people in your community about your product.

6. How much would you earn per hour? Show how you determined this figure.

7. What is unique about this Product?

5. Photos of an Original Product - (mounted on a 14" by 22" poster) must include three photos of developed product and a mounted information sheet answering the following questions. Classes 4 and 5 must be entirely DIFFERENT products.

1. What did you enjoy the most about making the product?

2. What challenges did you have when making the product?

3. Would you do anything differently the next time? If so, what?

4. What is the suggested retail price of the product?

5. How did you decide on the price?

6. Market analysis of the community – data gathered through a survey of potential customers. Use the three questions on page 3.3 and survey at least 10 people in your community about your product.

7. How much would you earn per hour? Show how you determined this figure.

8. What is unique about this product?

If exhibiting in both Class 4 and Class 5, products must be entirely different products.

6. Entrepreneurship Challenge - take on the entrepreneurship challenge. Entrepreneurship Challenge is open to 4-H'ers enrolled in any of the three units of ESI. Complete five (5) or more of the challenges from the following list. The exhibit will include highlights from these five (5) challenges. Consider labeling each challenge so the viewer will understand what the challenge was. Enter a poster, video, report, or scrapbook related to the learning from the challenge. Use your creativity to show and share what you learned. Select your five (5) challenges from the list below:

1. Sell something.

2. Talk to local leaders about entrepreneurial thinking and how it is being applied or could be applied to a current community issue.

3. Be a detective! Look for Nebraska-made products and find out more about the business.

4. Tour 2 - 3 entrepreneurial businesses and create a photo story.

5. Investigate what it takes to be an entrepreneur and complete a skills assessment.

6. Make a prototype (sample/model) of a new product idea. (Include the prototype or a photo of prototype.)

7. Work with a friend to develop a new business idea!

8. Contact your local Extension Office to learn about entrepreneurship opportunities.

9. Create an activity to teach others about entrepreneurship (coloring page, puzzle, game, etc.)

PREMIUM CODE 13

DEPARTMENT - Agronomy

GENERAL INFORMATION

The purpose of these exhibits is to demonstrate to the public the benefits from the study and application of crop, weed, and range and soil sciences to solving problems in management, conservation, sustainability, and environmental protection. For guidelines on specific projects, refer to the appropriate project manuals.

Grain or Plant Exhibits – Classes 1-5:

A completed crop production worksheet must accompany grain and plant exhibits or the exhibit will be lowered one ribbon placing. You can download the worksheet here: <https://go.unl.edu/cropworksheet> The worksheet must include the exhibitor's name and address, county, plant hybrid or variety, plant population, whether crop production was irrigated or dry land, and general information including farm cropping history, soil type and weather effects.

The worksheet also must include an economic analysis of the project, listing individual expenses and income, on a per acre basis. Other topics to discuss are the selection of variety or hybrid, impacts of tillage and conservation practices, inputs (fuel, fertilizer, irrigation, labor, pesticides, etc.), any observations made during the growing season, and what you learned from your crops project. The worksheet counts as 50% of the total when judged.

Worksheet must be the original work of the individual exhibitor or it will be deducted one ribbon placing.

Attach the worksheet to the entry in a clear plastic cover such that it can be read without removing it from the cover. In addition to the worksheet, grain and plant exhibits will be judged on condition, appearance (i.e., disease and insect damage, grain fill), uniformity (size, shape, color, maturity), and quality of exhibit. Refer to Score sheet SF259.

Grain exhibits: must be one gallon per sample. Grain exhibits harvested in the fall (e.g., corn or soybeans) may be from the previous year's project and brought in an appropriate sized box/container for display. NEW – place in clear container so it can be viewed and displayed.

Plant exhibits: with the exception of ears of corn, must be the result of the current year's project.

Corn 10 ears or 3 stalks (cut at ground level with no roots or soil and bound together)

Grain Sorghum - 4 stalks (cut at ground level and bound together)

Soybeans - 6 stalks (cut at ground level and bound together)

Small grains (oats, barley, wheat, triticale) - sheaf of heads 2 inches in diameter at top tie with stems about 24" long.

Other crops (alfalfa, millet, etc.) - sheaf of stems 3 inches in diameter at top tied with stems cut at ground level or half size small square bale.

PREMIUM CODE 15

FIELD CROPS - Division 750

1. **Corn** (includes yellow, white, pop, waxy, or any other type)
2. **Soybeans**
3. **Oats**
4. **Wheat**
5. **Any other crop** (includes grain sorghum, alfalfa, millets, barley, rye, triticale, amaranth, dry beans, sugar beet, mung bean, canola, forage sorghum, safflower, etc.).

Displays - Classes 6-10:

The purpose of the display is to tell an educational story to those that view the display.

The display is a visual representation (pictures, charts, graphs) no larger than 28" wide by 28" tall on plywood or poster board.

The display should be neatly titled. Make sure to label display with exhibitor's name, address, and county on back side. Explain pictures and graphs clearly and concisely.

Consider creativity and neatness. Refer to Scoresheet SF259. Each display must have a one-page essay (minimum) explaining why the exhibitor chose the area of display and what they learned from their project. Include any reference used. If a display does not have an essay, it will automatically be deducted one ribbon placing.

The essay should be in a clear plastic cover with the exhibitor's name outside. Displays with an essay will be lowered a ribbon placing.

6. Crop Production Display - the purpose of this class is to allow original and creative exhibits that contain educational information about crop production aspects, such as crop scouting, alternative crops, pest management, etc.,

7. Crop Technology Display - display information about aspects of technology used in crop production, such as genetic engineering, crop breeding, GPS, yield mapping, etc,

8. Crop End Use Display - display information about final product or end uses such as food, feed, fuel, or other products for example corn can be processed into livestock feed, ethanol, plastics, etc. or soybeans can be processed into biodiesel, pet bedding, crayons, oil, etc. This should not be about the process of crop production, but focus on an end product.

9. Water or Soil Display - display information about water or soils, such as how soils are being used for crop production, range, conservation, wildlife, or wetland use, or ways to protect or conserve water and soil resources,

10. Career Interview Display - the purpose of this class is to allow youth to investigate a career in agronomy. Youth should interview 1 person that works with crops about such topics as, what parts of their job do they enjoy or dislike, why did they choose that career, what was their education, etc. Include a picture of the person interviewed.

Special Agronomy Project - Division 750

The crop for the year 2025 is Sunflowers. These seeds must have been purchased through the Extension Office to participate in the Special Agronomy Project and exhibits.

11. Special Agronomy Project - Educational Exhibit (SF259)- Educational exhibit based on what was learned from the project. Present information on a no larger than 28" wide x 28" tall on plywood, or poster board. The 4-H member's name, age, address, and county must be on the back of the poster or report cover. Refer to Scoresheet SF259 Each display must have a one-page essay (minimum) explaining why the exhibitor chose the area of display and what they learned from their project. Include any references used.

12. Special Agronomy Project - Video Presentation - 4-H exhibitor designs a multimedia presentation related to the crop. This could include narration of the growing process, presenting facts about the crop or any other innovative multimedia practices. The presentation should be at least 2 minutes in length and no more than 5 minutes in length, appropriate graphics, sound and either a video clip, animation, or voice over and/or original video clip. Any of the following file formats will be accepted: mp4, .mov, .ppt, or .avi. Email a link of the video to the superintendent to anygren2@unl.edu or brandy.vandewalle@unl.edu by August 10

13. Special Agronomy Project (Freshly Harvested Crop) - plant exhibits must be the result of the current year's project. Depending on the type of crop selected for the current year:

- Corn - 10 ears or 3 stalks (cut at ground level with no roots or soil and bound together)
- Grain Sorghum - 4 stalks (cut at ground level and bound together)
- Soybeans - 6 stalks (cut at ground level and bound together)
- Small grains (oats, barley, wheat, triticale) - sheaf of heads 2 inches in diameter at top tie with stems about 24" long.
- Other crops (alfalfa, millet, etc.) - sheaf of stems 3 inches in diameter at top tied with stems cut at ground level.

Supporting documentation (½ to 1-page in length) should include the following:

- Economic Analysis and/or research that supports feasibility of this crop in Nebraska or how the crop has evolved over time.
- Other topics to discuss are past/current commercial production of this crop. This includes: the selection of variety or hybrid, impacts of tillage and conservation practices, inputs (fuel, fertilizer, irrigation, labor, pesticides, etc.), any observations made during the growing season about this crop and

what you learned from your crops project. This ½ to 1-page summary counts as 50% of the total when judged.

- In addition to the summary, grain and plant exhibits will be judged on condition, appearance (i.e., disease and insect damage, grain fill), uniformity (size, shape, color, maturity), and quality of exhibit.

WEED SCIENCE - Division 751

GENERAL INFORMATION

At least 15 specimens must represent this year's work (after the previous county fair to present day). For assistance identifying plants, participants can use Nebraska Department of Agriculture's Weeds of Nebraska and the Great Plains (1994) or Weeds of the Great Plains (2003).

Books – Classes 1 & 2:

Exhibits will be judged based on completeness of plant mount, accuracy of identification, label, neatness, and conformity to exhibit requirements.

Plants must be mounted on sheets that are no larger than 14" wide x 14" high". Proper plant mount should include root as well as stem and leaf tissue. Plants should be glued rather than taped and the mounts should be protected with a clear cover.

Exhibits will be judged based on completeness of plant mount, accuracy of identification, label, neatness, and conformity to exhibit requirements.

Each completed mount must have the following information a 3"x 5" cardstock label glued flush in the lower right corner of the mounting sheet. The label (see example below) should include the following information: 1. Scientific name (in italic or underlined), with authority, 2. Common name, 3. County of collection, 4. Collection date, 5. Collector's name, 6. Personal collection number indicating order that plants were collected, 7. Other information depending on class selected, i.e., noxious, life form. This information should be typed or printed very neatly.

PLANTS OF NEBRASKA

Scientific name: *Abutilon theophrasti* Medik.

Common name: Velvetleaf

County of collection: Lancaster County

Collection date: 6 July 2016

Collector's name: Dan D. Lion

Collection number: 3

Life cycle: Annual

1. Weed Identification Book - A collection of a minimum of 15 plant mounts including at least two of the prohibited noxious weeds (Canada thistle, musk thistle, plumeless thistle, salt cedar, leafy spurge, purple loosestrife, diffuse knapweed, spotted knapweed, Japanese knotweed, bohemian knotweed, or phragmites), and at least three weeds that are a problem primarily in lawns.

2. Life Span Book - a collection of 7 perennials, 1 biennial, and 7 annual weeds.

Displays:

GENERAL INFORMATION

The purpose of the display is to tell an educational story to those that view the display. The display is a visual representation (pictures, charts, graphs) no larger than 28" by 28" on plywood or poster board. The display should be neatly titled.

DISPLAY SIZE

Make sure to label display with exhibitor's name, address, and county on back side. Explain pictures and graphs clearly and concisely.

Each display must have a one-page essay explaining why the exhibitor chose the area of display and what they learned from their project. Include any references used.

The essay should be in a clear plastic cover with the exhibitor's name outside.

3. Weed Display - the purpose of this class is to allow original and creative exhibits that contain educational information about weeds, such as interesting information about a weed species, effects of weed control, herbicide resistant weeds, what makes a weed a weed, or uses for weeds.

DEPARTMENT - Science & Technology

ENTOMOLOGY - Division 800

GENERAL INFORMATION

Specimens in display collections should be mounted properly and labeled with the date and location of collection, name of collector, and order. Follow mounting and labeling instructions in the Nebraska 4-H Entomology manual.

DISPLAY SIZE

Entomology boxes are preferred to be 12" high x 18" wide and landscape in orientation, so they fit in display racks. Purchase of commercially made boxes is allowed. All specimens are to be pinned and labeled by the exhibitor. No purchases specimens allowed.

No projects over 50 pounds allowed.

1. Entomology Display, First-Year Project - collection to consist of 25 or more different kinds (species) of insects representing at least 6 orders. Limit of one box.

2. Entomology Display, Second-Year Project (SF186) - collection to consist of a minimum of 50 kinds (species) of insects representing at least 8 orders. Replace damaged or poorly mounted specimens. At least 25 species should be from after July 1 of previous year. Limit of 2 boxes.

3. Entomology Display, Third or More Year Project - collection to consist of a minimum of 75 kinds (species) representing at least 10 orders. Replace damaged or poorly mounted specimens. At least 25 species should be from after July 1 of previous year. Limit of 3 boxes.

4. Special Interest Display or Advanced Insect Display - educational display developed according to personal interests and/or advanced identification capability. This also is an opportunity to highlight favorite insects in a creative arrangement. Insects should conform to pinning and mounting standards as in Classes 1-3 and be protected in an insect box. Each specialty display should include names of the insects, interesting information about them, and why the display was made. Advanced identification collections should have insects grouped with labels that correspond with identification level (e.g., family, genus, and species). A specialty collection may consist of insects by taxonomic group (e.g., butterflies, grasshoppers, dragonflies, scarab beetles) or by host, subject or habitat (e.g., insect pests of corn, aquatic insects, insect mimicry, insect galls, insects from goldenrod, insect pollinators, etc.)

5. Insect Habitats - habitats consist of any hand-crafted objects, made of natural or artificial materials to be placed outdoors, which promote or conserve insects in the environment. Insects may include bee pollinators, butterflies, beneficial insects, etc. A one-page report describing activities must accompany the exhibit. Report should include placement, target insect, why materials were chosen, functional design, and indicators of success. See the following resources for reports:

1. Nebraska Extension NebGuide: Creating a Solitary Bee Hotel (G2256)
2. University of Minnesota: Wild Bees and Building Wild Bee Houses
3. National Wildlife Federation: How to Provide Water in Monarch Gardens

6. Macrophotography - subjects should be insects, spiders or other arthropods, or any nests, webs, or constructions they make. All exhibit prints should be 8" x 10" or 8 ½" by 11" and mounted on rigid, black 11" by 14" poster or matt board. Either orientation is acceptable. No frames or mat board framing is allowed. A caption of a few sentences should explain the subject, and be printed on white paper, and glued below the print on the poster board.

7. Insect Poster/Display Exhibits (SF190) - can be posters or three-dimensional displays, and artistic creativity is encouraged. Posters should be no larger than 22" x 28". They should be instructional and can be attractive and have pictures, drawings, charts, or graphs. Posters and displays may show any aspect of insect life, habitat, or related conservation or management. Examples include life history and other facts about an insect; insect anatomy; how to manage insects in a farm, home, lawn, or garden setting; experiences rearing one kind of insect; survey of an important insect; insect behavior (ex. nesting, finding food, mobility, defenses, etc.); habitats (e.g. forests, grasslands, wetlands, rivers, or lakes) and what insects are found there, etc. Three-dimensional displays, such as dioramas, sculptures, models, or decorative boxes should have a page of explanatory information accompanying them and fit within a 22" x 28" area.

8. Reports or Journals - should be in a 3-ring binder. A report may be informational, that is, an original article about a favorite insect, a history of insect outbreaks, diseases caused by insects, insects as food, etc. Or it may be a research report about an investigation or experiment done in a scientific manner. It then should have a basic introduction of the insect studied, methods used, observations, and results of the project. Tables, graphs, and images are helpful to include. A journal is an observational study over a period of time with personal impressions. It may cover watching changes in kinds of butterflies over the summer, rearing a specific insect from egg to adult, managing a beehive, observations of insects in a specific habitat, accounts of insect behavior in a forest or flower garden, etc.

PREMIUM CODE 8

ANIMAL SCIENCE EDUCATION – Division 905

GENERAL INFORMATION

4-H'ers create a poster highlighting an educational aspect of their animal project. The poster could focus on a current livestock issue, animal industry career, animal care or health, economic impacts of the livestock industry.

DISPLAY SIZE

Posters should increase the educational experiences of both the member and the general public increasing agricultural literacy. Poster should be sturdy enough to advance to state fair for display in the livestock barn and be no larger than 22 x 28 inches. Entries must match the specie of livestock the exhibitor has entered at the county fair. Species include dairy, beef, horse, sheep, swine, goat, poultry, or rabbit.

100.+ Educational Displays

PREMIUM CODE 13

VETERINARY SCIENCE - Division 840

GENERAL INFORMATION

The purpose of the Veterinary Science display is to inform the public regarding a common health problem of animals, a veterinary science principle, or public health/zoonotic diseases. Exhibits can be a poster, notebook, or a display. The exhibit may represent material from any of the Veterinary Science projects including entry level exhibits from Unit 1.

POSTER & DISPLAY SIZE

Posters: sends simple and direct message. A poster should not exceed 22" x 28" and may be either vertical or horizontal.

Displays: A display may include but is not limited to: a 3-dimensional exhibit, a scale model, the actual product (i.e., Skeleton, teeth, samples of leather, fur, or dried skin damaged by disease or parasites), or a notebook. Displays are not posters. A display may be mounted on poster board not to exceed 22" x 28" or on 1/4" plywood or equivalent that does not exceed 24" high or 32" wide or in a 3-ring binder or another notebook format.

If photos are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, use of drapes, use of sterile procedures, wearing of gloves, and other appropriate veterinary medical practices.

All references and information needs to be properly cited. Proper sources include but are not limited to: professional journals and publications, 111

professional AVMA accredited websites, interviews with Veterinarians and excerpts from Veterinary Educational Literature. **Plagiarism will result in disqualification. Please study your topic and present the information to your audience in your own words.**

First-Aid Kits: Because of public safety concerns and risk of theft of first-aid kit contents (veterinary drugs/equipment) with perceived potential for drug abuse, **animal first aid kits containing any drugs or medications will be immediately disqualified and not displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer generated printouts, or empty packaging of pharmaceuticals.**

Appropriate vet science topics include: maintaining health, specific disease information, photographic display of normal and abnormal characteristics of animals, animal health or safety, public health or safety, proper animal management to ensure food safety and quality, efficient and safe livestock working facilities, or other veterinary medicine or veterinary science topic. .

PREMIUM CODE 13

STEM ROCKETS AND DRONES - Division 850

GENERAL INFORMATION

1. The name and county of each exhibitor should appear separately on the back of each board, poster, or article and

on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated from the exhibit.

2. Rockets must be supported substantially to protect the rocket from breakage. Rockets are to be mounted on a base that has dimensions equal or less than 12" x 12" and the base should be 3/4" thick. No metal bases. If the rocket fins extend beyond the edges of the required base (12" x 12"), then construct a base that is large enough to protect the fins. The base size is dictated by the size of the rocket fins.

3 The rockets must be mounted vertically. Please do not attach sideboards or backdrops to the displays. In addition, a used engine or length of dowel pin is to be glued and/or screwed into the board and extended up into the rockets engine mount to give added stability.

4. Rockets must be equipped as prepared for launching, with wadding and parachute or other recovery system. Rockets entered with live engines, wrong base size or sideboards will be disqualified.

5. A report, protected in a clear plastic cover, must include: 1) rocket specification (include original or photo of manufacture packaging stating rocket skill level), 2) a flight record for each launching (weather,

distance, flight height), 3) number of launchings, 4) flight pictures 5) Safety (How did you choose your launch site? Document safe launch, preparations, and precautions 6) objectives learned and 7) conclusions.

6. The flight record should describe engine used, what the rocket did in flight and recovery success. Points will not be deducted for launching, flight or recovery failures described. This includes any damage that may show on the rocket. Complete factory assembled rockets will not be accepted at the State Fair.

7. Judging is based upon display appearance, rocket appearance, workmanship, design or capabilities for flight, number of times launched and report. Three launches are required to earn the maximum launch points given on the score sheets. For scoring for the State Fair, only actual launches count, misfires will not count towards one of the required three launches.

- For self-designed rockets only, please include digital recorded copy of one flight. In the documentation, please include a description of stability testing before the rocket was flown.
- The skill level of project is not determined by number of years in project. Skill level is determined by the level listed on the manufacturing packaging.
- 4-H Rocket project levels are not intended to correspond to National Association of Rocketry model rocket difficulty ratings or levels.

8. High power rockets (HPR) are similar to model rocketry with differences that include the propulsion power and weight increase of the model. They use motors in ranges over “G” power and/or weigh more than laws and regulations allow for unrestricted model rockets. These rockets are NOT appropriate for 4-H projects and will be disqualified.

9. Posters can be any size up to 28” by 22” when ready for display. Example: tri fold poster boards are not 28” by 22” when fully open for display.

2. Aerospace Display - poster or display board that displays or exemplifies? one of the principles learned in the Lift Off project. Examples include: display of rocket parts and purpose, explaining the parts of a NASA rocket or shuttle, interview of someone in the aerospace field, or kite terminology. Include notebook containing terminology (definition), and what was learned. Display can be any size up to 28” by 22”.

3. Rocket - any Skill Level Rocket with wooden fins and cardboard body tubes painted using commercial application, for example: commercial spray paint.

Drones

5. Drone Poster - exhibit must be designed to educate yourself and others on one or more of the following topics: drone technologies, uses of drones, the different types of drones, types of training needed to operate drones, and the laws and regulations users must follow. Posters can be any size up to 28” by 22”.

6. Drone Video - exhibit must demonstrate how the drone interacts with the outside world. Examples include: field scouting, surveying damage from natural disasters, drones used in commercial applications and settings, and drones used for structural engineering. Video should not exceed 5 minutes. State Fair qualified videos should be submitted to <https://go.unl.edu/2025nesfest> by August 15, or be uploaded to a video streaming application and exhibitors MUST provide a hard copy QR code for viewing. Exhibitors should test their codes or links on several devices to check for appropriate permissions.

MODELS (Model Cars) - Division 855

COUNTY ONLY ENTRIES

No Legos in this class.

1.+ Exhibit will consist of two models built in this project - one must be an auto with interior, engine and chassis painted. You may paint more than this if desired. Both models are to be mounted together on Styrofoam. You may use background accessories, figures, etc. if you want.

PREMIUM CODE 15

LEGOS – Division 865

COUNTY ONLY ENTRIES

2.+ Lego/K’nex Purchased Kit

3.+ Lego/K’nex Original Design - no kits included in the exhibit

4.+ Lego/K’nex Diorama - include 1 or more items, kit, or original design in setting/scene, maximum 18” x 24” base. Ex: cardboard box with sides/top partially cut down for display purposes.

GENERAL RULES FOR STEM PROJECTS

Rules

1. The name and county of each exhibitor should appear separately on the back of each board, poster, or article and on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated from the exhibit.

2. Demonstration boards should include an overall title for the display, plus other necessary labeling.

3. Reports should be written using the scientific method whenever possible (Hypothesis, Research, Experiment, Measure, Report or Redefine Hypothesis). All reports should be computer-generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

4. Please refer to the General Rules for the policy regarding firearms, items with a blade, and other related items.

5. Please refer to the General Rules for the policy regarding the use of copywritten images.

6. Team Entries: To qualify for entry at the Nebraska State Fair team materials entered in H860008 – Maker Space/Digital Fabrication must clearly be the work of a team instead of an individual, and must have at least 50% of all team members enrolled in 4-H. Additionally, all enrolled 4-H members on the team should complete and attach an entry tag to the materials. A supplemental page documenting the individual contributions to the project should be included.

7. Posters in this department can be any size up to 28"x22" when ready for display. Example: trifold poster boards are not 28"x22" when fully open for display.

8. Several classes require a display board which should be a height of 24" and not to exceed 1/4" in thickness. A height of 27 7/8" is acceptable to allow for the saw kerf (width) if two 24" boards are cut from one end of a 4' x 8' sheet of plywood. Nothing should be mounted within 3/4" of the top or bottom of the board (Examples: Woodworking and Electricity exhibits).

- Fabricated boards such as plywood, composition board, particle-type lumber may be used for demonstration displays.
- Demonstration boards should be sanded and finished to improve their appearance. The finish on a demonstration board will be judged as a woodworking exhibit.
- Demonstration boards should include an overall title for the display, plus other necessary labeling.
- Reports should be written using the scientific method whenever possible (Hypothesis, Research, Experiment, Measure, Report or Redefine Hypothesis). All reports should be computer-generated and enclosed in a clear plastic cover. The report should be attached securely to the display.
- If the project is a picnic table, wishing well, swing, chair, bridge, dog house, etc. is designed to be used outside, it will be displayed outside if selected for the state fair.

STEM COMPUTERS - Division 860

COUNTY ONLY ENTRIES IN UNIT 1

Computer posters shall be mounted on a 14" x 22" poster either in a vertical or horizontal arrangement. Please put your name and county on the back of all exhibits.

COMPUTER MYSTERIES – Unit 1

15. + Computer Art Poster (Black & White) - exhibit should be created on at least 8 1/2" x 11" paper using a commercially available graphics software package and a single-color printer-plotter. Display in a clear sheet protector.

16. + Computer Art Poster (Color) - exhibit should be created on at least 8 1/2" x 11" page using a commercially available graphics software package

and a color printer-plotter. Display in a clear sheet protector.

17. + Computer Designed Greeting Card - Exhibit will consist of four (4) greeting cards, each for a different occasion/holiday. Exhibit should be created on 8 1/2" x 11" paper using a commercially available graphics program and a color printer/plotter or single-color printer/plotter. The cards should vary in folds and design. Prefabricated cards from commercially available card programs will NOT be accepted. No theme required. Place in a Ziploc bag.

18. + Slide Show or Movie - using digital technology on a CD. Contact the Extension Office for software compatibility prior to entry.

COMPUTER MYSTERIES - Unit 2

1. Computer Application Notebook - 4-H exhibitor should use computer application to create a graphic notebook utilizing computer technology. The exhibit consists of a 8.5"x11" notebook and should include two parts:

1. A detailed report describing:
 - a. The task to be completed
 - b. The computer application software required to complete the task
 - c. Specific features of the computer application software necessary for completing the task
2. Print out your project. Project may be in color or black & white. 4-H member may create any of the following:
 - a. greeting card (5 different cards such as birthday, wedding, anniversary, sympathy, get well or other)
 - b. Business card (3 cards for 3 different individuals or businesses)
 - c. Menu (minimum of two pages including short descriptions of foods and pricing) book layout (1 book)
 - d. promotional flyer (3 flyers promoting 3 different events)
 - e. newspaper (minimum of 2 pages)
 - f. other (precision family or family business logo, etc.)

2. Produce a Computer Slideshow Presentation - using presentation software a 4-H exhibitor designs a multimedia computer presentation on one topic related to youth. A notebook with a printout of all the slides should be submitted. Slideshow should include a minimum of 10 slides and not more than 25. Incorporate appropriate slide layouts, graphics, animations, and audio (music or voice and transition sounds do not count). Each slide should include notes for a presentation. All slideshows must be uploaded. State Fair qualified entries should be submitted to <https://go.unl.edu/2025nesfest> by August 15, 2025 or entries can be uploaded to a cloud sharing service and exhibitors MUST provide a hard copy QR code for viewing. Exhibitors should test their codes or links on several devices to check for appropriate permissions.

COMPUTER MYSTERIES – Unit 3

3. Produce an Audio/Video Computer Presentation - using presentation software a 4-H exhibitor designs a multimedia computer presentation on one topic related to youth including audio and/or video elements. A notebook with a printout of all the slides should be submitted. The presentation should be at least 2 minutes in length and no more than 5 minutes in length. Appropriate graphics, sound and either a video clip, animation, or voice over and/or original video clip. State Fair qualified entries should be submitted to <https://go.unl.edu/2025nesfest> by August 15, 2025 or videos can be uploaded to a cloud sharing service and exhibitors MUST provide a hard copy QR code for viewing. Exhibitors should test their codes or links on several devices to check for appropriate permissions.

4. How to STEM (Science, Technology, Engineering and Math) Presentation - youth design a fully automated 2 to 5 minute 4-H “how to” video. Submissions should incorporate a picture or video of the 4-Her, as well as their name (first name only), age (as of January 1 of the current year), years in 4-H, and their personal interests or hobbies. State Fair qualified entries should be submitted to <https://go.unl.edu/2025nesfest> by August 15, 2025 or videos can be uploaded to a video streaming application and exhibitors MUST provide a hard copy QR code for viewing. Exhibitors should test their codes or links on several devices to check for appropriate permissions for public viewing.

5. Virtual Platform Presentation - youth design a fully automated education presentation using any current multimedia platform such as Tik Tock, YouTube, Canva, Canvas, etc. Submissions may include a notebook, poster, et., explaining the process, experience, and/or presentation. All submissions must include a link to the virtual presentation. State Fair qualified entries should be submitted to <https://go.unl.edu/2025nesfest> by August 15, 2025.

Entries can also be uploaded to a cloud sharing service. Exhibitors must provide a hard copy QR code for viewing, Exhibitors should test their codes or links on several devices to check for appropriate permissions for public viewing.

6. Create a Web Site/Blog or App - design a simple website, blog, or app for providing information about a topic related to youth. Include an explanation of why the entry was created. (Any current website, blog, or appl development platform is accepted such as Google Sites, iBuild App, Wix, etc.) If the website, blog, or app is not live, include all files on a flash drive in a plastic case. State Fair qualified entries should be submitted to <https://go.unl.edu/2025nesfest> August 15, 2024. Entries can be uploaded to a cloud sharing service. Exhibitors MUST provide a hard copy QR code for viewing. Exhibitors should test their codes or links on several devices to check for appropriate permissions for public viewing.

7. 3D Printing - 3D printing uses plastic or other materials to build a three-dimensional (3D) object from a digital design (including 3D Pen

Creation). Youth may use original designs or someone else's they have redesigned in a unique way. Exhibits will be judged based on the motivation and/or problem identified. For example, 3D objects printed as part of the design process for robot or other engineering project. Must include design notebook that addresses the following questions:

1. What was the motivation for your design or the problem you were solving with your design? i.e. Is your item a functional or decorative piece?
2. Please include a picture of original design, citation of designer/website OR if design is completely original (you created it using CAD software), then state that it's original. If item was not completely original, indicate what you did to the original design to modify it to better meet the design problem stated in #1 above. Its design was modified multiple times, please indicate what change was made with each modification, and what prompted the need for the change. i.e., I printed it and the design was too fragile, so I resliced the print to make thicker external walls, or to have a denser infill.
3. Define your process for designing/printing. What software and/or hardware was used (indicate type of 3D printer or if item was created with 3D pen)?
4. What materials were selected for your project?
5. If your final design has any moving parts, define how you determined an appropriate allowance in your design.
6. Identify any changes that you would make to improve your design.

8. Maker Space/Digital Fabrication - (SF1051) - This project is a computer-generated project created using a laser cutter, vinyl cutter, heat press or CNC router. Vector or 3D based software such as Corel Draw or Fusion 360 would be an example of an appropriate software used to create your finished project. Project should include a notebook with the following:

1. What motivated you to create this project
2. Software and equipment used
3. Directions on how to create the project
4. Prototype of plans
5. Cost of creating project
6. Iterations or modifications made to original plans
7. Changes you would make if you remade the project

See Rule 8 Team Entries: The entry will be judged as a team, with all team members receiving the same ribbon placing.

4. Demonstration boards should be sanded and finished to improve their appearance. The finish on a demonstration board will be judged as a woodworking exhibit.

5. Demonstration boards should include an overall title for the display, plus other necessary labeling.

6. Reports should be written using scientific method whenever possible (Background, the Question or hypothesis, what you plan to do and what you did, Method used and observations, Results: what you learned. All reports should be computer generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

COUNTY ONLY ENTRIES

14.+ Any Display/Item Based On What You Learned in Unit 1

17.+ Any Display/Item Using Skills Learned in Unit 2.

ELECTRICITY

1. **Electrical Tool/Supply Kit** - create an electrical supply kit to be used for basic electrical repair around the house. Include a brief description of each item and its use. Container should be appropriate to hold items.

2. **Lighting Comparison** - display studying the efficiency of various lighting (incandescent, florescent, halogen, Light Emitting Diodes, etc.). Exhibit could be a poster display, or an actual item.

3. **Electrical Display/Item** - show an application of one of the concepts learned in the Wired for Power project. Examples include: re-wiring or building a lamp, re-wiring or making a heavy-duty extension cord or developing an electrical diagram of a house. Exhibit could be a poster display, or an actual item.

4. **Poster** - should exemplify one of the lessons learned in the Wired for Power Project. Posters can be any size up to 28" x 22".

5. **Electrical/Electronic Part Identification** - display different parts used for electrical/electronic work. Exhibit should show the part (either picture or actual item) and give a brief description, including a symbol of each part and its function. Display should include a minimum of 10 different parts.

6. **Electronic Display** - show an application of one of the concepts learned in the Electronics project. Examples include: components of an electronic device (refer to p. 35 of the Electronic manual).

7. **Project** - exhibit an electronic item designed by the 4-H'er or from a manufactured kit that shows the electronic expertise of the 4-H'er. Examples include: a radio, a computer, or a voltmeter.

8. **Poster (SF231)** - should exemplify one of the lessons learned in the Entering Electronics Project.

Posters can be any size up to 28" x 22".

PREMIUM CODE 13

STEM ROBOTICS - Division 861

Rules

1. The name and county of each exhibitor should appear separately on the back of each board, poster or article and on the front cover of the notebooks so the owner of the exhibit may be identified if the entry tag is separated from the exhibit.

2. Reports should be written using the scientific method whenever possible (Background, the Question or hypothesis, what you plan to do and what you did, Method used and observations, Results: what you learned. All reports should be computer generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

3. Posters can be any size up to 28" by 22" when ready for display. Example: tri fold poster boards are not 28" by 22" when fully open for display.

Team Entries: To qualify for entry at the Nebraska State Fair team materials entered in robotics classes that are clearly the work of a team instead of an individual must have at least 50% of all team members enrolled in 4-H. Additionally all enrolled 4-H members on the team should complete and attach an entry tag to the materials. A supplemental page documenting the individual contributions to the project should be included. The entry will be judged as a team, with all team members receiving the same ribbon placing.

Creating a video of your robot in action would be helpful for the judges but is not mandatory. Video should be uploaded to a video streaming application and exhibitors should provide a hard copy QR code for viewing. State Fair qualified videos should be submitted to <https://go.unl.edu/2024nesfset> by August 10, 2024. Videos can be uploaded to a video streaming application and exhibitors must provide a hard copy QR code for viewing. Exhibitors should test their code and links on several devices to check for appropriate permissions for public viewing.

1. **Robotics Poster** - create a poster (14" X 22") communicating a robotics theme such as "Robot or Not", "Pseudocode", "Real World Robots", "Careers in Robots" or "Autonomous Robotics", "Precision Agriculture" or a robotic topic of interest to the 4-H'er.

2. **Robotics Notebook** - explore a robotics topic in-depth and present your findings in a notebook. Documentation should include any designs, research, notes, pseudocode, data tables or other evidence of the 4-H'ers learning experience. The notebook should contain at least three pages. Topics could include a programming challenge, programming skills, calibration, sensor exploration, or any of the topics suggested in Class 1.

4. **Robotics /Careers Interview** - interview someone who is working in the field of robotics and research the career in robotics. Interviews can either be written or in a multimedia format such as a short video uploaded to a cloud sharing service. Include a QR code with

your project to allow judging access. State Fair qualified videos can be uploaded to a video streaming application and exhibitors MUST provide a hard copy QR code for viewing. Written interviews should be in a notebook. Written reports should be 3 to 5 pages, double-spaced, 12-point font, and 1" margins. Multimedia reports should be between 3 to 5 minutes in length.

5. Robotics Sensor Notebook - write pseudo code which includes at least one sensor activity. Include the code written and explain the code function. Codes can be submitted as a multimedia format uploaded to a cloud sharing service. Include a QR code with your project to allow judging access. Multimedia presentations should be 3 to 5 minutes in length State Fair qualified videos should be submitted to <https://go.unl.edu/2025nesfset> by August 15, 2025.

7. Kit Labeled Robot (cannot be free programmed) and Notebook - this class is intended for explorations of robotic components such as arms or vehicles OR educational kits marketed as robots that do not have the ability to be programmed to "sense, plan and act." The exhibit should include a notebook with the robot the youth has constructed. Included in the notebook should be (1) a description of what the robot does, (2) pictures of programs the robot can perform, (3) why they chose to build this particular form, and (4) how they problem solved any issues they might have had during building and programming. A picture story of assembly is recommended. If the robot is more than 15" wide and 20" tall they may not be displayed in locked cases at the stat fair.

8. 3D Printed Robotics Parts - this class is intended for youth to create parts, through 3D printing, to help create their robot or aid the robot in completing a coded function. Project should include notebook describing the process used to create the project, describe the success of your designed piece (did it work), intended use of the product and the modifications made to the item.

STEM GEOSPACTIAL - Division 880

Rules

The name and county of each exhibitor should appear separately on the back of each board, poster, or article and on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated from the exhibit.

Reports should be written using the scientific method whenever possible (Background, the Question or hypothesis, what you plan to do and what you did, Method used and observations, Results: what you learned. All reports should be computer generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

Please refer to the General Rules for the policy regarding firearms, items with a blade, and other related items.

Please refer to the General Rules for the policy regarding use of copywritten images.

1. Poster - create a poster (14" x 22") communicating a GPS theme such as How GPS or GIS works, Careers that use GPS or GIS, How to use GPS, What is GIS, GPS or GIS in Agriculture, Precision Agriculture, or a geospatial topic of interest.

2. 4-H Favorite Places or Historical Site Poster - the 4-H exhibitor identifies a favorite place or historical site (including grave sites) in Nebraska. Exhibit should include latitude and longitude, digital picture, and local area map. Poster size should not exceed 22" x 30".

3. GPS Notebook - keep a log of at least 5 places visited using a GPS enabled device. At least one site should be from a community other than where you live. For each site, record the latitude, longitude, and elevation. Also include a description of the site, a paragraph explaining what was interesting about the site or finding it. Photos of each site and/or cache are optional but encouraged.

4. Geocache - assemble a themed geocache (physical geocache is **REQUIRED** with the exhibit). Each geocache should include a logbook and pencil for finders to log their visits and may include small trinket, geocoins, etc. for the finders to trade. Documentation should include a title, teaser description and the geographic coordinates of Intended placement. Register the site at geocaching.com and include a print-out of its registry. The entry may include a photograph of the cache in its intended hiding place.

5. Agriculture Precision Mapping - 4-H'ers will assemble a notebook that will include a minimum of two digital copies of various data layers that can be used in precision agriculture to identify spatial patterns and/or correlations (printed copies of websites where applications can be purchased is acceptable). Report how the analysis of the various data will be used to make a management decision.

6. 4-H History Map/Preserve 4-H History - nominate a Point of Interest for the 4-H History Map Project. Include copy of submitted form in folder or notebook. To nominate a site for the 4-H history map please go to <http://arcs.is/1bvGogV>. For more information about

7. GIS Thematic Map - using any GIS software, create a thematic. Thematic maps can utilize any subject of interest to the 4-H'er.

Example map would be Amelia Earhart's or Sir Francis Drake's voyage population density maps, water usage maps or 4-H project in Nebraska. Create GIS Map using data from books, and or internet. Use reliable data, (U.S. Center or U.S. Census Bureau etc.) Map any size from 8.5" x 11" up to 36" x 24", should include Title, Base Map, Neat Line, North Arrow, and Legend. Identify the source of your information on the back of map.

8. Virtual Geocache - keep a log of at least 5 places visited using a virtual geocache platform. At least one site should be from a community other than where you live. For each site, record the latitude, longitude, and elevation. Also include a description of the site, a paragraph explaining what was interesting about the site or finding it. Photos of each site/or cache are optional, but highly encouraged.

STEM ENERGY - Division 900

Rules

1. The name and county of each exhibitor should appear separately on the back of each board, poster or article and on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated.

2. Reports should be written using the scientific method whenever possible (Background, the Question or hypothesis, what you plan to do and what you did, Method used and observations, Results: what you learned. All reports should be computer generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

3. Posters can be any size up to 28" by 22" when ready for display. Example: tri fold poster boards are not 28" by 22" when fully open for display.

1. Create and Compare Energy Resources Poster - poster should explore 2 alternative/renewable energy resources. Compare and contrast the 2 resources including two of the following information: amount of energy created, costs of production, usability of the energy, pros/cons of environmental impacts, etc. Posters can be any size up to 28" by 22"

2. Experiment Notebook - notebook will explore the scientific method involving alternative/renewable energy sources. Information required 1.) Hypothesis 2.) Research 3.) Experiment 4.) Measure 5.) Report or Redefine Hypothesis.

3. Solar as Energy Display/Poster - item should be the original design of the 4-H'er. Include the item, or a picture if item is in excess of 6' tall or 2' X 2'.

Include a notebook of why the item was designed and how it harnesses the power of the sun. Examples include solar ovens, solar panels, etc.

4. Water as Energy Display/Poster - item should be the original design of the 4-H'er. Include the item, or a picture if item is in excess of 6' tall or 2' X 2'. Include a notebook of why the item was designed and how it harnesses the power of water.

5. Wind as Energy Display/Poster - item should be the original design of the 4-H'er. Include the item, or a picture if item is in excess of 6' tall or 2' X 2'. Include a notebook of why the item was designed and how it harnesses the power of wind.

6. Other Nebraska Alternative Energy - notebook should explore Nebraska an alternative energy source besides wind, water, and solar power. Include information on type of power chosen, infrastructure for distribution, what resources are needed to create this alternative resource, cost of production, and potential uses of bio-products. Examples include geothermal, biomass, ethanol, biodiesel, methane reactors, etc.

PREMIUM CODE 15

STEM WOODWORKING - Division 911

Rules

1. The name and county of each exhibitor should appear separately on the back of each board, poster, or article and on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated from the exhibit.

2. Requirements: All articles exhibited must include a plan (with drawings or sketch or blueprints) stating dimensions and other critical instructions a builder would need to know how to build the project and the 4-H'er's name and county. Plans may include narrative instructions in addition to the dimension drawings and include any alternations to the original plan. Part of the score depends on how well the project matches the plans. If the plans are modified, the changes from the original need to be noted on the plans. All plans used for making the article must be securely attached and protected by a clear plastic cover.

3. 4-H'ers must be in Unit 3 or Unit 4 for the exhibit to be considered for State Fair. All projects must have an appropriate finish.

4. If the project (i.e. picnic tables, wishing wells, swings, chairs, bridges, doghouses, etc.) is designed to be used outside and is selected for state fair, it will be displayed outside.

5. All outside projects MUST have entry tag and supporting information placed in a protective bag to prevent damage from weather events such as rain and be ATTACHED to projects with string, zip ties, etc.

COUNTY ONLY ENTRIES IN UNITS 1 & 2 WOODWORKING

9.+ Article - Select from Unit 1 or use comparable plans from other sources.

10.+ Article-Select from Unit 2 or comparable plans from other sources.

1. Woodworking Article - item should be made using either joints, hinges, dowels, or a dado joining made using skills learned in the Nailing It Together manual. Item is required to be appropriately finished. Examples include: bookcase, coffee table or end table.

3. Recycled Woodworking Display - article made from recycled, reclaimed, or composite wood. Article must be appropriately finished and/or sealed and utilize one or more woodworking techniques from page 2 of the Unit 3 manual. Exhibit must include the woodworking plan and a minimum one-page report of how the engineering design process was used to develop the woodworking plan. Engineering Design Process 1. State the problem (Why did you need this item?) 2. Generate possible solutions (How have others solved the problem? What other alternatives or designs were considered?) _ 3. Select a solution (How does your solution compare on the basis of cost, availability, and functionality?)

4. Build the item (What was your woodworking plan, and what processes did you use to build your item?) 5. Reason for article finish (What type of finish, how did you finish or why you choose this finish?) 6. Evaluate (How does your item solve the original need?) 7. Present results (How would you do this better next time?)

4. Composite Wood Project - 60% of the project must be wood and 40% made from other materials such as metal, rubber, resin, etc. All plans and plan alterations must be attached to the article. Protect plans with a cover. If project is designed to be outside it is required to have appropriate outdoor finish because project may be displayed outside

5. Outdoor Wood Project made with Treated Wood - treated wood projects DO NOT have to have a finished coating. All plans and plan alterations must

be attached to the article. Protect plans with a cover. If project is designed to be outside. Examples include: picnic tables, planters, outdoor furniture, etc.

6. Wood Projects Created on a Turning Lathe -

article is the object created from spinning wood on a turning lathe. Article must be appropriately finished and/or sealed. Exhibits must include plans detailing design and process of completion, any changes made to the design, details of finishing techniques, and other relevant information about the article. Must include a description of tools used.

PREMIUM CODE 6

WELDING - Division 920

Rules

1. The name and county of each exhibitor should appear separately on the back of each board, poster, or article and on the front cover of the notebooks so owner of the exhibit may be identified if the entry tag is separated from the exhibit.

2. All welds exhibited in class 1 or 2 must be mounted on a 12" high x 15" long display board of thickness not to exceed 3/8". Attach each weld on a wire loop hinge or equivalent, so the judge can look at the bottom side of the weld when necessary. Each weld should be labeled with information stated 1) type of welding process (stick, MIG, TIG, Oxy-Acetylene, etc.) 2) kind of weld, 3) welder setting, 4) electrode/wire/rod size, and 5) electrode/wire/rod ID numbers. **Attach a wire to display board so it can be hung like a picture frame. No picture frame hangers accepted.**

3. Fabricated board such as plywood, composition board, or particle-type lumber may be used for demonstration displays.

4. Demonstration boards should be sanded and finished to improve their appearance. The finish on a demonstration board will be judged as a woodworking exhibit.

5. Reports should be written using the scientific method whenever possible (Background, the Question or hypothesis, what you plan to do and what you did, Method used and observations, Results: what you learned. All reports should be computer generated and enclosed in a clear plastic cover. The reports should be attached securely to the display.

6. If no plans are included with welding art, welding article, welding furniture or composite weld project item will be disqualified.

7. All outside projects MUST have entry tag and supporting information placed in a protective bag to prevent damage from weather events such as rain and be ATTACHED to projects with string, zip ties, etc.

Welding Project Tips and Suggestions For Class 1

1. All welds should be made with the same electrode/wire/rod size and number.

2. Welds should be made only on one side of metal so penetration can be judged.

3. Welds should be cleaned with chipping hammer and wire brush. Apply a coat of light oil (penetrating oil) to the metal to prevent rusting. Wipe off excess oil.

4. It is suggested that all welds be on the same size and thickness of metal. These pieces, referred to as coupons, should be 1.5 to 2 inches wide and 3.5 to 4 inches long. A good way to get this size is to buy new cold rolled strap iron and cut to length. The extra width is needed to provide enough metal to absorb the heat from the welding process and prevent the coupons from becoming too hot before the bead is completed. Narrower coupons will become very hot, making an average welder setting too cold at the bead start, just about right in the middle, and too hot at the end. The correct way to weld narrow strips is to make short beads and allow time to cool, however this project requires a full-length bead.

5. Stick welding: Suggested coupon thickness - 1/4" if using 1/8" rod. Suggested rod-AC and DC straight or reverse polarity- first E-7014, second E-6013

6. MIG welding: Suggested coupon thickness - 1/4" if using .035 wire and 1/8" if using .023 wire

7. Oxy-Acetylene: Suggested coupon thickness - 1/4" if using .035 wire and 1/8" mild steel rod.

1. Welding Joints - a display of one butt, one lap and one fillet weld.

Welding Tips and Suggestions For Class 2

1. It is suggested that all welds be of the same size and thickness of metal. These pieces are referred to as coupons. The welds can be on one coupon that is about 4" x 4" or on individual coupons that are about 2" x 4" inch and 1/4" thick. Suggested rods for this class of position welds for AC and DC straight or reverse polarity is, first E-6013, second E-7014 and E-6010 for DC reverse polarity only.

2. Welds should be cleaned with a chipping hammer and wire brush. Apply a coat of light oil (penetrating oil) to the metal to prevent rusting. Wipe off excess oil.

3. 4-H Welding Project Tips and Suggestions: Class 3 & 4 1. All welds should be cleaned and protected from rust with paint or light oil. Plans are to be complete enough that if they were given to a welding shop, the item could be made without further instructions. Bill of materials should include a cost for all items used including steel, electrodes, paint, wheels, etc.

2. Position Welds - a display showing three beads welded in the vertical down, horizontal and overhead positions.

3. Welding Art - any art created using tack welds to hold the metal pieces together (examples include horseshoe projects). Type of welder, welder settings, all plans, plan alternations, and a bill for material must be attached to the article. Protect plans with a cover. If project is designed to be outside, it is required to have appropriate outdoor finish.

4. Welding Article - any shop article where welding is used in the construction. 60% of the item must be completed by 4-Her and notes regarding laser welding or machine welding must be included. Type of welder, welder settings, all plans, plan alternations, and a bill for material must be attached to the article. Protect plans with a cover. If project is designed to be outside it is required to have appropriate outdoor finish because project may be displayed outside.

5. Welding Furniture - any furniture with 75% welding is used in the construction. 60% of the item must be completed by 4-Her and notes regarding laser welding or machine welding must be included. Type of welder, welder settings, all plans, plan alternations, and a bill for material must be attached to the article. Protect plans with a cover. If project is designed to be outside it is required to have appropriate outdoor finish because project may be displayed outside.

6. Plasma Cutter/Welder Design - plasma cutters/welders allowed for detailed design(s) to butt cut into metal. 4-H members will create a notebook describing the design process to create the "artwork" to butt cut into metal. In the notebook include: 1) A photo (front and back) of the finished project; 2) Instructions on how the design was created (include software used), this allows for replication of the project; 3) Lessons learned or improvements to the project; 4) Steps to finish the project.

7. Composite Weld Project - 60% of the project must be welded and 40% made from other materials such as wood, rubber, etc. Type of welder, welder settings, all plans, plan alternations, and a bill for material must be attached to the article. Protect plans with a cover. If project is designed to be outside it is required to have appropriate outdoor finish because project may be displayed outside. PREMIUM CODE 9

OPEN CLASS GENERAL INFORMATION

All entries should be made with the proper authorities by the time or date stated in this supplement.

Open Class exhibits may be from any Nebraska resident except please note age guidelines for livestock. Special awards referring to Best of Saline County will be limited to entries from Saline County residents.

Livestock and all other entries are due as stated in their respective areas in this supplement.

Superintendents reserve the right to reject any entries. The same exhibit cannot compete for more than one premium. In case of no competition, first quality to merit the first-place award.

Premiums will be forwarded to exhibitors in a timely manner, (some will be available at the closing of the fair). All premiums not called for before October 31 will be forfeited to the association. All entries will be released at noon Sunday. The Saline County Ag. Society is not responsible for any entries not claimed by 4 p.m.

OPEN CLASS ANIMALS

LIVESTOCK RULES AND REGULATIONS

ENTRY DEADLINE

All animal entries are required to be made online in the designated entry system by June 13 when entries close. Entries are to be made online at: <https://salineco.fairwire.com>

Open class shows will immediately follow the Junior Livestock Show of each specie.

All animals must be owned by the exhibitor for at least 30 days prior to the opening of the fair. All livestock must be owned by the exhibitor making the entry and must be shown by that exhibitor except in case of injury, sickness, or other acceptable reason.

All livestock exhibitors must clean out their stalls/pens and move the bedding to a specified dump area, or premium money may be withheld.

All livestock classes offered in the Junior Show will be offered in the Open Division along with additional classes listed in that area. When completing online entries use the appropriate online Open Class Department, Division, and Class numbers for your respective animal entries. All rules pertaining to the Junior Show should also be followed in this show except for the dress code, however, to best represent you and your livestock, please dress appropriately.

Premiums will be the same as in the Junior Show (where applicable).

GENERAL RULES & REGULATIONS

EXHIBITOR ELIGIBILITY:

Open Class livestock exhibits may be from any Nebraska resident 5 years old and older as of Jan. 1 of the current year (See age limits on livestock entries below), with entry limits as outlined in junior rules unless specified differently.

Youth ages 5-7 as of Jan. 1 of the current year who are enrolled in the Saline County 4-H Program are considered "Clover Kids". These youth who have enrolled, identified a project animal, and have made the official fair entry by the June 13 deadline will exhibit their animal as a "Clover Kid" in the Open Class animal shows.

Exhibitors are encouraged to show animals that they can control without endangering themselves, other exhibitors, and spectators.

Exhibitors and/or animals that are not in control will be excused from the arena after the second escape for the safety of all those in attendance.

PROPER SHOW ATTIRE

Proper show attire is up to the discretion of the exhibitor. Clean and appropriate clothing will give the best impression to those observing the show. Hard-soled shoes are recommended. No flip-flops, open-toed shoes, or shorts.

RIBBON POLICY

The Danish system of judging will be used. Exhibits will be divided into groups according to merit. Purple will denote Superior exhibits, Blue will denote Excellent exhibits, Red will denote Good exhibits.

Awards will be given on merit. Awards will not be awarded to animals deemed not worthy of an award by the judge. Premium money will be paid only where indicated.

OWNERSHIP OF ANIMALS AND POULTRY

All animals to be shown must be owned by the exhibitor or family.

SUBSTITUTE SHOWMEN:

An exhibitor who has more than one animal in a class need not secure approval for another exhibitor. They do need to be sure and let the show clerk know so results can be accurately recorded.

ANIMAL HEALTH

Animals that have active ringworm, or visible warts, will not be allowed entry into the county fair for exhibition. Ringworm will be judged to be inactive if the ringworm lesion area is not encrusted and hair has begun re-growth in the area.

Animals with warts that are not visible by a hands-off inspection will be allowed to remain on the premises and can be exhibited.

Show superintendents and Extension staff reserve the right to inspect any animal in question or violations of health requirements.

ENTRIES

All Open Class animal entries are due on or before June 13 to the Saline County Extension Office. Entries MUST be made online in the designated online entry system by June 13 with the exception of Open Class Beef which can be entered on site on Saturday, 4-H/FFA Beef show day from 1:30 pm to 2:30 pm with the show starting at approximately 3 pm.

Classes offered at the Saline County Fair are not necessarily offered at other shows, they have been added at this show only to enhance the learning opportunities.

ALL OPEN CLASS ANIMALS ARE REQUIRED TO STALL/PEN FOR THE DURATION ON THE COUNTY FAIR WITH THE EXCEPTION OF BEEF AS NOT STALLING IS PROVIDED.

STALLS, PENS & BEDDING

Stalls and pens will be assigned by the Superintendent and/or Saline County 4-H staff and posted in their respective barns.

BEDDING

Bedding for beef, sheep, and swine is the responsibility of the exhibitor. Refer to each area for specific bedding details.

Switching or trading pens: The superintendent must be notified of any change in pen assignments.

Please identify your livestock with stall cards or a sign.

ANIMAL ELIGIBILITY

All exhibitors are limited to the same number of livestock as the junior show. No animals may be shown in both the open and junior shows with the exception of beef. 4-H and FFA beef exhibitors may enter and exhibit their 4-H and FFA beef animals in the Open Class Beef show. See Open Class Beef section.

NOTE: Youth ages 5-7 years of age on Jan. 1 of the current year are not allowed to exhibit animals weighing more than 350 lbs at the time the animal is weighed at fair check-in in any open class animal show.

FITTING AND SHOWING ANIMALS

Grooming animals for show is primarily the responsibility of exhibitors. However, assistance from family members and fellow exhibitors is permitted as a learning tool for future shows.

In the beef show, blow and show is the rule, no other substances of any kind should be used in show day preparation. See Junior show fitting rules for products allowed and not allowed. False tails will be allowed, but no twining, air, or other body shape-altering methods will be allowed. Bucket calves can only be washed and have their hair combed in its natural direction.

In the swine show, pigs must be shown without hairdressing compounds. This includes oils, powder, or any other coat dressing compounds. Water is permitted.

Sheep (unless a wool breed) are to have been sheared within 14 days of the fair date.

Upon violation of above rules, the exhibitor's animal will be dropped one ribbon group in the live show.

EXHIBITOR ETHICS STATEMENT

The following has been agreed upon by the Saline County Agricultural Society and deemed policy for the Saline County Fair.

1. The right to interpret rules in the best interest of fairness is reserved for the Superintendent, whose decision will be final.

2. Any exhibitor who inhumanely abuses an animal or alters an animal's appearance through unnatural actions or procedures will forfeit any premium, ribbon or prize won, during the fair at which the abuse(s) or alteration(s) took place.

3. The Saline County Agricultural Society Board has agreed that abuse or alteration of appearance will be defined as the following actions which have occurred or were attempted on/to an animal present at the Saline County Fair.

Defined by species:

Sheep: Beating, slapping, using an electric prod or physically forcing a lamb into a solid object in an attempt to make the animal brace more firmly. The use of cold-water wraps or ice in or on the body of an animal in an attempt to make the animal brace more firmly.

Swine: The use of hairdressing compounds such as oils, powder, or any other coat dressing compound on an animal in order to enhance its appearance.

Beef/Dairy: Changing the major color pattern of an animal by painting or dyeing the animal. False hair other than tails through twining.

The following definitions of abuse and/or alteration apply to all livestock shown at the Saline County Fair-
All Livestock: Forced consumption of water in an attempt to increase the weight of an animal. The use of unnatural means, such as drugs, to reduce the weight of an animal. The use of a compound(s) or drug(s) on a species other than the species it was approved for by the FDA. The use of a drug or compound outside the specified withdrawal requirements of the FDA. The use of air, twining or other body shape altering methods will be allowed.

Any action the superintendent feels is inappropriate or abusive treatment of an animal.

In cases that are not specifically addressed in this statement, one warning will be issued by the Superintendent before action is taken. Meaning, that any exhibitor who inhumanely abuses an animal or alters an animal's appearance through unnatural actions or procedures will forfeit any premium, ribbon or prize won, during the fair at which the abuse(s) or alteration(s) took place.

Any animal entered in the Saline County Fair is subject to both urine and blood testing at the discretion of the superintendent. If blood and/or urine testing is requested, the cost of the test(s) will be incurred by the exhibitor of the animal, if the results of the test(s) indicate a Saline County Fair Drug Use rule has been violated. If the results indicate that no Saline County Drug Use Rule has been violated, the cost of the test(s) will be incurred by the Saline County Fair.

SWINE

Superintendents: Todd Cecrle & Lynn Steuer

The Open Swine show will immediately follow the Junior Swine show.

Medicating an animal should be cleared with the superintendent(s) or may be grounds for immediate dismissal from the fair.

Swine are encouraged to be between 200 and 310 pounds live weight, hogs lighter or heavier than these limits may receive a discounted price because of the weight. Animals must be designated by the end of the Swine show on Friday for release to the farm or slaughter should a market be available for selling. NO late changes. Entry day will be Wednesday by 5:30 p.m.

All pigs will return home at the conclusion of the fair.

WEIGH-IN AND CHECK-IN

The weigh-in will be on Wednesday evening from 6-7:30 pm unless otherwise noted. There are no re-weighs. Open Class Swine exhibitors are responsible for bringing your hogs to the scale for check-in and weigh-in.

Rules from the Junior portion of this book may be referred to for further information.

Woodchips or sawdust should only be used.

ENTRY LIMIT: 3 head per exhibitor total

All market hogs will be shown by weight classes determined by the weight at the Wednesday weigh-in.

All Open Class Beef entries will have a \$15 entry fee per animal if entered and paid by July 1. Entries and payments received after July 1 are \$20. Showmanship is a flat fee of \$5 per entry which will help fund prizes and the potential for jackpotting funds.

CHECK-IN will be from 1:30 to 2:30 pm. on Saturday, July 19.

The Open Class Beef show will begin at 3 pm (approximately). Animals must be broke to lead in order to show. Beef may be shown in both the Open and Junior shows if they pay the open class entry fee and meet the requirements of the Junior Show. This is a Blow and Show event, see Junior show for products allowed and not allowed.

Open Class animals may be brought to the ground on Saturday by 1:30 p.m. and checked in by 2:30 pm. Open Class beef are released upon closing of the Open Class beef show.

Stalls will not be assigned these animals unless these entries are also 4-H or FFA entries for the Junior Beef Show and stalling the duration of the fair. These animals will be the only animals allowed outside of the barn area and identification will be monitored until the conclusion of the Junior show through only one gate. Be prepared to stall at your trailer.

Based upon entries and fees some funds may be jackpotted back to exhibitors. Due to liability reasons enforced by the Saline County Ag Society youth ages 5-7 are not allowed to show animals above 350 lbs. The show order for the breeding classes will be alphabetical by breed first, then divided by age (oldest to youngest). Breeding classes will be divided by age based on entries. At the time of show, classes may be added or changed at the discretion of the superintendent based on interest. Feeder calves will be split by DOB.

Market classes may not have access to a scale. Please declare an approximate weight upon online entry. Depending on entries, market classes could be divided by hip height or date of birth if weights are not available.

POULTRY

Superintendent: Theresa Vernon

Entries are due to the Extension Office by June 13. Pre-registration required.

Entry day is Tuesday from 8 am to 8 pm.

The Open Class Poultry show is immediately following the Junior show.

Read and follow all 4-H rules as found in the 4-H section of this book. Rules printed here may supersede those from 4-H section.

Cages, water, and feed cups are provided.

In order to comply with the Nebraska Poultry Disease Act, poultry exhibited may be tested as part of the Bureau of Animal Industry's monitoring for the presence of pullorum and typhoid in Nebraska.

No stock can be removed from the show before the close of the fair except if it shows signs of disease, in which case it will be promptly removed from the poultry department. The superintendent has full authority in the determination of sick birds.

Judging will be Thursday. No animals may be entered in both the Open and Junior Divisions.

ENTRY LIMIT: 8 entries per exhibitor. The Poultry Superintendent reserves the right to accept, reject, and/or limit, or "bring show day only" any entry(s) depending upon space.

Same premiums awarded for Turkeys, Ducks and Geese.

OPEN CLASS CONTEST ARCHERY AND TRAPSHOOT

OPEN CLASS TRAPSHOOT

Superintendent: Guy Svec

An Open Trapshoot contest will be held Tuesday, July 15 at 5:30 p.m. at the Crete Izaak Walton Range at Tuxedo Park. Registration begins at 5:00 p.m.

Youth shooters must have completed a Hunter Safety Course before they are eligible. Youth are eligible to shoot in only ONE area: 4-H, FFA, or Open Youth.

Registration for this contest will be held the day of the event before the shoot starts (5 p.m.).

We urge contestants to dress conservatively (no halter or spaghetti strap tops). No clogs/flip flops or open-toed shoes allowed in the youth shoot.

Approved eye and ear protection are required to be worn by all shooters while shooting at Saline County 4-H and Open Class Trapshoots. Any shooter observed not wearing eye and/or ear protection will be informed to get eye and/or ear protection or be removed from competition until eye and/or ear protection is secured.

DIVISIONS: Ages as of January 1)

Adult: (18 years and up)

Junior: (15-17 years)

Youth: (12-14 year)

Adult and Junior will shoot 25 targets at 16 yards and 25 handicap targets for a total of 50 targets. Youth will shoot 50 targets at 16 yards.

ENTRY FEE: Blue Rock fees will be collected and will be subject to the Crete Izaak Walton Club policy. Trophies will be awarded to the 1st & 2nd winner of each division.

Awards are presented shortly after the contest completion, must be present to receive awards.

Inquiries should be made to Guy Svec at 402-821-8087.

OPEN CLASS TRAPSHOOT

Superintendent: TBA

TBD – May not be held in 2025

**Watch Saline County - Nebraska
Extension Facebook page for updates**

If an Open shoot will be held in 2025, it will be on Sunday, July 13 at 9 am. At this time the Open Archery Shoot and 4-H Archery Shoot are to be determined for 2025. Registration begins at 8 am. The shoot will be held in the Lakebed area at Tuxedo Park, Crete, NE.

Entry fee of \$10.00 with awards to the winners of each flight. Three competitive flights will be determined from the flighting round scores. A separate Ladies Flight will be included. First and Second round scores will be combined for awards. The number of arrows per target will be announced (maximum of two arrows), need backup arrows.

Volunteers are needed to prepare the trails and set up targets. Call the Extension Office at 402-821-2151 if interested in helping.

Questions about the shoot may be directed to the Extension Office.

The Nebraska Pioneer Farm Award was designed to pay tribute to pioneer farm families of Nebraska who have owned the same land for 100 years or more.

The Heritage Farm Award is for those farms in Nebraska that have been owned by the same family for 150 years or more.

Deadline for receiving nominations is April of each year. Contact: Theresa Vernon, 1407 Idaho Rd., Crete, NE 68333. (402) 826-4787.

These awards will be honored if verification is received.

Exhibits will be displayed in the Exhibition Hall. Each school district is responsible for delivering their entries to the Exhibition Hall, check with Jennifer Filipi at 402-418-0339 for details.

Each entry will be given an award for first, second, third, or participation. School districts receive compensation for entries to be used for the art department. Compensation will be Superior: 75 cents; Excellent: 50 cents; Good: 25 cents; Participation: none.

Hours of work and perseverance will be displayed at the County Fair July 13-20, we hope you will come out to the fair and see what our kids are doing!

Saline County 4-H wants to thank the advertisers who made this publication possible. Your support allows the exhibition rules and regulations for projects to be known by all Saline County Fair Exhibitors.
