

Year.

Years in Project

Age.

Name of 4-H Club

The first step of a successful project is to set project goals and steps to achieve your goal. Each goal should contain three parts: action, results and timetable. Example: (Action): I want to learn, (Results): the body parts and retail cuts of meat from a market beef, (Timetable): before county fair. The steps are the activities we do in the project to reach our project goal before the end of our timetable.

What would you like to do next year in this project?

Description			Beginning Value			Ending Value			Production Values		
Breed	Sex	Tag #	Date	Weight	Cost/Value	Date	Weight	Ending Value	Days on Feed	Total Gained	Average Daily Gain
Total				1				6
