Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Elbert C. Dickey, Dean and Director of Cooperative Extension, University of Nebraska, Institute of Agriculture and Natural Resources.

The 4-H Youth Development program abides with the non-discrimination policies of the University of Nebraska-Lincoln and the United States Department of Agriculture.

Objectives of the Horse Project

1. Experience the pride of owning a horse or pony and being responsible for its management.
2. Develop an appreciation of horseback riding as a healthy and wholesome form of recreation.
3. Learn skill in horsemanship and develop an understanding of the business of breeding, raising and training horses.
4. Increase knowledge of safety precautions to prevent injury to yourself, others and your mounts.
5. Promote greater love for animals and a humane attitude toward them.
6. Develop leadership, initiative, self-reliance, sportsmanship and other desirable character traits.
7. Be better prepared for citizenship responsibilities by working in groups and supporting community horse projects and activities.

The Record Book

This record, if properly kept, will give a clear picture of what you have done during your horse project. Keep it up to date. Filling it out at the end of the year is likely to be a "guesstimate" rather than a record.

My Plan for the Year

This is my _____ year in the 4-H Horse Project. There are many things to learn about horses, their care and management. Check the topics you would like to learn more about, either through discussion at meetings or reading on your own.

Set Goals

Goals are tools that will help you decide how to get where you want to be and how to measure your success. Each goal has three parts: action (I want), the result (to learn my leads), and a timetable (before the county fair).

My Goals: (Make sure you have included the three parts for each goal.)

Advancement Level

I want to reach:

- Pre-Level
- Level 1
- Level 2
- Level 3
- Level 4

4-H Horseman Advancement Levels

Some counties participate in the 4-H Horseman Advancement Level program. (See EC 2-96-69, 4-H Horse Project Advancement Levels, for details.) In this program, 4-H members follow the guidelines for a particular level of ability. When evaluated as capable of that level, they progress to the next level.

Indicate below your progress in the Advancement Levels, if you are participating in them.

Advancement Level	Date Completed	Evaluator
Pre-Level	_____	_____
Level 1	_____	_____
Level 2	_____	_____

Project Evaluation

What did you learn from the project this year? (Review your plan from the beginning of the year.)

What was the most fun in the project?

What was your biggest problem?

What was most interesting or helpful?

How was your project financed? (financial arrangements with your parents, your banker, etc.)

Do you plan to continue the horse project next year? _____ What will you do differently?
