# CAMP COUNSELOR AGREEMENT

**As a counselor,** you are the most important ingredient for a successful camp. After the camper has forgotten everything else about camp, they will remember you and the things you did for and with them.

**You are called counselors** because your job is to counsel the boys and girls who come to camp. Counseling involves listening, sharing, guiding and advising campers. It is helping them adjust to new situations, giving encouragement and caring about each camper. It is a combination of little things that show the camper you care about him or her.

**It is a serious responsibility,** but one whose rewards you will enjoy in many different ways for a long time. We are excited about having you on our team and look forward to working with you.
