Clowerkid CORNER

**#5 - FAMILY CELEBRATIONS FROM
AROUND THE WORLD**
1100-003 Indian Rakhi Bracelet

Spotlight #5 features Embroidery Floss. If you don't have Embroidery Floss, you can certainly use some yarn or other string material. When making an Indian Rakhi Bracelet, ask an adult to help you research (or find out more information) where the word "Rakhi" came from and why it is important. There are many different styles to a bracelet, so feel free to personalize your creation by adding decorative beads.

Make a bracelet for yourself, your mom, a sibling, a grandparent or other important person in your life. Bracelets would be inexpensive to send to someone to brighten their day!
