A fun, hands-on educational program designed for youth to learn about Animal Science.

Designed For: Youth 4-H ages 8-18 statewide.

Registration: \$10, includes lunch

Objectives:

- Youth will interact with, and learn from, animal science faculty, industry experts and other youth excited about animal science.
- Youth will gain knowledge and understanding of the livestock industry and current research in animal science.
- Youth will become aware of careers related to animal science.

Focus:

Careers, genetics, meat and milk production, equine, poultry, and companion animals

Register online at: <https://cvent.me/WY8DxL>

Priority registration ends one week prior to the event. Late registration for higher fee.
