Ashton holds a Bachelor's Degree in Education and Human Sciences as well as a Master's Degree in Child, Youth, and Family Studies both from the University of Nebraska-Lincoln. She currently serves as an Educator within the Food, Nutrition and Health program area. Her work is supported by a contract with Nebraska Department of Health and Human Services (DHHS) to deliver the program Go NAPSACC statewide. This program pairs consultants with childcare providers across Nebraska to make improvements to best practices related to healthy eating, physical activity, and infant feeding within the childcare setting.

Ashton's favorite part of Go NAPSACC is being a resource to providers to help them creating healthy environments where children and learn and grow.
