1. Where did you get the idea for your design?

2. How did you create the design to make it original? (i.e. drew your own design, chose original fabrics or colors, manipulated a design, combined different elements to make a new design, etc.)

3. What skills did you learn or improve when working on this project? For garments constructed, add:

4. Fiber content of fabric and care required. Exhibits not having supporting information will be lowered one ribbon.
