

2024 4-H BEEF DIVISION

*Denotes State Fair Entry

Purple, \$7.50; Blue, \$4; Red, \$3; White, \$2

All livestock must be pre-entered by July 3 at the County Extension Office. 4-H members showing cattle at the fair must bring brand inspection certificates on entry day, regardless of whether they plan to sell the animal or not. If the 4-H'er's animal bears a brand belonging to the member's parents, he will need to have them sign a Disclaimer of Interest. All brand releases will be satisfied by 6 p.m. on entry day of the fair or cattle will not be allowed to show. 4-H members showing cattle at the fair must have signed a drug-free waiver for their animals on entry day. 4-H'ers may obtain drug-free waivers at the Extension Office before the fair.

Youth for the Quality Care of Animals Training: Exhibitors in beef, dairy cattle, goats, sheep, swine, and market poultry (including production turkeys) must have received Quality Assurance training or testing through a UNL Extension program by the date set by the Extension Office. Anyone not completing the Q.A. training will be ineligible to exhibit at the Buffalo County Fair. Completion of training will be certified by a Buffalo County Extension Educator.

GROOMING RULE — See General Livestock Rules.

MARKET BEEF

Steers or heifers, purchased or home raised, calved after January 1 of the preceding year, on feed by Feb. 1 of the current year, owned by the member and ear tagged and recorded with the Extension Office on or before June 15 will be eligible to exhibit. Animals jointly owned by siblings – ownership will be determined at check-in at fair. To be eligible for either a first or second purple ribbon in live show and rate of gain, market animals must meet the following requirements.

Weight requirements: 900-1600 pounds

To be eligible to show in market classes, steers must weigh 950 pounds or more and heifers must weigh 900 pounds or more on entry day. Any steer or heifer weighing less than these weights may show in a pre-market class and is not eligible to show for champion steer or heifer.

Each exhibitor is eligible to show not more than two market beef.

The market divisions will be divided according to check-in weight.

Grand Champion Market Beef will be selected from champions of weight divisions, from market steer, bred and fed steer division, British breed steer division, and market heifer division. Superintendents will determine the number of divisions following check in.

*G010010 Market Beef

G010020 Bred and Fed Steer Division — This division is designed to honor the outstanding quality of animals produced by Buffalo County 4-H exhibitors on their family's farm or ranch. Steers that are produced from the 4-H member's own herd or the herd of the immediate family's farm or ranch are eligible. The steer's dam must have been bred and calved at the family's facilities and the steer must have stayed in the ownership of the family since its birth. The steer(s) may or may not be branded. Bred and fed classes will be divided by weight at the discretion of the supervising committee. An exhibitor is allowed two market beef. If an animal qualifies for Bred and Fed it may show in either that division or the traditional steer division. Exhibitors will nominate their Bred and Fed steers at weigh-in and can make the designation at the time of pre-entry.

G010021 Feedlot Steers — Steers within this class must have hair less than 1 inch in length. There must be at least 5 entries in this class or entries will be moved to Bred and Fed.

*G010030 Market heifer

To be eligible to show in the British breed steer division at the Buffalo County Fair, steers must be owned by the exhibitor, be registered by the official breed association and exhibit breed characteristics typical of a purebred animal of the breed in which they are entered, **and have a tattoo**. Appendixed Shorthorn/Shorthorn Plus steers will not be accepted as purebred shorthorns. The American Hereford Association currently offers a Steer Certificate for purebred steers from registered parents or steers with a registered sire and a commercial purebred Hereford dam.

The registration paper or certificate must indicate one of the following: 1. the name of the exhibitor, 2. the name of the exhibitor and/or a co-owner who is an immediate member of the exhibitor's family, or 3. the family or ranch name or parent's name. REGISTRATION MUST BE COMPLETED by fair entry day. Copies of the registration or certificate must be submitted with pre-fair entries. Original registration papers or certificates must be presented at fair check-in.

All British steers will show in one class.

*G010040 British breed steer

Average Daily Gain Contest

Weights collected during county weigh-in will be used to calculate average daily gain. The amount of weight gained will be divided by the number of days between the weigh-in date and weigh-in at county fair. Each exhibitor will have their highest placing beef entered into the average daily gain contest. Additionally, to be eligible to compete in the rate of gain contest, market beef animals must weigh between 900-1600 pounds. Results will be announced after the 4-H Beef Show, and premiums will be awarded to each exhibitor, with an additional monetary award given to the top 10 finishers. The top 10 awards are sponsored.

G01004C Market beef average daily gain contest

FEEDER CALVES

Calves enrolled in the feeder calf division must have a certified birth date, be identified with a 4-H ear tag and recorded with the Extension Office on or before June 15. Animals jointly owned by siblings – ownership will be determined at check-in at fair.

All feeder calves must be owned by the 4-H member or in partnership with parent or guardian, family or farm name, and must be owned by June 15 of the current year.

Only those animals that were calved after January of the current year are eligible.

All feeder calves that enter in this division will be checked in, weighed and divided into respective classes according to weight the morning of the show.

Each exhibitor is limited to two entries. All feeder calves will be released the day of the show.

G011010 Feeder steers

G011020 Feeder heifers

BUCKET CALVES

Orphan or newborn calf; male or female; dairy, beef or cross; fed on a bucket or bottle. Must be born between January 1 and June 15 of current year and selected within 2 weeks of birth. Must be tagged by June 15. Animals jointly owned by siblings – ownership will be determined at check-in at fair

Exhibitor must be 8-18 years old (4-H age). Judging takes place according to a score sheet and not on animal quality. Judging criteria will include calf health and cleanliness, calf handling, exhibitor knowledge and courtesy, and record book.

Each exhibitor is eligible to show not more than one bucket calf.

G010050 Bucket calf

CLOVER KID BUCKET CALF

Exhibitors must be at least five years of age and not older than eight years of age by January 1 of the current year and enrolled in 4-H Clover Kids program.

Calf may be orphan or newborn; male or female; dairy, beef, or cross; fed on a bucket or bottle. Bucket calf should be no more than six months of age and weigh no more than 350 pounds at the time of the show. No identification sheet, ear tags, or record books required. Pre-fair registration will be required for this show so that enough staff/volunteers can be available for show arena safety. Exhibitor is eligible to show not more than one bucket calf. Participation ribbons given only; no premiums given. The Clover Kid Bucket Calf Show will take place just prior to the regular 4-H Bucket Calf Show during the Buffalo County Fair. Each bucket calf will be brought in the day of the show and will leave the fairgrounds following the show. These calves will not be stalled at the fair and bedding will not be provided. No bedding fees will be charged.

Clover Kids programs involving live animals must adhere to the following Nebraska 4-H guidelines:

1. Exhibition includes discussion with youth based on their knowledge of the care and raising of the animal.
2. Exhibitors show in a non-competitive setting for participation only without rank or placing.
3. Age, size, and temperament of animal projects must be appropriate for the exhibitor's age and size.
4. There will be one adult/teen volunteer present for every two Clover Kids that are handling or exhibiting animals.

Each club will be eligible to enter three groups of five steers and/or heifers. An animal may be entered in only one group. Each group is allowed one herdsman.

G010050C Market beef — Club group of five.

BREEDING HEIFERS

An exhibitor is limited to showing two breeding heifers. All breeding heifers will have their tattoos and IDs checked on entry day of fair along with market beef unless the entry/entries are spring heifer calves born after January 1 of the current year. Spring-born heifers may be checked in with the feeder calves on their entry day and timetable. Any heifer not having a legible tattoo or showing evidence of a fresh or recent tattoo will be disqualified from the show. A calthood vaccination tattoo is not considered an official identification tattoo. Original registration certificates or papers for Angus, Balancer, Composite Charolais, Charolais, Chianina, Gelbvieh, Hereford and Polled Hereford, LimFlex, Limousin, Maine Anjou, Maintainer, Piedmontese, Red Angus, Shorthorn, Shorthorn Plus, Foundation Simmental, Simmental and heifers of other breeds that will show in the All Other Breeds (AOB) class must be presented at the check-in chute when the heifers are led through for checking tattoos, IDs and entry papers. Only breeding heifers recognized as registered and eligible to show by their respective state Breed Associations will be allowed to compete in the breed classes. Buffalo County reserves the right to determine eligibility of all registered breeding heifers entered in the show.

Note: Exhibitors can speed up the check-in process by cleaning out the ear and being sure there is a readable tattoo before they come to the check-in chute. Exhibitor cooperation is greatly appreciated.

SUBSTITUTIONS — Exhibitors may substitute different animals at show check-in time as long as the substitute animals are properly enrolled and identified on the appropriate State 4-H Identification and Enrollment Form.

COMMERCIAL HEIFERS — To be eligible for show, a commercial breeding heifer must have a known birth date, be identified by an official Buffalo County ear tag and/or legible tattoo, and be recorded on an ownership affidavit in the Buffalo County Extension Office by June 15 of the current year. No bangs tattoo or cow/calf tag will be accepted for identification. Commercial breeding heifers will be classed by weight not age.

BREED CLASSES — To be eligible to show in a registered class, the heifer must be owned by the exhibitor by June 15 of the current year and be registered, as well as be recognized by the official breed association to show in registered classes. Breeding heifers must be recognized as registered and eligible to show by their respective state breed association.

- a. Angus Heifers — Must be registered in the American Angus Association.
- b. Charolais Heifers — Must have an American-International Charolais Association registration certificate and must be 100 percent purebred Charolais. All Charolais Percentage Heifers will be included in the AOB Class. These heifers must have an AICA Charolais-Cross Record and must be at least half blood or more Charolais influence, i.e. be sired by a registered purebred Charolais bull or be out of a registered purebred Charolais female.
- c. Composite Charolais Heifers – These heifers must have an AICA Charolais-Cross Record and must be at least 50% or more Charolais influence, i.e. be sired by a registered purebred Charolais bull or be out of a registered purebred Charolais female.
- d. Chianina Heifers — Must be registered in the American Chianina Association. Includes Chiangus, Chianina, Chiford, or Chimaine.
- e. Gelbvieh Heifers — Must be registered in the American Gelbvieh Association.
- f. Balancer Heifers – Must be registered with the American Gelbvieh Association and be 25-75% Gelbvieh and 25-75% Red Angus or Angus with a maximum of 12.5% unknown or other breed.
- g. Hereford and Polled Hereford Heifers — Must be registered with the American Hereford Association or American Polled Hereford Association.
- h. Limousin Heifers — Must be registered with the North American Limousin Foundation.
- i. LimFlex Heifers – Must be registered with the North American Limousin Foundation and must be 37.5-75% Limousin and 25-62.5% Angus or Red Angus.
- j. Maine Anjou Heifers — Must be registered with the American Maine-Anjou Association and must be 75% Maine or higher. Chimaine are not accepted.
- k. Maintainer Heifers – Must be registered with the American Maine-Anjou Association and be 25-62.5% Maine-Anjou.
- l. Piedmontese Heifers - Must be registered with the Piedmontese Association of the United States.
- m. Red Angus Heifers — Must be registered with the Red Angus Association of America.
- n. Shorthorn Heifers — Must be registered with the American Shorthorn Association and must be 15/16 registered purebreds.
- o. Shorthorn Plus Heifers – Must be registered with the American Shorthorn Association and must be at least ¼ blood and up to and including 7/8 blood Shorthorn.
- p. Simmental Heifers — Must be registered with the American Simmental Association and must be 75.1% or higher.
- q. Foundation Simmental Heifers – Must be registered with the American Simmental Association and must be 50-75% Simmental.

Heifers not meeting these requirements may be entered in the “All Other Breeds” (AOB) class or any registered purebred heifers not offered by Nebraska 4-H. Heifers entered in the AOB class must have appropriate registration papers. The registration certificate must indicate the current owner of the animal to be one of the following: 1. the name of the exhibitor; 2. the name of the exhibitor and/or a co-owner who is an immediate member of the exhibitor’s family. Animals jointly owned by siblings – ownership will be determined at check-in at fair. REGISTRATION MUST BE COMPLETED BY COUNTY FAIR DATE. Immediate family is defined as members of a household, including parents, brothers and sisters, and youth in care of the head of the household. Copies of the registration certificate must be submitted with Pre-Fair entries. Original registration certificates or electronic documents presented using a tablet or smart phone will be accepted if pulled up or downloaded from their respective breed website at check-in. Animals whose registration papers are not approved for a specific breed division will show in the Commercial class at the discretion of the Beef Superintendent.

Note: Any breeds with fewer than three head at check-in at the fair will be shown in one class. They will enter the ring by age and be placed in ribbon group according to individual merit. Show management reserves the right to combine classes of a breed until they reach a minimum class size of three or more. Large classes may be divided to accommodate ring size.

Divisions with three or fewer entries may be combined into an All Other Breeds class at the discretion of the superintendent. The All Other Breeds division may also include registered heifers for which a separate division is not listed, but which meet their state breed association’s criteria for exhibition, or registered heifers not meeting their state association’s criteria for exhibition. Animals whose registration papers are not approved will show in the Commercial class and not in the AOB class since they do not meet registration requirements.

Cow/Calf Pair

The pair will be exhibited on Saturday during the Breeding Beef Show, within their respective breed or in the commercial class. The calf could also be exhibited individually as a Feeder Calf. The pair will be stalled throughout the fair, in the stall space for the club with all other beef entries. Both the cow and the calf need to be identified by June 15th, with an official 4-H tag that can be obtained from the Extension Office.

Supreme Heifer

A supreme champion breeding heifer will be selected at the conclusion of the breeding heifer show. The champion from each of the breed divisions will be eligible.

ALL OTHER BREEDS

BREEDING HEIFERS

- *G023080 Senior Yearling Heifers – Calved August to December 2022 (should be bred but not calved prior to show)
- *G023010 Yearling heifers — calved January and February 2023
- *G023020 Yearling heifers — calved March and April 2023
- *G023030 Yearling heifers — calved May and June 2023
- *G023040 Yearling heifers — calved July and August 2023
- *G023050 Heifer calves — calved September and October 2023
- *G023060 Heifer calves — calved November and December 2023
- G023070 Spring heifer calves — calved January to June 2024
- G023090 Cow/Calf Pair

ANGUS

BREEDING HEIFERS

- *G012080 Senior Yearling Heifers – Calved August to December 2022 (should be bred but not calved prior to show)

JR. BULLS

Each 4-H member is permitted one bull entry at the Buffalo County Fair. Bulls must be less than a year old at the time of the show and must have an identification sheet on file at the Extension Office by June 15th. Animals

jointly owned by siblings – ownership will be determined at check-in at fair. Bulls will be checked in, exhibited, and released following the completion of the bull show. For bulls to be shown in their respective breed class they will need to be registered, have a tattoo and appropriate breed association registration papers on file at the Extension Office. Non-registered bulls will show in the commercial class.

BREED CLASSES — To be eligible to show in a registered class, a breeding animal must be owned by the exhibitor by June 15 of the current year and be registered, as well as be recognized by the official breed association to show in registered classes. Bulls must be recognized as registered and eligible to show by their respective state breed association.

- a. Angus Bulls — Must be registered in the American Angus Association.
 - b. Charolais Bulls — Must have an American-International Charolais Association registration certificate and must be 100 percent purebred Charolais. All Charolais Percentage Bulls will be included in the AOB Class. These bulls must have an AICA Charolais-Cross Record and must be at least half blood or more Charolais influence, i.e. be sired by a registered purebred Charolais bull or be out of a registered purebred Charolais female.
 - c. Composite Charolais Bulls – These bulls must have an AICA Charolais-Cross Record and must be at least ½ blood or more Charolais influence, i.e. be sired by a registered purebred Charolais bull or be out of a registered purebred Charolais female.
 - d. Chianina Bulls — Must be registered in the American Chianina Association. Includes Chiangus, Chianina, Chiford, or Chimaine.
 - e. Gelbvieh Bulls — Must be registered in the American Gelbvieh Association.
 - f. Balancer Bulls – Must be registered with the American Gelbvieh Association and be 25-70% Gelbvieh and 30-75% Red Angus or Angus
 - g. Hereford and Polled Hereford Bulls — Must be registered with the American Hereford Association or American Polled Hereford Association.
 - h. Limousin Bulls — Must be registered with the North American Limousin Foundation.
 - i. LimFlex Bulls – Must be registered with the North American Limousin Foundation and must be 25-75% Limousin and 25-75% Red Angus or Angus.
 - j. Maine Anjou Bulls — Must be registered with the American Maine-Anjou Association and must be three-fourths blood and above. Chimaine are not accepted.
 - k. Maintainer Bulls – Must be registered with the American Maine-Anjou Association and be ¼ to 5/8 blood Maine-Anjou.
 - l. Piedmontese Bulls - Must be registered with the Piedmontese Association of the United States.
 - m. Red Angus Bulls — Must be registered with the Red Angus Association of America.
 - n. Shorthorn Bulls — Must be registered with the American Shorthorn Association and must be 15/16 registered purebreds.
 - o. Shorthorn Plus Bulls – Must be registered with the American Shorthorn Association and must be ¼ blood and up to and including 7/8 blood Shorthorn.
 - p. Simmental Bulls — Must be registered with the American Simmental Association and must be half blood or higher (can be non-Simmental sired).
 - q. Foundation Simmental Bulls – Must be registered with the American Simmental Association and must be 50-75% Simmental.

BEEF SHOWMANSHIP

Purple, \$3; Blue, \$2; Red, \$1.50; White, \$1

Each showman must show his or her own animal and the animal must be entered and exhibited in a breeding, feeder, or market class. For market beef, breeding beef and feeder calf showmanship, all cattle will be clipped, washed and blown dry. NO glue, adhesives, paint or any compounds normally applied to hooves, and/or no natural or synthetic fiber or any other items that would change the natural appearance of the animal will be allowed. The judge has the right to ask any showman to exhibit the abilities to fit their animal. This class includes market, feeder calf and breeding beef. All cattle will be subject to inspection before entering the ring. Any animal found to have adhesives, artificial color, glue, compound applied to hooves, synthetic fiber or any other item that would change the appearance of the animal will be asked to use a different animal of their own to show and will not be allowed to enter the show ring with the fitted animal. (No pre-entry required.)

*G010009 14 years and older (4-H age)
*G010008 11-13 years old (4-H age)
G010007 8-10 years old (4-H age)
