

2018

HORTICULTURE

4-H members may only exhibit in the project in which they are enrolled and one entry per class number.

All exhibits must be labeled. Label each item with the exhibitor name, project division, exhibit class number and years in the project before entering at county fair.

All static exhibits must receive a purple ribbon at the county fair in order to be eligible for State Fair selection.

State Fair Premier 4-H Science Award is available in this area. See General Rules in State Fair Book for more details.

“My hands to larger service” — In an effort to reach out a helping hand to the community, the vegetables from the 4-H horticulture projects will be donated to a food pantry. These will be collected and distributed the day after entry day. Samples of Purple, Blue, Red and White ribbon winners will be left in each category, where possible. If a 4-H'er does not want to donate a certain exhibit, e.g., a pumpkin, onions or something that does not spoil during fair, then they need to request that it not be donated and mark the entry tag appropriately.

You Be The Teacher in Horticulture or Floriculture — Share with others what you learned in the project. Exhibit may be a three-dimensional display, scrapbook, charts, pictures, photographs, a file of ideas, research study, etc. A display may not exceed a total space of 12 inches deep, 15 inches wide and 10 inches high. Pictures, models, plaster, paper-mâché, etc., may be used in your exhibit. Attach the entry tag to the upper right hand corner of the entry. This exhibit must be educational. Examples: A comparative study on production of certain vegetable varieties, a story and record of products grown to sell at market, an exhibit of steps in making a craft item from plant material.

FLORICULTURE

*Denotes State Fair Entry

Purple, \$1; Blue, \$0.75; Red, \$0.50; White, \$0.35

Youth must be enrolled in the World of Flowers, Growing Great Houseplants, Annual Flowers, and/or Special Garden projects to enter exhibits. Exhibits are limited to ONE EXHIBIT PER EXHIBIT CLASS NUMBER.

Notebooks and posters must receive a purple ribbon at the county fair to advance to the State Fair.

The cultivar or variety name must be included on all entry cards. Failure to identify the cultivar or variety will drop the entry one ribbon placing. Proper identification is the responsibility of the exhibitor, not the Extension staff or office personnel. For Floriculture, punch hole in the top center of entry tag and use a rubber band to securely attach the entry tag to the container.

Exhibits entered under an incorrect class number or containing an incorrect number of stems will be dropped one ribbon placing. In classes G770023, G770044 and G770045, do not duplicate entries with the classes listed by using other cultivars or varieties, or entry will be dropped one ribbon placing. For example: 4-H'ers with two cultivars or varieties of marigolds can only enter the marigold class and cannot enter the other cultivar or variety in any other class. A perennial is defined as a plant of which the crown overwinters. An annual is a plant that grows from seed each season, whether self-seeded or planted by the gardener. A biennial is a plant that germinates, grows and overwinters as a crown, blooms the following year and dies. Foliage will be considered when exhibit is judged.

All 3 or 5 stems of cut flowers should be the same cultivar and color, do not mix cultivars and colors. Exhibit flowers in a “bottom heavy” container. Containers will not be judged; however, they should be a clear glass container and of adequate size to display blooms. Exhibitor is responsible for watering flowers during fair.

Annuals and biennials

Three stems of a single variety (cultivar) unless otherwise noted.

- *G770001 Aster
- *G770002 Bachelor Buttons
- *G770003 Bells of Ireland
- *G770004 Browallia
- *G770005 Calendula
- *G770006 Celosia (crested or plume) (3 stems)
- *G770007 Cosmos
- *G770008 Dahlia
- *G770009 Dianthus
- *G770010 Foxglove
- *G770011 Gladiolus (3 stems)
- *G770012 Gomphrena
- *G770013 Hollyhock (3 stems)
- *G770014 Marigold

- *G770015 Pansy
- *G770016 Petunia
- *G770017 Salvia
- *G770018 Snapdragon
- *G770019 Statice
- *G770020 Sunflower (under 3-inch diameter, 5 stems; 3 inches or more in diameter, 3 stems)
- *G770021 Vinca
- *G770022 Zinnia
- *G770023 Any other annual or biennial (under 3-inch diameter, 5 stems; 3 inches or more in diameter, 3 stems)
- G770024 Mixed annuals — A mixed exhibit consisting of 2 stems from each of 3 types of annuals, for a total of 6 stems.
- G770025 Most unusual flower — One single-stem annual.
- G770026 Largest single flower — One single-stem annual over 3 inches.

Perennials

Three stems of a single variety (cultivar).

- *G770030 Achillea/Yarrow
- *G770031 Chrysanthemum
- *G770032 Coneflower
- *G770033 Coreopsis
- *G770034 Daisy
- *G770035 Gaillardia
- *G770036 Helianthus
- *G770037 Liatris
- *G770038 Lilies (3 stems) (not daylilies)
- *G770039 Platycodon
- *G770040 Rose — One single-stem rose — Hybrid Tea Rose
- *G770041 Rudbeckia/Black-eyed Susan
- *G770042 Sedum
- *G770043 Statice
- *G770044 Any other perennial
- *G770045 Flower garden collection of five different flowers. Display in a box or other holder not more than 18 inches in any dimension.
- G770046 Mixed perennials — a mixed exhibit consisting of two stems from each of three types of annuals for a total of six stems.
- G770047 Most unusual flower — One single-stem perennial.
- G770048 Largest single flower — One single-stem perennial over 3 inches.

Educational Exhibits

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

*G770050 Flower notebook — Exhibit a notebook containing pictures of flowers grown in Nebraska. There must be at least 10 different species of annuals and/or biennials and 10 different species of perennials hardy to Nebraska. Bulbs may be included in a separate section. 4-H'ers may show more than one cultivar of the same species but it will only count as one species. The notebook must be the result of the current year's work. Pictures from garden catalogs, hand drawn pictures, or photographs may be used. Each species/cultivar must be labeled with the correct common name(s) and scientific name; the height and spread of the plant; and the growing conditions the species prefers (for example: needs full sun and dry sandy soil). In addition to this information, bulbs should also be labeled as spring or summer flowering. Give proper credit by listing the sources of the pictures and information used. The 4-H member's name, age, full address, county and years in the project(s) must be on the back of the notebook.

*G770051 Flower garden promotion poster — Individual poster promoting vegetable and/or flower gardening (14 inches by 22 inches, either vertical or horizontal arrangement). Poster may be in any medium — watercolor, ink, crayon, etc. — as long as they are not three-dimensional. Poster may not use copyrighted materials such as cartoon characters or commercial product names. Entry card must be stapled in upper right hand corner. The 4-H member's name, age, full address, county and years in project(s) must be on the back of the poster.

*G770052 Educational flower garden poster — Prepare a poster no larger than 14 inches by 22 inches by 2 inches (three-dimensional if needed) illustrating a skill or project done in a 4-H flowers or houseplant project. You

might show a special technique you used or equipment you have incorporated in your garden. Refer to 4-H horticulture project manuals, but use your own creativity. Entry card must be stapled to the upper right hand corner. The 4-H member's name, age, full address, county and years in project(s) must be on the back of the poster.

*G770053 Flower gardening history interview — Neatly handwritten or typed account of a gardening history interview with a person whose flower garden has inspired you. Maximum of four pages of text and two pages of pictures of the garden if the individual is still gardening. Include one photo of the person interviewed. Protect with a clear report cover or small three-ring notebook. The 4-H member's name, age, full address, county and years in the project(s) must be on the back of the report.

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

G770054 You Be The Teacher — This exhibit must be educational. See information in introduction to this division. Only one entry in this class

NO PREMIUM

G770055 Community service activity — Show what was done as a community service activity related to the horticulture project. In a notebook, photo story, or poster show the purpose and results of that activity. Example: planting and/or maintaining a flower garden at a public building or nursing home, helping an elderly person with a large gardening task, planting and harvesting vegetables for a donation to a food bank, etc. May be an individual or club activity. **Non-competitive/No premiums/Not a State Fair Exhibit.** Special recognition certificates will be awarded to participants.

Houseplants

*Denotes State Fair Entry

Purple, \$1; Blue, \$0.75; Red, \$0.50; White, \$0.35

Youth must be enrolled in the Growing Great Houseplants project to exhibit in classes G770060-G770066. Entries must receive a purple ribbon at the county fair to advance to the State Fair.

Container-Grown Houseplants: The choice of container and soil quality will be considered in judging. Each houseplant must be identified by listing the names on the entry tag or on a card attached to the container. Houseplants should be grown in the display container for a minimum of six weeks. Plants grown as houseplants must be used. NebGuide G2205 "Guide to Growing Houseplants" (<http://extensionpublications.unl.edu/assets/html/g2205/build/g2205.htm>) and NebGuide G837 "Guide to Selecting Houseplants" (<http://extensionpublications.unl.edu/assets/html/g837/build/g837.htm>) includes a listing of common houseplants. Containers of annual flowers or annual plants (ex. petunias, geranium, impatiens) will be disqualified and will not be judged. Entries in Classes G770060-G770066 must have been designed and planted by the 4-H member. Container grown houseplants must have received a purple ribbon at the county fair to be exhibited at the State Fair. Container grown houseplants shall be in pots no greater than 12 inches in diameter (inside opening measurement). Dish gardens, fairy or miniature gardens, desert gardens and terrariums may be up to 12 inches in diameter (inside opening measurement). Any container-grown plant in Classes G770060-G770066 that is greater than 12 inches in diameter (inside opening measurement) will be dropped one ribbon placing. Classes G770060-G770066 exhibitors must have and provide a saucer to catch drainage water. The 4-H member's name, age, full address, county, and years in the project(s) must be on the bottom or back of the container and saucer.

*G770060 Flowering potted houseplant(s) blooming during exhibition (non-blooming plants will be disqualified).

*G770061 Foliage potted houseplant(s) of all the same type (variety).

*G770062 Hanging baskets of flowering and/or foliage houseplants.

*G770063 Dish garden – an open/shallow container featuring a variety of houseplants excluding cacti and succulents.

*G770064 Fairy or Miniature garden – A miniature "scene" contained in an open container and featuring miniature or small, slow growing houseplants. The garden needs to have an imaginative theme and miniature accessories, i.e. bench, fence made from tiny twigs, small shell for a bath tub, etc.

*G770065 Desert gardens — An open/shallow container featuring cacti and/or succulents grown as houseplants.

*G770066 Terrariums — Transparent container, partially or completely enclosed; sealed or unsealed.

HORTICULTURE

Purple, \$1; Blue, \$0.75; Red, \$0.50; White, \$0.35

Youth must be enrolled in the Everyone A Gardener project, Gardening Unit 1-Unit 4, and/or Special Garden project. Exhibits are limited to ONE EXHIBIT PER EXHIBIT CLASS NUMBER. Notebooks and posters must receive a purple ribbon at the county fair to advance to the State Fair.

The cultivar or variety name must be included on all entry cards. Failure to identify the cultivar or variety will drop the entry one ribbon placing. Proper identification is the responsibility of the exhibitor, not the Extension staff or Office personnel. Exhibits entered under an incorrect class number or containing an incorrect number of vegetables will be dropped one ribbon placing. In classes G773252, G773255, G773268, G773269, G773285 and G773286, do not duplicate entries with the classes listed by using other cultivars or varieties or entry will be dropped one ribbon placing. For example: 4-H'ers with two cultivars or varieties of red tomatoes can only enter the red tomatoes class and cannot enter the other cultivar or variety in any other vegetable class. Score Sheet SF108.

Follow the guidelines in 4-H 226 (revised 1994) when preparing entries for the fair. At State Fair, plates will be provided for the exhibitor.

- *G773201 Lima beans (12)
- *G773202 Snap beans (12)
- *G773203 Wax beans (12)
- *G773204 Beets (5)
- *G773205 Broccoli (2)
- *G773206 Brussels sprouts (12)
- *G773207 Green cabbage (2)
- *G773208 Red cabbage (2)
- *G773209 Carrots (5)
- *G773210 Cauliflower (2)
- *G773211 Slicing cucumbers (2)
- *G773212 Pickling cucumbers (5)
- *G773213 Eggplant (2)
- *G773214 Kohlrabi (5)
- *G773215 Muskmelon/cantaloupe (2)
- *G773216 Okra (5)
- *G773217 Yellow onions (5)
- *G773218 Red onions (5)
- *G773219 White onions (5)
- *G773220 Parsnips (5)
- *G773221 Bell peppers (5)
- *G773222 Sweet (non-bell) peppers (5)
- *G773223 Jalapeno peppers (5)
- *G773224 Hot (non-jalapeno) peppers (5)
- *G773225 White potatoes (5)
- *G773226 Red potatoes (5)
- *G773227 Russet potatoes (5)
- *G773228 Other potatoes (5)
- *G773229 Pumpkin (2)
- *G773230 Miniature pumpkins (Jack Be Little type) (5)
- *G773231 Radish (5)
- *G773232 Rhubarb (5)
- *G773233 Rutabaga (2)
- *G773234 Summer green squash (2)
- *G773235 Summer yellow squash (2)
- *G773236 Summer white squash (2)
- *G773237 Acorn squash (2)
- *G773238 Butternut squash (2)
- *G773239 Buttercup squash (2)
- *G773240 Other winter squash (2)
- *G773241 Sweet corn (in husks) (5)
- *G773242 Swiss chard (5)
- *G773243 Red tomatoes (2 inches or more in diameter) (5)
- *G773244 Roma or sauce-type Tomatoes (5)

- *G773245 Salad type tomatoes (less than 2 inches in diameter) (12)
- *G773246 Yellow tomatoes (2 inches or more in diameter) (5)
- *G773247 Turnips (5)
- *G773248 Watermelon (2)
- *G773249 Dry edible beans (1 pint)
- *G773250 Gourds, mixed type (2)
- *G773251 Gourds, single variety (2)
- *G773252 Other vegetables (2, 5 or 12) that do not fit into any other class. Do not duplicate entries in classes G773201 through G773251. See 4-H 266 for guidelines to exhibit entries.

Garden Display

*Denotes State Fair Entry

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

Garden displays must be made up according to 4-H 226 "Selecting and Preparing Vegetables for Exhibit." This circular is available at the County Extension Office.

*G773255 4-H vegetable garden collection of five kinds of vegetables. Display in a box not more than 24 inches in any dimension. Showmanship will be considered in judging, but plastic grass, cotton, figurines, etc., should not be used in exhibit boxes. Each vegetable in the collection should be exhibited with the number specified for individual class G773201-G773252. Do not duplicate entries in classes G773201-G773252 with any in the group collection.

*G773256 4-H cultivar vegetable collection. Vegetables entered in the collection are five cultivars from a single exhibit — for example, five cultivars of all types of peppers or squash or onions or tomatoes, etc. Display in a box not more than 24 inches in any dimension. Showmanship will be considered in judging, but plastic grass, cotton, figurines, etc. should not be used in exhibit boxes. Each vegetable in the collection should be exhibited with the number specified for individual class G773201 through G774252.

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

G773257 You Be The Teacher — This exhibit must be educational. See information in introduction to this division. Only one entry in this class

Herbs

*Denotes State Fair Entry

Purple, \$1; Blue, \$0.75; Red, \$0.50; White, \$0.35

Not more than three entries in this division. Herbs will be judged using the same general criteria used for vegetables. Those grown mainly for their seed such as dill and caraway should be exhibited on a plate. Those grown for their leaves such as basil, parsley, etc., should be exhibited in a container of water. Containers are not returned.

- *G773260 Basil (5)
- *G773261 Dill (dry) (5)
- *G773262 Garlic (bulbs) (5)
- *G773263 Mint (5)
- *G773264 Oregano (5)
- *G773265 Parsley (5)
- *G773266 Sage (5)
- *G773267 Thyme (5)
- *G773268 Any other herb (5)
- *G773269 4-H Herb Garden Display of five different herbs. Displayed in a box of appropriate size for judging (not to exceed 18 inches in any dimension). Each herb in the collection should be exhibited with the number of specified for classes G773260-G773268. Do not duplicate entries in classes G773260 through G773268 with any in the group collection.

Fruits

*Denotes State Fair Entry

Purple, \$1; Blue, \$0.75; Red, \$0.50; White, \$0.35

Fruit will be judged using the same general criteria used for vegetables (see 4-H 226). Fruit will be judged for the stage of maturity normal for that season and growing location. Emphasis will be placed on how well fruit approaches market quality.

- *G773280 Strawberries (everbearers) — exhibit in box (1 pint)
- *G773281 Grapes (2 bunches)
- *G773282 Apples (5)
- *G773283 Pears (5)

- *G773284 Wild Plums (1 pint)
- *G773285 Other small fruit or berries (1 pint). Do not duplicate entries in classes 773280-773284.
- *G773286 Other fruit or nuts (5). Do not duplicate entries in classes 773280-773284.

Educational Exhibits

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

*G773290 Garden promotion poster — Individual poster promoting vegetable or herb gardening (14 inches by 22 inches, either vertical or horizontal arrangement). Poster may be in any medium — watercolor, ink, crayon, etc. — as long as they are not three-dimensional. Posters using copyrighted material will not be accepted. Entry card must be stapled in upper right hand corner. The 4-H member's name, age, full address, county and years in project(s) must be on the back of the poster.

*G773291 Educational vegetable or herb garden poster — Prepare a poster no larger than 14 inches by 24 inches by 2 inches (three-dimensional if needed) illustrating a skill or project the 4-H'er has done or learned about in a 4-H vegetable gardening project. One might show a special technique you used or equipment you have incorporated in your garden (e.g. drip irrigation system, composting, or special techniques learned). Refer to 4-H horticulture project manuals, but use your own creativity. Entry card must be stapled to the upper right hand corner. The 4-H member's name, age, full address, county and years in project(s) must be on the back of the poster.

*G773292 Vegetable and/or herb gardening history interview — Neatly handwritten or typed account of a gardening history interview of a person whose vegetable or herb garden has inspired you. Maximum of four pages of text and two pages of pictures of the garden if the individual is still gardening (include one picture of the person you interviewed). Protect with a clear report cover. The 4-H member's name, age, full address, county and years in project(s) must be on the back of the report cover.

*G773293 Vegetable seed display — Each display must include seeds representing the following families: Cucurbit, Brassica (cabbage), Solanaceous (nightshade), and Legume (pea) families plus representatives from five other families. Group the seeds by family and type. Glue seeds or otherwise fasten clear containers of seeds to a board or poster board no larger than 22 inches by 24 inches. Label each group and each individual vegetable type with the common and scientific name. Use only one variety of cultivar of each vegetable, except for beans where several examples of beans may be shown. Attach a card to the back of the display explaining why and how it is important to know which vegetables are related, and site references on where the scientific name information was found. The 4-H member's name, age, full address, county and years in the garden project(s) must be on the back of the display. Information on vegetable family members can be obtained from the Extension Office.

*G773294 World of vegetables notebook — Choose a favorite foreign cuisine and learn what vegetables and/or herbs are common to it (e.g. Mexican, African, Chinese, Italian, etc.). Include a handwritten or typed report telling about a minimum of five vegetables and/or herbs from each country chosen. Include the scientific and common names; pictures from your garden or seed catalogs; how they are grown; and how the foods are used. Also list a source for buying the seed or plants. Favorite recipes using some or all of the vegetable described may be included. Give proper credit by listing the source of pictures and information used. Protect in a clear report cover or small three-ring notebook. The 4-H member's name, age, years in the garden project, and complete address must be on the back cover of the report.

SPECIAL GARDEN PROJECT

*Denotes State Fair Entry

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

Youth must be enrolled in the Special Garden Project to exhibit. Fresh cut flowers or harvested vegetables should be entered in the appropriate class listed above.

*G775001 Special Garden Project - Educational exhibit based on what was learned from the project. Present information on a poster 14" X 22" either vertical or horizontal arrangement or in a clear plastic report cover. The 4-H member's name, age, full address, and county must be on the back of the poster or report cover.

*G775002 Special Garden Project Fresh Cut Flowers or Harvested Vegetables – The current year's special garden project fresh cut flowers or harvested vegetables should be entered in this class. Refer to classes 001-044 for quantity to exhibit if special garden project is a fresh cut flower. Refer to classes 201-252 for quantity to exhibit if special garden project is a vegetable.

LANDSCAPE

4-H members may only exhibit in the project in which they are enrolled and one entry per class number.

All exhibits must be labeled. Label each item with the exhibitor name, project division, exhibit class number and years in the project before entering at county fair.

Purple, \$2; Blue, \$1.50; Red, \$1; White, \$0.50

*G777401. Grow a Beautiful Space Unit 1 Portfolio Notebook - Create and complete 'Landscape Professionals & Design Principles' Unit 1 Portfolio, 4H6110P. Present portfolio information in a three ring binder. Give proper credit by listing the sources of photographs/images and information used.

*G777402. Establish Landscape Analysis Poster - Take multiple photographs of a landscape that has been established for 10 or more years. Critique the landscape based on each of the design principles (order, unity, rhythm, balance, scale or proportion, and emphasis). Describe the spatial definition of the landscape and what different areas of the landscape "feel like". Include photos taken to support your critique. Describe what changes need to be made in the landscape to improve its characteristics and sense of space. Display on a poster mat board no larger than 22" x 28". Entry card must be stapled to the upper right hand corner.

*G777403. Grow a Beautiful Space Unit 2 Portfolio Notebook - Create and complete 'Landscape Plants & Materials' Unit 2 Portfolio, 4H6120P. Present portfolio information in a three ring binder. Give proper credit by listing the sources of photographs/images and information used.

*G777404. Landscape Renovation Poster - Take multiple photographs of a landscape that doesn't quite look right because it doesn't reflect sound design principles. Select a landscape in which you can make at least three design recommendations. Identify how the design principles (order, unity, rhythm, balance, scale or proportion, and emphasis) could be better integrated into the landscape, and how plants or materials with specific features (size, form, color, or texture) could improve the space. Reduce the opaqueness of the images to 50/60 percent and sketch plants, structures, materials, and/or amenities that could improve the overall design over the original images. The poster should include the original image(s) and improved image(s), and include a short explanation of how the landscape design was improved. Display on a poster mat board no larger than 22" x 28". Entry card must be stapled to the upper right hand corner.

*G777405. Estimating Dreams Poster - Select a dream landscape as if money is not a consideration. Develop a plan drawing of the landscape. Draw landscape to scale. Identify the types of plants, structures, and amenities used in the landscape. Research the cost of the plants and amenities and the installation. Include the general cost of grading (if needed) and labor that could be associated with installation. Create a list, noting the plants that are included in the space. The quantities of plants and the structures, materials, or amenities and their cost should be included. Calculate the final total estimate. The poster should include the scale drawing of the landscape, identification of plants, structures and amenities, and cost and labor. Display on a poster mat board no larger than 22" x 28". Entry card must be stapled to the upper right hand corner.

*G777406. Site Inventory & Analysis Poster - Make an unscaled drawing of the landscape you inventoried and analyzed. Develop two drawings: a site inventory and a site analysis. The site inventory and site analysis should be communicated through a combination of written notes, graphics symbols and photographs. Display on a poster mat board no larger than 22" x 28". Entry card must be stapled to the upper right hand corner.

*G777407. Community Landscape Poster - Identify a local community space (park, nursing home, school, county fairgrounds, etc.) that needs some landscape improvements. Work through the design process and develop a detailed plan of your improvements to the space. The plan should include design principles, functional and aesthetic factors, list of plants and materials and their costs, budget for materials, labor you have available for the project, and a timeline. Take photographs of the area and draw over the photos to illustrate your final ideas. Include photographs of the finished landscape if project ideas were carried out. Display on a poster mat board no larger than 22" x 28". Entry card must be stapled to the upper right hand corner.

*G777408. Renovate The Outdoors Portfolio - Select a space that you would like to redesign. The space can be at your home, a family member's or friend's house, or somewhere in your community. Develop a scaled base map of the site and locate the existing plants and structures in the landscape. Take photographs of the landscape. Evaluate the physical properties of the site and conduct an interview with the people who live there or use the space. Think about how you would change the space and develop a plan that would implement design elements into the space. Create different drawings that will move you through the design process. You will draw concept diagrams, form compositions, preliminary drawings, and the final design. Once the final design drawing is complete, use overlays on the original photographs to show how the landscape will look compared to how it looked in the photo you originally took of the landscape. Place photographs, interview notes, concept and program statements and drawings in a portfolio.
