

# NEW Livestock Changes for 2022

**There may be some minor changes within departments but listed below are some of the major changes. Please make sure to double check within each department the rules and criteria.**

## **New Classes:**

### **Sheep**

G030001 Bred and fed sheep division — This division is designed to honor the outstanding quality of animals produced by Buffalo County 4-H exhibitors on their family's farm or ranch. Sheep that are produced from the 4-H member's own herd or the herd of the immediate family's farm or ranch are eligible. The sheep's dam must have been bred and lambled at the family's facilities and the sheep must have stayed in the ownership of the family since its birth. Bred and fed classes will be divided by weight at the discretion of the supervising committee. An exhibitor is allowed four market sheep. If an animal qualifies for Bred and Fed it may show in either that division or the traditional market division. Exhibitors will nominate their Bred and Fed sheep at weigh-in and can make the designation at the time of pre-entry.

#### **PEN OF 3**

All market sheep have to be owned by a single exhibitor. These can be of different breeds and sex. Purpose is to match group as to uniformity of size and type.

G030002 Three market lambs

### **Goat**

G058001 Bred and fed Goat division — This division is designed to honor the outstanding quality of animals produced by Buffalo County 4-H exhibitors on their family's farm or ranch. Goats that are produced from the 4-H member's own herd or the herd of the immediate family's farm or ranch are eligible. The goat's dam must have been bred and kidded at the family's facilities and the goat must have stayed in the ownership of the family since its birth. Bred and fed classes will be divided by weight at the discretion of the supervising committee. An exhibitor is allowed three market goats. If an animal qualifies for Bred and Fed it may show in either that division or the traditional market division. Exhibitors will nominate their Bred and Fed goat(s) at weigh-in and can make the designation at the time of pre-entry.

#### **PEN OF 3**

All market goats have to be owned by a single exhibitor. These can be of different breeds and sex. Purpose is to match group as to uniformity of size and type.

### **Swine**

G035001 Bred and fed swine division — This division is designed to honor the outstanding quality of animals produced by Buffalo County 4-H exhibitors on their family's farm or ranch. Pigs that are produced from the 4-H member's own herd or the herd of the immediate family's farm or ranch are eligible. The pig's dam must have been bred and farrowed at the family's facilities and the pig must have stayed in the ownership of the family since its birth. Bred and fed classes will be divided by weight at the discretion of the supervising committee. An exhibitor is allowed three market swine. If an animal qualifies for Bred and Fed it may show in either that division or the traditional market division. Exhibitors will nominate their Bred and Fed swine at weigh-in and can make the designation at the time of pre-entry.

#### **PEN OF 3**
