Figure cost per wearing for entire outfit or for each individual piece if parts will be worn individually. Estimate how many times in one year each purchased garment will be worn. (Think about whether you would *really* wear an item once a week for 52 weeks, for example.) SHOPPING IN STYLE FASHION SHOW NARRATION & PHOTO INFORMATION

NAME _____ County: _____

Phonetic Pronunciation of Name _____

Address: _____ Phone: _____

City/State: _____ Zip: _____ Email address: _____

Narration: In 60 words or less, write a script about you and your outfit to aid the scriptwriter. Please emphasize fashion trends, not a detailed description of your outfit. Following are two examples of the kind of script envisioned:

After inventorying her wardrobe, Jane Smith, of Joy County, decided khaki pants and a fashionable top would be good additions to her closet. Jane purchased her khaki pants on sale, for a \$15 savings. The navy top was reduced to 50% off the original price. Both pieces will add zest to Jane's school time wardrobe.

Paul Prince couldn't pass up this navy suit he discovered on sale for 40% off. This sophisticated navy suit is made of 100% wool. The tailored fit is perfect for this high school senior, who will be a starter on his basketball team in November.

Photo: Please attach a photo of you wearing the garment. The photo will be returned to you.

Thank you!
