

October 7-13, 2018 is National 4-H Club Week! With a little planning this can be a great week of fun for you, your family, and/or your 4-H Club!

Go to <https://4-h.org/> to glean ideas that would work for you or take a look at the ideas listed below:

- Wear 4-H t-shirts to school, church, etc
- Make yard signs and display them in your yard. [If someone wants to make me a sign, I'll display it in my yard! I live on Hwy 1 so it would be lots of looks! :)]
- Decorate windows in your town, promoting 4-H (get permission first!)
- Have a computer activity where kids make and publish some "Join 4-H" brochures.
- Make green cake with clovers and serve it at a meeting, nursing home, family gathering, etc.
- Have a club meeting during 4-H week and invite some new people.
- Write an article for the newspaper.
- Make a small poster, take a photo of it, and send it to the Cass County town e-newsletters to be published.
- During 4-H Week, post fun photos of your projects/4-H activities everyday on your Facebook, Instagram, and twitter pages
- Make cut-out 4-H cookies
- Instead of a Christmas tree, decorate a 4-H tree to display during 4-H Week
- Use your ideas - 4-Hers are so creative!
- And what is the goal? To promote 4-H. Get kids involved. Get the story out of how great 4-H is for youth.

Please take photos of what you do, e-mail them to us, and we'll include them in the KUDOS section of our Cass County 4-H Friday News Blast!
