

### Cass County 4-H Shooting Sports Youth Instruction Verification

Youth enrolled in the Cass County 4-H Shooting Sports (S.S.) project are required to log 10 hours of instruction under the leadership of a 4-H Certified Shooting Sports Instructor. This requirement ensures that 4-H youth learn from instructors trained to teach using the goals and objectives of the program. A 4-H S.S. Certified Instructor signing this form verifies the following youth have received instruction according to current Nebraska 4-H Shooting Sports Guidelines and Policies. These guidelines are available at UNL Extension Offices. This form must be on file at the Extension Office and a copy returned to the Instructor. Completion of this form meets the requirements of county contest eligibility.
