

# The Butterfly Band Invitation

Your special, Spring-time, musical presentation won't be complete without this monarch butterfly invitation. The pattern pieces are ready for the copy machine after you print in your room number, date, place and time! Trace and cut the large butterfly shape on black construction paper. Copy the smaller wing pieces on orange construction paper, cut, and glue in place following the wing placement pattern. For the final touch, sprinkle white spots all around the black border by dipping the eraser end of a pencil into white paint and lightly pressing down. Now, it's ready for "Handle with Care, Special Delivery!"

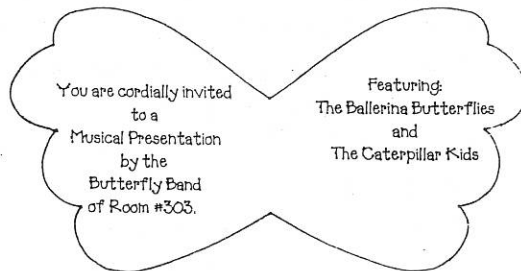

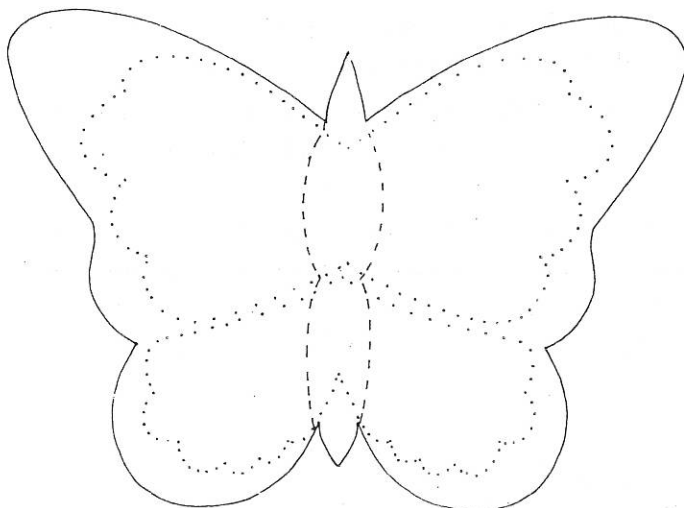

You are cordially invited  
to a
