Spring Take & Make Kits

4-H Members

Youth ages 8-18 as of January 1

Gumball Machine Décor

Add a little flair to your home décor with this fun gumball machine. Don't let the name fool you as this table-top embellishment does not necessarily need to hold gumballs; instead, think of it as an open slate for creating a miniature kitchen scene with a favorite recipe, or maybe filled with cutout shamrocks for St. Patrick's Day or possibly a pet treat canister. The sky is the limit with this 'Take and Make'. Use your creativity to jazz up the inside of the container. Your kit will come complete with a metal bucket as the base and a container with lid for the top. You will need glue (E6000 preferred) and embellishments to complete the project.

Cost: \$5

For first 40 to order!

Fair Entry: Let's Create Crafts - C259916
2022 Spring Take & Make Gumball Machine

Clover Kids

Youth ages 5-7 as of January 1

Watermelon Paver

4-H is FUN anyway you slice it! Clover Kids are invited to create a decorative watermelon paver to add color and charm to outdoor spaces. This kit includes a paver and paint. All the Clover Kids need is a paintbrush and their imagination! We know that Clover Kids will SUC-SEED in this project and can't wait to see their creations entered at the 2022 Cedar County Fair!

Cost: \$5
