Children who are unable to attend safety day
will not receive a t-shirt, life jacket or goody bag.

SAFETY DAY CODE 24-130

Progressive Agriculture Safety Day® 24-130

Registration Form

Dear Parent or Guardian,

Your child is invited to participate in Progressive Agriculture Safety Day® at the fairgrounds in Ord, Nebraska on June 4, 2024. Recognized as the largest safety and health education program for children in North America, the purpose of the PAF Safety Day is to teach children ways to stay safe and healthy on farms, ranches, and in rural communities through participation in a variety of age-appropriate, hands-on experiences. Children in grades K-6 (on 1/1/24) are invited. We cannot accept registrations for children who have not attended Kindergarten. Kindergarten through second graders should arrive at 8:30 a.m. Their camp will end at 12:00 noon. Third through sixth graders should arrive at 11:45 a.m. and will be finished at 3:00 p.m. An adult will need to come to the Valley County Ag Complex arena to pick up your child at the time their camp concludes. We will give your child a life jacket and goody bag as you leave together.

Throughout your child's participation in the PAF Safety Day, safety will remain a top priority. Barriers will be in place to keep children a safe distance from any demonstrations involving animals, equipment, etc. Additionally, safety rules and requirements will be addressed and enforced, and participants will be closely supervised by Safety Day instructors, group leaders, and other volunteers. Safety sessions may be held both indoors and outdoors, so we recommend children be dressed appropriately for weather conditions and wear closed-toe shoes. Each participant will change into the Safety Day t-shirt provided.

Kayla Hinrichs and Bev Smedra are the local PAF Safety Day Coordinators. If you have any questions about the program or your child's participation, you may reach them using the contact information on the front of this form.

We would appreciate your feedback! If your child returns home from the PAF Safety Day sharing the safety and health tips they learned with family and friends, or adopts safer or healthier practices around the farm, ranch or home, we would love to hear more about it. Please e-mail any comments or stories you would like to share to safetysday@progressiveag.org. Include the Safety Day Code listed at the top of this page in the email's subject line. To learn more about the PAF Safety Day program, please visit <http://www.progressiveag.org>.

FEES: There is no fee to participate in our Progressive Agriculture® Safety Experience, thanks to contributions from Cargill, Inc., Central Nebraska Farm Safety 4 Just Kids, and other sponsors, provided you register by May 10. A \$10 late fee is assessed for registrations received after May 10.

A hamburger and hot dog lunch is provided by GreenAmerica Biofuels Ord. Persons with special dietary needs should bring their own lunch.

DEADLINE: Registrations will be accepted until event capacity is reached or until May 10, whichever comes first.

– COMPLETE ONE FORM PER CHILD. PLEASE PRINT LEGIBLY –
