

PREMIER SCIENCE AWARD

RULES

Application: Participant may select ONE exhibit from any department to complete the awards application. The Premier Science Award Application and the Scoresheet can be downloaded at <http://go.unl.edu/ne4hpremierscienceaward>

Exhibit Entry: An awards application, along with any supplemental documents, should be completed and turned in on entry day. Handwritten or typed entries are accepted. Entries are only judged on the information included in the application. A photograph of the exhibit must be included. The photograph will not be used for judging but is needed if the exhibit needs to be located.

Judging: A scoresheet will be used to judge each exhibit. Exhibits which do not have a completed application or photograph can be disqualified at the discretion of the judge. Participants will be scored on how well they communicate their use of the Scientific Method or Engineering Design Process while completing their exhibit. An exhibit involving a science topic does not necessarily qualify it to be the best choice for this award.
