The following is sample narrative you can model from as you write your own.

Here comes Sally Sue modeling her blue skirt she made in her Clothing Level I project. This is Sally’s first year in clothing I. While making the skirt, she learned how to take body measurements and how to sew straight seams. The skirt is made of 100% cotton. Sally has been sewing for 2 years. She purchased a white shirt to go with it along with a blue necklace to accessorize. Sally is a member of the Johnson Town 4-H club and has been in 4-H for 5 years. She looks forward to wearing her new outfit to school this fall.

NARRATIVE/DESCRIPTION:

This will be used as the narration while the 4-H’er is modeling: (include information about accessories, uses of garment, new skills or techniques learned. A sample narrative is printed on reverse side)
