

Nebraska 4-H Animal Project Record

Project _____ Year _____ Years in Project _____

Name _____ Age _____ Name of 4-H Club _____

Project Goals:

The first step of a successful project is to set project goals and steps to achieve your goal. Each goal should contain three parts: action, results and timetable. Example: (Action): I want to learn, (Results): the body parts and retail cuts of meat from a market beef, (Timetable): before county fair. The steps are the activities we do in the project to reach our project goal before the end of our timetable.

My Project Goals			
What I Did	What I Learned	Time Spent	Special Help (i.e. people, books, internet)
Project Highlights/Challenges/Unusual or Unique Experiences			
What would you like to do next year in this project?			

Extension is a Division of the Institute of Agriculture and Natural Resources at the University of Nebraska-Lincoln cooperating with the Counties and the U.S. Department of Agriculture.

The 4-H Youth Development program abides with the non-discrimination policies of the University of Nebraska-Lincoln and the United States Department of Agriculture
