

Online Livestock Affidavits

- Designed to collect same information as paper ID forms.
- Benefits: Information is stored in a sortable database, reduces number of times paper forms changed hands and exhibitors get immediate confirmation of their entries (via email).

2015 Guidelines

- Completion of the online livestock affidavit form is **required** for all animals being identified for the Nebraska State Fair & Ak-Sar-Ben.

Process

- Animal ID information will be entered into an online form via this web link:
<http://livestockaffidavit.unl.edu>
- Up to 4 exhibitors can be listed on 1 form. If more than 4 exhibitors are in the same family a second form will need to be filled out.
- Once your form(s) are submitted you will receive a confirmation email. This is your official proof of your entries. Be sure to save this email!
