

### Tyson Supplier Affidavit - Prohibited Feed & Antibiotics

I \_\_\_\_\_ (print), representing \_\_\_\_\_ (print) (“Supplier”), represent, warrant, and attest that the following statements are true and correct regarding the cattle provided to Tyson Fresh Meats, Inc. (“Tyson”) under my authority, direction, and/or ownership, for slaughter by Tyson:

- Any and all rations fed to cattle have not been fed "prohibited" mammalian protein (i.e. ruminant meat & bone meal) as defined by FDA CFR 589.2000.
- Any and all antibiotics used have been used (i) in accordance with guidelines for responsible use of antibiotics issued by World Health Organization (WHO), World Organization for Animal Health (OIE) and the American Veterinary Medical Association (AVMA), (ii) administered under the auspices of a veterinarian, (iii) in compliance with FDA regulations, and (iv) have not been used solely for the purpose of growth promotion.
- Supplier’s cattle have at all times been handled properly, humanely, and in strict compliance with (i) industry standards relating to animal health and welfare, (ii) all applicable federal, state, local laws, and (iii) in compliance with Tyson’s Zero Tolerance Policy, Animal Welfare Reporting, and Animal Welfare training policies.

Additional information on Tyson’s animal welfare approach and policies can be obtained by contacting Tyson’s Corporate Office of Animal Welfare and on Tyson’s Animal Welfare Page: <https://www.tysonsustainability.com/agriculture/animal-welfare-approach>.

I agree that authorized Tyson officials may conduct inspections of feed records, feed facilities, veterinarian and antibiotic records, and any and all animal health and welfare documentation at locations from which Supplier’s cattle were fed and slaughtered at a Tyson facility.

I, as the Supplier or his/her/its authorized agent, represent, warrant, and attest that I am acting under proper authority and that I am duly authorized to make such representations, warranties, and attestations contained herein.

This affidavit shall remain in effect until revoked in writing by the undersigned Supplier and is delivered to Tyson. Failure to have a current, signed affidavit on-record is cause for Tyson to refuse to slaughter any cattle under Supplier’s authority, direction and/or ownership. Supplier shall keep the yellow copy of this affidavit for his/her/its records.

Note: FDA CFR 589.2000 requires ruminant feeders to keep records for all feed they receive that contains animal protein products, whether or not the animal protein is prohibited material. Such records would include purchase invoices and labeling for all feeds containing animal protein products received. Copies of these records are to be made available to FDA upon request. The complete FDA rule can be accessed on the web site => [www.access.gpo.gov/nara/cfr/waisidx\\_00/21cfr589\\_00.html](http://www.access.gpo.gov/nara/cfr/waisidx_00/21cfr589_00.html).

Note: Guidance for Industry #209 and Docket No. FDA–2010–N–0155 can be accessed on the web site => <http://www.fda.gov/downloads/AnimalVeterinary/GuidanceComplianceEnforcement/GuidanceforIndustry/UCM216936.pdf> <https://www.federalregister.gov/articles/2015/06/03/2015-13393/veterinary-feed-directive>

All cattle producers are urged to secure similar assurances from their suppliers.
