DIGITAL VIDEO – 4-H FILMFEST

The 4-H FilmFest is the display of digital videos that show the recording, reproducing, and broadcasting of moving visual images. 4-H FilmFest digital videos should engage the audience and teach them about something the 4-H youth is learning about science, healthy living, citizenship, and agricultural literacy.

If entering a video in this category, be sure to arrange for the proper method to showcase your project; such as, a working and fully charged laptop, speakers, etc.

While no longer a county curriculum project area, this project is a stepping stone for FilmFest 4-H, the national film festival.
