

BREEDING AND REPRODUCTION LIVESTOCK LINGO 2.0

DOWN

1. When a female is receptive to a male for mating
3. Watching for signs of estrus (*two words*)
5. Duration of pregnancy; the period of development in the uterus from conception until birth
7. Introduction of semen into the vagina or uterus using technology rather than by sexual contact between animals (*abbreviation*)

ACROSS

2. An organism in its early stages of development, especially before it has reached a distinctively recognizable form
4. Manipulating the estrus cycle of breeding females so they can be bred at approximately the same time
6. The period during which mammary glands secrete milk
