Nebraska 4-H Livestock Achievement Program

This opportunity for livestock project youth is designed to promote all educational aspects of 4-H livestock projects including selection, production, leadership, and exhibition by recognizing youth striving to improve in their livestock project knowledge and leadership.

The program recognizes Members of Excellence across all 4-H livestock project areas, including: beef, sheep, meat goat, swine, dairy cattle, dairy goat, rabbit, and poultry.

The program consists of two levels that require 4-H members to plan and report a broad range of age-appropriate and project-related accomplishments. For each level, the Livestock Achievement Program provides a list of accomplishments from which 4-H members choose their goals. Each accomplishment is worth a specific number of points. Intermediates, ages 10-13, must complete 100 points worth of activities to receive the distinction of Intermediate Member of Excellence. Seniors, ages 14-18, must complete 150 points worth of activities to receive the distinction of Senior Member of Excellence. The Plan and Reports, linked on the webpage, show examples of the project related accomplishments they can choose, or they can identify their own with approval of their local educator.

Applications/Sign up are due **June 15th** through the link on the website. Plan and Reports, as well as Project Records will be due August 1st by submitting as attachments to an email sent to 4hlivestockachievement@unl.edu.
