Annabel Slimm Memorial Award – For Excellence in Horticulture

Annabel Slimm was a part of the Sarpy County Extension Office staff for over 25 years. In her honor, a fund has been established to provide this award to a Douglas-Sarpy 4-H member who demonstrates excellence in horticulture based on the quality and quantity of their exhibits. During the 4-H Celebration in the fall, the award winner will be presented with a plaque.

The purpose of Horticulture is to encourage participants to start and maintain vegetable gardens. In addition, 4-H'ers can participate in planting, growing, and caring for flowers. There is also a special gardening project in this category that 4-H'ers can participate in. For more resources and materials in this category refer to the resource section at the bottom of the page.

Rules:

- Entries must be the work of the 4-H member.
- **The cultivar or variety name must be included on all entry cards.** Failure to identify the cultivar or variety will drop the entry one ribbon placing. Proper identification is the responsibility of the exhibitor not the Extension staff or office personnel. For Floriculture, punch hole in the top center of entry tag, use a rubber band to securely attach entry tag to containers.
- Exhibits entered under an incorrect class number or containing an incorrect number of stems will be dropped one ribbon placing.
- In classes 23, 45 & 46, do not duplicate entries with the classes listed by using other cultivars or varieties, or entry will be dropped one ribbon placing. For example: 4-H'ers with two cultivars or varieties of marigolds can only enter the marigold class and cannot enter the other cultivar or variety in any other class.
- A perennial is defined as a plant of which the crown overwinters. An annual is a plant that grows from seed each season, whether self-seeded or planted by the gardener. A biennial is a plant that germinates, grows and overwinters as a crown, blooms the following year and dies. Foliage will be considered when exhibit is judged.
- All 3 or 5 stems of cut flowers should be the same cultivar and color, do not mix cultivars and colors. Containers holding the flowers will not be judged; however, they should be glass containers of a neutral color that won't tip over and of adequate size to display blooms. Any exhibit not in a clear glass container will be dropped one ribbon placing. Containers should be picked up by the exhibitor when the fair closes.
- Follow the guidelines in 4-H Preparing Cut Flowers for Exhibits 4H227 (revised 2016) ([https://unl.box.com/s/2f3a785c67p7qhasevp6gu6adf3ugon](https://unl.box.com/s/2f3a785c67p7qhasevp6gu6adf3ugon)) when preparing entries for the fair.
- Follow the guidelines in Selecting and Preparing Vegetables, Herbs and Fruits for Exhibit 4H226 (revised June 2013)
when preparing entries for the fair. At State Fair, plates will be provided for the exhibitor.

- NebGuide G2205 “Guide to Growing Houseplants”
- NebGuide G837 “Guide to Selecting Houseplants”
- No canned, frozen or preserved vegetables or fruit entered in this Department. Canned goods are to be entered in the Foods, Nutrition & Food Preservation area.
- Interview judging will be on entry day, Tuesday, August 3rd from 12:00-7:00 p.m.
- Most exhibits will be disposed of after the fair concludes. However exhibitors are expected to pick up their ribbons and containers.
- Premiums in the Horticulture Department are pay level 5.
- Exhibitors whose exhibits are selected for State Fair may exhibit vegetables, fruits, flowers or herbs as a substitute from ANY class unless it is designated *The following classes are not eligible for State Fair consideration*. For example, if your State Fair selection was snap beans, you may substitute carrots if you wish.

**Eligibility**
