INTRODUCTORY LEVEL
FIELD CROP SCOUT TRAINING

Industry representatives and corn and soybean growers wanting to learn how to better manage corn and soybean pest should attend. 2017 participants estimated the value of knowledge gained at $7.90 per acre!

- Ideal for new employees preparing to take the CCA exam and serves as an excellent refresher course for experienced personnel.
- Taught by University and industry specialists.
- Provides current, detailed instruction and is specifically designed to furnish employees with the necessary knowledge, expertise and confidence to fulfill the requirements of their employment.

Topics:
- Corn and Soybean Insect Scouting, Identification and Management
- Crop Diseases
- Identifying Weeds - Plant Morphology, Using a Key to Identify Weed Seedlings
- Nutrient Deficiencies in Corn and Soybeans
- Understanding Corn and Soybean Growth and Development

Fee for this training is $165 which includes a resource book. Or for participants attending the training only (no resource book) the fee is $50. Pre-register to reserve your seat and to ensure workshop materials are available the day of the training session. Fees include lunch, refreshment breaks, and workshop materials. About the optional resource book - the instruction manual contains a variety of reference materials that are excellent resources for crop scouting professions. Registration fees do not include the cost of lodging.
