Do you want to get the latest research updates on soybean gall midge?

This is your chance to share your observations and get access to the newest tools for making management decisions. In addition, you’ll have opportunity to participate in on-farm research opportunities for monitoring adult emergence as well as evaluating chemical and cultural strategies in 2020.

As extension educators and specialists, we want to know what you saw during the 2019 season with soybean gall midge. Did anything change for you in regard to soybean gall midge injury or pressure between 2018 and 2019? We also want to hear your thoughts on management (planting date, maturity group, insecticides, adjacent crop, tillage, etc.). Your input is critical to help guide our research efforts on this rapidly developing pest of soybean.

WHAT YOU CAN EXPECT

9:30 a.m. – 10:00 a.m.  Registration, Coffee, Juice and Donuts
10:00 a.m. – 11:00 a.m. Soybean Gall Midge: Research Update
11:00 a.m. – 12:00 p.m. Roundtable Discussion: Observations
12:00 p.m. – 1:00 p.m.  Lunch
1:00 p.m. – 2:00 p.m.  Roundtable Summaries / Research Opportunities
2:00 p.m. – 3:00 p.m.  Open Discussion and Comment Period
