8 Total CCA Credits
2-Crop Mgt., 1-Nutr. Mgt., 1 Soil & Water, 4-Pest Mgt. Applied for and pending.

Weeds, pests, weather, nutrients...and the list goes on. You’ve got a lot to manage to keep crops healthy and growing strong. Nebraska Extension’s Midwest Corn Production Clinic can help you make those decisions, whether you are working as a consultant, industry representative or grower. This one-day, research-based workshop tackles issues that are central to making those decisions with the goal of a more profitable corn crop.

Additional training opportunities:
https://enrec.unl.edu/crop
- Soybean Production - Aug. 23

Previous recorded online training also available - check out the website for details
