Crop Management Training Programs

MIDWEST

SOYBEAN PRODUCTION CLinic

Thursday, Aug. 26, 2021
Registration begins at 8:00 a.m.; Clinic is from 8:25 a.m. - 5:10 p.m.
University of Nebraska Eastern Nebraska Research, Extension & Education Center
1071 County Road G, Ithaca, NE

- **Cultural Practices**
  - Learn hands on by digging and staging soybean plants
  - Examine first-hand why and how earlier soybean planting is a crucial first step to improving soybean yield potential
  - See how a gradient of 8 seeding rates impact main stem height, branches plant, and pod numbers on the lowest stem nodes
  - Use the SoyWater Irrigation Scheduling tool to use less irrigation water while still optimizing yield

- **Insect Management in Soybeans**
  - Get hands on experience in scouting for key pests at different growth stages
  - Learn about the options and management strategies for insect pests including defoliators and soybean gall midge

- **Plant Pathology**
  - Learn the main disease occurring at each growth stage & how to identify them
  - Management options and which ones are most consistently profitable

- **Soil Fertility**
  - Discussion on emerging sulfur deficiency symptoms
  - Find out if there is a need to apply sulfur to your crop

- **IPM for Successful Weed Management in Soybean**
  - Discussion about integrating multiple tactics for weed management
  - What’s in your weed management toolbox?
  - Where do cover crops fit as a weed management tool?
  - Learn more about interseeding timing and strategies

Presenters: Javed Iqbal, Nebraska Extension Nutrient Management and Water Quality Specialist; J Asha Mane, University of Nebraska Graduate Student; Justin McMechan, University of Nebraska Crop Protection and Cropping Systems Specialist; Nathan Mueller, Nebraska Extension Educator; Chris Proctor, Nebraska Weed Management Extension Educator; Jim Specht, UNL Emeritus Professor of Agronomy and Horticulture; and Tamra Jackson-Ziems, Nebraska Extension Plant Pathologist

**Average value noted by past participants was an additional $6.86 per acre in knowledge gained**

8 Total CCA Credits
2-Crop Mgt., 1-Nutr. Mgt., 1 Soil & Water Mgt, and 4-Pest Mgt. - Applied for and pending

This soybean production training session focuses on current research-based production and management recommendations for improving yield and profit potential. The clinic provides an opportunity for hands-on interaction and to check out field demos up close. The training will help participants make sensible decisions with a better understanding of variety selection, weed and pest control, management systems, soil types, and more.

Additional training opportunities: https://enrec.unl.edu/crop

- Corn Production - Aug. 25

Previously recorded online training also available - check out the website for details

Company - If company is to be billed, provide company name and billing address

Clinic(s) you are registering for:

- Corn Production Clinic - Aug. 25 - $115 by 8/20, $140 after
- Soybean Production Clinic - Aug. 26 - $115 by 8/20, $140 after
- Both Corn/Soy Production Clinics - $170 by 8/20, $220 after

Total: __________

If paying by check, make checks payable to Nebraska Extension

See each session’s flyer for registration and clinic start times.

Pre-registration required. All registrants will be sent a confirmation letter, receipt and finalized schedule. Space is limited; your registration is not guaranteed unless payment is received. Cancellations received 1 week before the clinic will receive a full refund. In the event of program cancellation by the University, pre-registered participants will be contacted and will receive a full refund. The University of Nebraska is not responsible for any expenses incurred by registrants.

Fees: Fees include training, lunch and reference materials. Money back guarantee - If you are not satisfied with quality and content of the Nebraska Extension Crop Management Diagnostic Clinics, you may request a refund.

CCA Credits: We reserve the right to request change in CCA credits based on program needs. Participants must attend entire program to obtain full continuing education credits.

The Location: All clinics are held at the University of Nebraska Eastern Nebraska Research and Extension Center, 1071 County Road G, Ithaca, NE. Participants meet at UNL Eastern Nebraska Research, Extension & Education Center’s August N. Christenson Research and Education Building - rain or shine (bring rain gear).

Lodging: Arrange directly with the motel of your choice in Lincoln, Omaha, Fremont, or Wahoo (Heritage Inn).
