

Geocaching for 4-H Members & Families Self Paced Workshop

During the COVID19 social distancing enjoy
the great outdoors, your family, and have some 4-H fun!

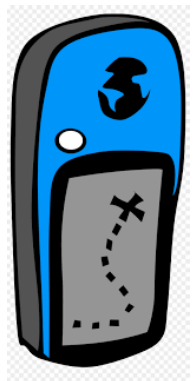

Find the 4 hidden 4-H geocaches around Frontier County.
You will need to go to geocaching.com
or download free Geocaching app on your smartphone
or borrow a GPS hand held device from the Extension Office.

Once you find a Frontier County 4-H cach box, families can take out one
4-H swag piece & replace with an item for others to find. Be sure to write your name
and date in the logbook at each site.

- ❖ Take photos of your experience & email to Frontier County Extension
4-H Educator Kathy.burr@unl.edu to be added for an overall door prize on
August 8th. Pictures will be posted on the Extension Office
Facebook & Instagram pages!
- ❖ Use your creativity & imagination to design a 4-H exhibit and
enter in the county fair “4-H workshop” class this summer.
Ex: Story Board, poster, scrapbook, speech, video, shadow box or etc.

Caches are located in areas where landowners are expecting 4H traffic.
Please be courteous and pick up any litter. HAVE FUN!!

To reserve your GPS hand held device (for up to 2 weeks at a time), submit photos or any questions
contact Nebraska Extension- Frontier County Office at 308-367-4424
or email kathy.burr@unl.edu
