## N. GROOMING OF LIVESTOCK

1. Preparation and grooming of an animal should be the primary responsibility of the fair exhibitor, however assistance may be provided by a family member of the exhibitor. Additionally exhibitors may receive assistance from other Keith County 4-H members currently enrolled in livestock projects.

2. Pigs must be shown without hairdressing compounds. This includes oil, powder or any other coat dressing compounds considered objectionable by the packer. Only unadulterated water is permitted.

3. Exhibitors shall not add materials, natural or synthetic, which extend body shapes beyond normal limits. These animals will be disqualified from competition. Additionally, animals showing signs of illegal drenching, injections, etc. will be disqualified from competition.

4. Upon violation of above rules, the exhibitor's animal involved may be lowered one or two ribbon placing(s) or may be disqualified from the show.

5. Exhibitors will be asked to submit a signed affidavit certifying they know and understand these rules.

## N. GROOMING OF LIVESTOCK

1. Preparation and grooming of an animal should be the primary responsibility of the fair exhibitor, however assistance may be provided by immediate family members including: brothers, sisters and/or parents/legal guardian of the exhibitor. Additionally exhibitors may receive assistance from other 4-H members currently enrolled in livestock projects.

2. Pigs must be shown without hairdressing compounds. This includes oil, powder or any other coat dressing compounds considered objectionable by the packer. Only unadulterated water is permitted.

3. Exhibitors shall not add materials, natural or synthetic, which extend body shapes beyond normal limits. These animals will be disqualified from competition. Additionally, animals showing signs of illegal drenching, injections, etc. will be disqualified from competition.

4. Upon violation of above rules, the exhibitor's animal involved may be lowered one or two ribbon placing(s) or may be disqualified from the show.

5. Exhibitors will be asked to submit a signed affidavit certifying they know and understand these rules.

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to ALL classes of competition.

All parents/leaders working with 4-H exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Parents/guardians or exhibitors who violate the code of ethics will forfeit awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

### **The following is a list of guidelines for all exhibitors and all livestock in competitive events:**

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.

2. Parents/guardians or exhibitors shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. 4-H exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the parent/guardian or exhibitor for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in

accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the parent/guardian or exhibitor to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No parent/guardian or exhibitor shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by a parent/guardian or exhibitor whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the parent/guardian or exhibitor to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the parent/guardian or exhibitor that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

# DEPARTMENT G: ANIMALS

## *Livestock Shows*

### General Rules: Livestock

A. ELIGIBILITY OF EXHIBITORS-An Exhibitor must be a 4-H member enrolled in the project they are exhibiting in. Youth must be enrolled in 4-H by the deadline set by the County Extension Office to exhibit. To exhibit at the county level, the youth must be at least 8 years of age as of January 1 of the current exhibiting year and no older than 18 as of January 1. Youth wanting to exhibit livestock at State Fair must be at least 10 years of age as of January 1 of the current exhibiting year to exhibit in classes where the presence of the 4-H'er is required (such as animal exhibits). Contact the Extension Office for complete State Fair exhibition rules and qualifications.

B. RESPONSIBILITY FOR ENTRY-The responsibility for making proper entry rests with the exhibitors and the Extension Educator. It is the responsibility of the Extension Educator to make sure that each beef, sheep, swine, dairy, meat goats, or rabbit entry that he/she submits was properly identified on an appropriate ownership affidavit and that the ownership affidavit was submitted by the deadline date. The exhibitors of all animals shall conduct themselves with honesty, good sportsmanship, and support all rules and regulations of the Nebraska 4-H program. It is the responsibility of the exhibitor to confirm that each beef, sheep, swine, dairy, meat goat, or rabbit being brought to the fair has ID (ear tag, ear notches, tattoo) that matches the ownership affidavit. Compare notches, tattoos, and ear tags to the ownership affidavit before leaving for the fair.

C. ENTRY DEADLINES-All advance entries are due in the County Extension Office by the date set in that county.

D. BRAND INSPECTION-All 4-H show cattle that are moved, driven, shipped or transported, in any manner from any point within the brand area to any point outside the brand area shall first have a brand inspection by the Nebraska Brand Committee, and a certificate of inspection issued. A copy of such certificate shall accompany the cattle and shall be retained by all persons transporting or moving such cattle, as a permanent record. The responsibility of insuring the cattle are inspected prior to removal falls equally on the parent, owner, seller, shipper, person, persons, firm, motor carrier, railroad company, or other carrier or corporation of his, her, its, or their agent or agents or servant or servants moving, driving, shipping, or transporting. Cattle that are transported in and out of the brand area numerous times for showing may qualify for a show permit, utilized for show purposes only and is valid for 1 year from date of issuance. For more information, contact your local brand inspector or the Nebraska Brand Committee.

E. 4-H/FFA EXHIBITS-For purposes of exhibition, an animal can only be nominated and shown in one organization or the other, not both. Exhibitors who participate in both organizations must decide at the time of submitting ownership affidavits for which organization they are nominating their animals. **The same animal cannot be cross listed on an affidavit for both organizations.**

F. OWNERSHIP OF ANIMALS & POULTRY-All animals and poultry in the 4-H Show must be owned by the exhibitor who entered it. Ownership of beef, sheep, swine, dairy, meat goats, and rabbits must be certified where required on the appropriate forms in the Extension Office. All market animals (beef, sheep, swine & meat goats) must have a hair sample for DNA testing on file at Ak-sar-ben by the appropriate dates (April 1 for beef, June 15 for all other species) in order to be exhibited at the State Fair.

G. DAIRY ANIMALS-In the case of dairy animals, some lease arrangements are acceptable, but must be certified on the appropriate forms in the Extension Office. Livestock Show Regulations in the 4-H Program Management files (<http://4h.unl.edu/calendarfiles/livestockshow.htm>) will apply to this show.

H. ELIGIBILITY OF ANIMALS-Any 4-H project animal that has been offered for auction, where the intent of the auction is change of ownership, is ineligible for the 4-H livestock classes at the Nebraska State Fair. This includes animals offered for sale in other events at the Nebraska State Fair, when the event is prior to the 4-H event the animal is entered in. A project animal that has been through a "premium only" auction is eligible to be exhibited at the Nebraska State Fair, provided it and its exhibitor meet all other ownership and eligibility requirements. A "premium only" auction is defined as an event in which change of ownership is never the intent; but the intent is only to provide a monetary premium to accompany the ribbon earned by the exhibit. An animal that becomes wild and uncontrollable during the show may be declared ineligible by the Division Superintendent.

I. ANIMAL TESTING AND EXAMINATION-Any animal entered in 4-H classes is subject to any type testing at the discretion of either the superintendent or official show veterinarian. If the results of testing indicate the possible use of compounds or drugs not approved for use in that species by FDA or compounds or drugs used outside the specified withdrawal requirements of FDA, these animals will be declared ineligible for competition and awards. In the case of market animals, show management will determine the appropriate disposal of the animals. An animal that is tampered with to change appearance or weight may be declared ineligible by the Division Superintendent.

J. CERTIFICATION OF DRUG USE AND WITHDRAWAL-Each exhibitor will be asked to submit a signed affidavit certifying correct withdrawal from legal drugs, vaccines or other substances. They will also certify that their entries have not received any non-approved drugs. Affidavits for beef and sheep will also state that animals have not been fed any "prohibited" mammalian derived protein (i.e. ruminant meat and bone meal) while under the care of the exhibitor. Affidavits will be presented to department superintendent prior to or at the time of animal weighing and check-in.

K. QUALITY ASSURANCE TRAINING: All exhibitors in beef, dairy cattle, meat goats, poultry, rabbits, sheep and swine must have received Quality Assurance training or testing through a UNL Extension program prior to the fair. Program attendance or completion of a test in the County Extension Office is required. Completion of training will be certified by County Extension Staff.

L. REGISTRATION OF LIVESTOCK-A breeding animal to be eligible for show in a registered (purebred) class must be owned by the exhibitor by June 15 of the current year and be registered by the official breed association.

M. ONLY PURPLES CAN BE CHAMPIONS-Any beef, dairy, sheep, swine, meat goat, dog, companion animal, poultry or rabbit entry must be awarded a first or second purple ribbon in a class to be eligible to compete for champion or reserve champion.

#### **N. GROOMING OF LIVESTOCK**

1. Preparation and grooming of an animal should be the primary responsibility of the fair exhibitor, however assistance may be provided by family member of the exhibitor. Additionally exhibitors may receive assistance from other Keith County 4-H members currently enrolled in livestock projects.

2. Pigs must be shown without hairdressing compounds. This includes oil, powder or any other coat dressing compounds considered objectionable by the packer. Only unadulterated water is permitted.

3. Exhibitors shall not add materials, natural or synthetic, which extend body shapes beyond normal limits. These animals will be disqualified from competition. Additionally, animals showing signs of illegal drenching, injections, etc. will be disqualified from competition.

4. Upon violation of above rules, the exhibitor's animal involved may be lowered one or two ribbon placing(s) or may be disqualified from the show.

5. Exhibitors will be asked to submit a signed affidavit certifying they know and understand these rules.

O. BY ORDER OF THE STATE FIRE MARSHALL-The use of flammable and combustible grooming sprays inside the barns is strictly forbidden. These types of materials must be used outside the buildings only.

P. **SUBSTITUTE SHOWMAN**-An animal must be shown by the FFA or 4-H owner who entered it unless the exhibitor is excused by the Division Superintendent because of serious illness, disability due to an injury (e.g. broken arm or leg) or conflict with other livestock classes in a 4-H or FFA show. An exhibitor who has more than one animal in a class need not secure approval for another FFA or 4-H member, eligible to exhibit livestock, to show the additional animal in the class. A substitute exhibitor for an FFA animal can only be another FFA exhibitor at the current fair, and a substitute exhibitor for a 4-H animal can only be another 4-H exhibitor at the current fair. All substitute showmen should wear an exhibitor number identifying him/her as a substitute showman (available in the 4-H Livestock Office and/or from species superintendent.)

Q. **ANIMAL SUBSTITUTIONS**-Within the same class or division, substituting a different animal for a pre-entered animal, provided the substitute meets all ownership and eligibility rules, is acceptable and does not require prior approval from the Division Superintendent. Substitutions between divisions, except within Breeding Beef and Dairy are not allowed (i.e. a market lamb cannot be substituted for a breeding sheep entry). For Breeding Beef and Dairy, where each breed is listed as a separate division, substitution between divisions is allowed (i.e. an Angus heifer can substitute for a Charolais heifer).

R. **AUTHORITY**-Each Division Superintendent (i.e., Beef Superintendent) shall have the authority to make all decisions within their respective Divisions in accordance with rules and regulations set forth in this premium list.

S. **DRESS CODE**-Exhibitors showing beef, dairy, dogs, companion animals, meat goats, sheep, swine, poultry, and rabbits are required to wear an official 4-H T-shirt (any color). If there is no official 4-H T-shirt, exhibitors are required to wear a white shirt (or blouse) with the official 4-H chevron attached. Dark blue jeans and hard soled shoes or boots are required for beef, sheep, swine, poultry, and rabbit exhibitors. Dairy exhibitors may wear dark blue jeans or white pants. No hats, caps or other types of headgear are to be worn in the show ring. Exhibitors shall not display local, county, commercial or other identification while showing their animals-except official 4-H and such identification the show ring may require.

T. **SHOW TIMES**-Show times printed in the newspaper are *TENTATIVE*. Consult the exhibitor letter you receive with your fair pre-entry forms for the most accurate show times. The times stated in this letter *will* be the time of the shows *unless* you are notified by the Extension Office.

U. **HERDSMANSHIP**-4-H project animals are on display to the public while at the fair. The following are guidelines to follow in presenting your animals:

1. Animals clean at all times.
2. Animals adequately cared for with proper feeding, clean and proper amount of bedding and adequate feeding equipment. Beef animals are to be securely tied with 18-20 inches of lead.
3. Trappings and feed area clean and neatly arranged. Fork handles and similar equipment kept down.
4. Proper courtesy and conduct shown by exhibitors at all times and at all places.

V. **SHOWMANSHIP AGES**-Ages for ALL animal projects (cattle, swine, sheep, goats, poultry, rabbits, pets, dog and horse) will be:

- Juniors—(age 8-10 years)
- Intermediates—(age 11-13 years)
- Seniors—(age 14-18 years)

## **General Instructions: Livestock Showmanship**

### **CONTEST RULES**

1. **ELIGIBILITY**-All 4-H livestock exhibitors must show their own animals to be considered as participants in the Showmanship Contest. Ownership is determined by fair entry and appropriate ownership/ID affidavits from the Extension Office.
2. **SHOWMANSHIP CANDIDATES**-In Beef, Dairy, Goats, Rabbits, Poultry, Sheep, and Swine, all exhibitors **who pre-enter** by the specified deadline are eligible to show in showmanship class but must show their own animal.
3. **ASSIGNED CLASSES** - In species where showmanship classes are assigned and posted prior to the show, exhibitors must show in the class assigned, or receive prior permission from the species superintendent, or they will be disqualified.
4. **BASIS FOR JUDGING**-Showmanship judging is based on preparation of animals for show, their apparent training and the appearance and behavior of the showman. Minor technical points are not to be over-emphasized, nor do minor infractions disqualify. Primarily in showmanship it is the skill of the showman in presenting the animal before the judge that counts, while individual excellence of the animal does not.
5. **EXHIBITOR DRESS CODE**-See rule R, General Animal Rules.
6. **LIVESTOCK GROOMING RULE**-See rule M, Livestock/Animal General Rules.
7. **EXHIBITOR NUMBERS**-To allow for easy and rapid identification, all exhibitor numbers shall be pinned on the back of the exhibitor in the area of the shoulder blades.
8. **MARKET AND BREEDING SHOWMANSHIP**-Exhibitors may compete in both market and breeding showmanship for the same animal species (i.e. market beef and breeding beef showmanship). Exhibitors must pre-enter showmanship. Exhibitors must show their own animal.
9. **DISQUALIFICATION**-The division superintendents may disqualify any 4-H'er from showmanship for any violation of rules or unsportsmanlike conduct.
10. **LIVESTOCK SHOWMANSHIP AGES**-
  - **Junior-Ages 8-10**
  - **Intermediate-Ages 11-13**
  - **Senior-Ages 14-18**

**Class 901 Heifer Calf** Calved Jan 1-May 31 of current year.

### **—Cow/Calf Pair—**

## **Division 24**

**Class 900 Cow/Calf Pair** Any Breed

This class is designed to be an extension of the breeding heifer project.

There are 2 Options for this Exhibit:

1. Once a heifer has been shown at the county fair, she is eligible to be shown by the same exhibitor in the Cow/Calf class at subsequent fairs. The heifer must be identified on form 2-07-75 at the County Extension Office by June 1 using an ear tattoo or family herd tag.
2. A purchased Cow/Calf Pair may be exhibited by the 4-H'er providing the 4-H'er is enrolled in the Breeding Beef Project and the cow is identified on form 2-07-75 at the County Extension Office by June 1 using an ear tattoo or family herd tag.

The cow in this class will be shown in a natural state, without clipping or washing. The calf may be clipped and groomed. The Cow/Calf winner will be determined by the confirmation, quality and mothering ability of the cow in addition to the conformation and quality of the calf.

**NUMBER OF BREEDING BEEF THAT CAN BE SHOWN:** Three (3) Breeding Beef *(Divisions 23 & 24 combined)*

### **—Feeder Calf—**

Calves to be exhibited in this division must be identified and recorded with the County Extension Office on or before June 1.

### **General Instructions: Swine**

1. GENERAL RULES-All general livestock rules (listed at the beginning of this department) apply.
2. SWINE IDENTIFICATION-Official 4-H ownership affidavits (4HF107) will be considered the official list of eligible hogs. Entries that do not match hogs on the affidavit will be disqualified without exception. The universal ear notch system with notches in both ears is required. All market swine must have been notched and identified by the due date determined by the Extension Office to be eligible to show at county fair (they may also have tags, but tags are not required).
3. DRESS CODE-Will be as required in Section R of Livestock/Animal General Rules.
4. GROOMING-See Livestock/Animal General Rules. Additionally—Swine must be shown without hairdressing compounds. This includes oil, powder, or any other coat dressing compounds considered objectionable by the packer.
5. ENTRIES-Entries are due as indicated by your county extension office. Designation of a specific hog is not required prior to the fair.
6. DISQUALIFICATION-Exhibitors shall not add materials, natural or synthetic, which extend body shapes beyond normal limits. These animals will be disqualified from competition. Additionally, animals showing signs of illegal drenching, injections, etc. will be disqualified from competition
7. QUALITY ASSURANCE CERTIFICATION-Exhibitors must have received Quality Assurance training or testing through a UNL Extension program prior to the fair. **General Instructions: Poultry Showmanship**

1. ELIGIBILITY-Any 4-H'er with a bird may enter the competition.
2. ELIGIBLE POULTRY-The participant may use any bird they choose, so long as it was raised and trained by the 4-H'er. Showmanship class must be entered with advance entry.
3. BASIS FOR JUDGING-Showmanship is based on grooming and training of the bird and the appearance and behavior of the exhibitor. The exhibitor must vocally explain the steps in their routine and the merit of the bird. Primarily showmanship is the skill of the exhibitor in presenting and explaining the bird before the judge. The excellence of the bird is not considered in scoring.
4. TIME LIMIT-There will be a four minute time limit to complete the showmanship presentation. Exhibitors will be timed.
5. JUDGES-The judges may or may not ask questions of the exhibitor at the close of the routine.

Information on the basis of judging poultry showmanship is found in Nebraska Cooperative Extension 4-H 191.

### **General Instructions: Rabbit**

1. GENERAL RULES-General Livestock Rules apply to this department.
2. QUALITY ASSURANCE-Quality assurance certification is required prior to the fair for market rabbits (Division 80—Classes 002, 003 and 004).
3. IDENTIFICATION-All rabbits except fryers must have permanent ID numbers or names tattooed in their ear with a pin tattoo pliers and tattoo ink (permanent marker numbers written in the ears of the rabbits are NOT permanent ID numbers).
4. OWNERSHIP-Ownership must have been certified on official 4-H ownership affidavits (4HF103) by the due date determined by the Extension Office to be eligible to show at county fair.
5. ID NUMBERS or names along with class information must be supplied to superintendent at time of entry. Showmanship entry animals must be ID'd also.
6. TATTOOS-All animals will be physically checked for tattoos during entry. Tattoos and class information must match the information found on the 4-H Affidavit form. Rabbits whose tattoos are not readable or do not match the 4-H Affidavit will not be allowed to show. Tattoos that have faded or are no longer readable should be re-done prior to fair.
7. DRESS CODE-Will be as required in Section R of Livestock/Animal General Rules.
8. **If Participation is low in a class, classes may be combined together.**

**Number of Entries** - A 4-H member may exhibit a maximum of six rabbit exhibits with no more than **two** in any class.

(EXAMPLE: A meat pen would be classified as one exhibit so an exhibitor could exhibit in excess of six rabbits with an exhibit possibly being more than one rabbit.)
