

## MAGNIFICENT MAGNETS

### ACTIVITY

# Magnet Fun!

~ Set out items that are magnetic and not magnetic along with a magnet and two boxes (or other container) one labeled with magnet. Let the children sort out which items are magnetic and not magnetic.

~Take magnifying glasses outside and allow children to observe objects they find outside with them.

~Painting with magnets:  
You will need paint, box, magnets, paper, and metal object.  
Put a piece of paper in the box and put a few drops of thinned paint around the paper. Now place a metal object on the paper and move a magnet across the underside of the box.
