Big Red Camps Offer Many Study Programs

Next Fall, when your friends ask you what you did during the summer, you can say . . .

"I made an edible chocolate flower"

"I directed my own film."

"I ran my own business."

"I worked with animals."

"I taught with technology."

"I learned how to feed the world."

"I found new friends."

"I explored a new major."

"I discovered a new career."

The 2012 Big Red Summer Academic preliminary camp offerings include:

- 3D Animation and Virtual World Creation
- Animal Science
- Crops
- Culinary Arts and Food Science
- Education
- Entrepreneurship
- Filmmaking
- Geology and Paleontology
- Textile Design
- Unicameral Youth Legislature
- Veterinary Science

These are just a few of the options available to you at the 2012 BIG RED ACADEMIC CAMPS to be held this June. These career exploration camps, for youth entering grades 10-12 for fall 2012, are a chance for you to explore the UNL campus, meet people from across the country, spend time investigating an interest or potential career and have lots of fun.

2012 BIG RED ACADEMIC CAMPS will be hosted by Nebraska 4-H and UNL faculty members in various academic areas across campus. After spending several fun-filled days exploring a specific topic like filmmaking or environment, we'll invite your family to join you for a special "capstone event" where you can showcase your work.

More information about next summer's Big Red Summer Academic Camps, scheduled for June 10-15, 2012, can be found at <http://bigredcamps.unl.edu/>.
