Eastern Redcedar Utilization Demonstration Day

Thursday, December 8, 2011

Santee Sioux Reservation

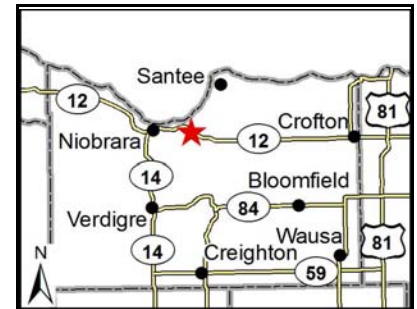

(5.5 miles east of Niobrara, Nebraska)

9:30 a.m. - No Cost

The Nebraska Forest Service will host a demonstration day focusing on equipment that can be used to utilize eastern redcedar trees. Landowners, processors, and the general public are invited to attend.

Agenda

- | | |
|------------|--|
| 9:30 a.m. | Meeting & Registration at Ohiya Casino Parking Lot |
| 10:00 a.m. | Travel to Santee Sioux Tribe Field Site |
| 10:15 a.m. | Demonstration, Part 1 |
| 12:00 noon | Lunch (not provided but available at Ohiya Casino) |
| 1:30 p.m. | Demonstration, Part 2 |
| 2:00 p.m. | Demonstration, Part 3 |

Topics of the demonstration will include the economics of utilizing red cedar, the value to the landowner, how it's harvested and the value of products delivered to a wood-using facility.

Equipment (pictured below) like a Tiger Cat 720 feller-buncher, post peeler, and Propac stroke delimeter will be on site to demonstrate how to utilize redcedar trees effectively.

To register contact Steve Rasmussen, District Forester, at 402-375-0101 or email srasmussen2@unl.edu. For severe weather updates call 402-375-3310.

Sponsors: Santee Sioux Tribe, Frankie Thomas Logging, Bureau of Indian Affairs, Winnebago Agency, American Wood Fiber, Nebraska Forest Service, University of Nebraska-Lincoln
