2018 Master Gardener Connections

Class Schedule

All programs will be held from
6:30-9:00 p.m. CST.

**February 6: CHOW: SNAP-ED & EMG Programs:
Teaming up with Community Gardens**

– Does your program help with a community garden? Does your program garden help to support local food banks? Join Morgan to see if your EMG program can be a CHOW garden.

– Presented by Morgan Hartlin, Extension Educator SNAP-Ed

February 13: Rots and Spots – What are these black spots on my apple tree leaves? What is this weird mushy thing growing in my mulch? Kyle talks about biotic and abiotic issues in landscape systems using good IPM practices.

– Presented by Kyle Broderick, Extension Educator Plant and Pest Diagnostic Clinic

February 20: Vegetable Gardening – Nothing is better than a tomato fresh from the garden! John will explain site selection, soil prep, and mulch for a successful vegetable garden.

– Presented by John Porter, Extension Educator, Urban Agriculture Program Coordinator

February 27: Wildlife Management – What has been chewing on my peach tree? How do I get rid of the rabbits in my garden? Dennis will illustrate wildlife damage, explain common wildlife biology in Nebraska, and explain proper IPM practices for wildlife control in your landscape.

– Presented by Dennis Ferraro, Professor of Practice UNL Herpetology

March 6: Extending Your Gardening Season – Would you like to serve fresh salad greens on your Thanksgiving dinner table? Want to have the first tomato on the block? Tim will provide information on various forms of garden season extenders.

– Presented by Tim Dungan, Agronomy and Horticulture Graduate Student

March 13: Landscape Management – The landscape is a complex system with multiple components. Kim and Terri will talk about the art of science of managing all aspects of your landscape including: environment, climate, soil, critters, plants, turf, and much more.

– Presented by Kim Todd, Extension Landscape Specialist and Terri James, Extension Educator State EMG Program Coordinator

Landscape Management

Those wishing to become Master Gardeners will need to pay a one-time initial training fee of \$100. The fee includes The Master Gardener Handbook and trainings. Those attending training sessions without intending to become a Master Gardener do not need to pay the initial training fee. For non-Master Gardeners, there will be a charge of \$5 per person for each training session attended. All six training sessions can be attended for \$25. Payment will be collected at the training session. Make check payable to NE Nebraska Master Gardeners.
