4-H BUCKET CALF PROJECT

PURPOSE:

To provide greater consistency in judging while improving the educational impact of the project. New record book will help teach proper health care and nutritional requirements of young cattle, basic beef management skills without a large investment, basic record-keeping skills, and provide a better understanding of the feeder cattle industry.

GUIDELINES:

1. A Bucket Calf is an orphan or newborn calf; male or female; dairy, beef, or cross; fed on bucket or bottle. No nursing permitted. Select and/or purchase a calf born between January 1 and June 1 of current project year within two weeks of birth. Calf Sources - Feedlots, dairies, sale barn, neighbor, calving cull cows.
2. Exhibitors can be ages 8-18 (by January 1); must be enrolled in the Bucket Calf Project; and have completed the annual Livestock Quality Assurance class.
3. Exhibitors will need to complete the Bucket Calf Record Book (available online at: <http://extension.unl.edu/statewide/dawes/4h/>). This should be completed and turned in to the Extension Office by July 25 to allow the judge time to read and prepare for interviews.
4. 4-H'er should develop management and marketing plan with parent, leader or banker.
5. Identification - Bucket Calf should carry an official 4-H ear tag and be identified on a 4-H affidavit with signed form turned into the Extension Office by June 1. Member may identify more animals but will be limited to one calf for exhibit at the fair.
6. Exhibitors will sign up for interview times when submitting their completed record book. Interviews will be held on Thursday, August 4, 3:00 - 5:00 pm. Calves will be shown at halter. Clipping is optional.
7. Calves will be presented to the public on Friday, August 5, for presentation of awards. All judging will have been done prior to that time.
8. Bucket Calves will be dismissed immediately following the award presentations.
9. Bucket Calves are eligible for Beef or Dairy Showmanship by all age divisions.
10. Judging - Because this is a learning project the quality and condition of the animal is only 15%. The Bucket Calf Project will be judged according to the following score card:

• Evaluation of a completed record	35%
• Evaluation of member's knowledge by interview	35%
• Quality and condition of animal	15%
• Evidence of training and showing	15%

INTERVIEW:

The interview might include such questions as:

- Where and when did you obtain your calf? Was there a cost involved, and how did you finance?
- How old was the calf when you received it? How old is it now?
- What health problems did you have with the calf?
- What did you feed the calf the first day at home?
- How did you prepare the calf for moving?
- What is colostrum, and did you feed any to your calf?
- What was your milk feeding program? How long did you milk feed?
- When did you start giving the calf solid feed? How often did you change the ration?
- Did you feed any antibiotics?
- What is in a milk replacer?
- Did you warm your milk and how warm?
- What kind of housing did you have for your calf?
- What are some management practices that you conducted - i.e., castrate, vaccinate and trim feet? How did you do these?
- When did you start training your calf?
- Do you plan to make a profit on your calf?
- What are your plans for your calf after the fair?
- What have you enjoyed most in working with your calf?
